

# Hendricken efforts gain momentum

By Carolyn Ryan

Kim Hendricken's drive to raise funds for her year in "Up With People" is billowing.

The second-year Math major at U.P.E.I. needs between \$10,000 and \$11,000 to cover expenses during the twelve month stint in the international troupe of "good will ambassadors," singers, and dancers.

So far, she has only \$2,000; but the next few weeks will be busy in the money-making department.

The University of Prince Edward Island and the Cafeteria are hosting a fund-raising dinner on March 24 at 7:30 p.m.

Cafeteria staff are donating their time and the University is funding the food.

The dinner is a formal, four-course, \$12 a plate affair with all the stops pulled out.

Seventy seats are available with a planned menu of fruit cocktail, Romaine salad, prime rib of beef, green beans almondine, whole baby carrots, fondant potato, and Baked Alaska.

A bar service will begin at 7 p.m. and continue throughout the meal.

In addition, on March 29 the Engineers are holding one of their notorious pubs and donating all the proceeds to Kim.

They'll be publicizing that as well.

And on March 4, the UPEISU Council gave her the use of the second floor of its

building for a fund-raising event, following a typically spirited "Kim Hendricken presentation."

Kim is leaving for Arizona and the start of her experience in early July; and she would like to have the entire amount of money by then.

Technically, the money is not due until November; but fund raising will probably

stop after she leaves the Island.

Other groups are helping too.

This Saturday, 43 women from her home area of Mount Stewart are having a huge bake sale for her.

On March 18, a variety concert is planned in St. Theresa; and on March 30, the community of St. Theresa is having a card play as well.

## Registrar and prof need help

Over the past few months several people have inquired about the possibility of updating procedures in use throughout the University and compiling them in one manual. The nature of the task suggests the involvement of the University Secretary.

Prof. Gerry Perry has very kindly agreed to help.

We have discussed what may be involved and are using this memorandum to inform you that the collection of existing procedures, both written and established through practice, will pro-

ceed over the next few months.

To this end, we shall be in touch with many individuals and bodies requesting copies of current procedures. We hope to cover as wide a spectrum as possible, and to date have discovered 70 areas where procedures of some sort are in use.

Our intention is to review these, consult as widely as possible regarding their use, and make recommendations to the parent body, e.g., Board, Senate.

Recommendations may range from "Leave as is" to

"Suggest major review." We shall not attempt to re-write any procedures ourselves.

On conclusion, if we're still around, we shall attempt to have the approved policies published, probably in manual format, and recommend distribution, e.g., President, Director of Administration, Deans, Library.

We solicit your cooperation and would be pleased to discuss the delightful aspects and intrinsic rewards of this task with anyone who may be interested in volunteering to assist.
