EGYPTIAN TONGUE

Arabic is the main language of Egypt, with French and English secondary languages in Urban Areas.

Everywhere one goes nowadays people, such as the beautiful model above, seem to be talking about a new chlorophyll tablet named Voids. It seems this Voids tablet is swallowed just as any other tablet and within two hours it stops all trace of perspiration odor and bad breath; this means we can now throw away all the messy creams, sprays, powders and strong soaps we've been using for effective purpose. One Voids tablet is effective for 18 hours or more. Voids should prove a real blessing to people who are troubled with foot, scalp and menstrual odors. Another terrific point in favor of these tablets is the fact that by chewing one instead of swallowing it, it immediately neutralizes all traces of the odor of alcohol, onions, garlic, spices and tobacco. Voids are sold chiefly in drug stores but the trick is to find one that isn't sold out.

Glenaladale Home And School

The monthly meeting of the Glenaladale Home and School Association was held in the classroom March 12, with an attendance of twenty-six members.

The meeting opened with prayer led by the honorary president, Rev. K. C. MacPherson.

The president in her opening remarks welcomed all parents and visitors to the meeting. She also expressed appreciation to Father MacPherson for his generous cooperation in all the activities of the home and school, also thanks to the past president, Mrs. Fitzpatrick, for the success of the Dental Clinic.

Congratulations were extended to the Sisters and pupils on the honours they attained in the recent provincial contests.

The president also expressed sympathy to members who had suffered recent bereavements.

The minutes of the last meeting were read and approved. Plans were made for a lottery to augment the fund. It was suggested that some shrubs be purchased for the school grounds. Plans were also made for the showing of a film in the near future.

In introducing the guest speaker, Reverend William Simpson, the president referred to the fact that it was due to his zeal and foresight that the home and school was organized in our district.

Father Simpson in his address stated that education in the proper sense of the word is the preparation of man for a life that would ultimately lead him to his true destiny—God. He referred to the false ideals of many educators at the present time. The three societies responsible for the education of the child are the family, the church, and the state.

True education is not the accumulation of book knowledge, but a way of life.

Father Simpson deplored the rural areas of young people from the rural areas to the urban centres.

The aim of our schools should be the cultivation of a rural culture. Due to the economic conditions and the lack of leisure time the people in rural areas cannot enjoy the worth-while things of life.

A vote of thanks, moved by Basil MacDonald and seconded by Mrs. W. F. MacDonald, was presented to the guest speaker by the president, who also added her personal words of appreciation.

Posters, which had been made by the children, were on display and were judged by Father MacPherson and Father Simpson. The prize winners were: Mildred Mullen, George MacDonald, Marion Smith, Reggie McKenna, Freda MacQuillan, and Paddy Smith.

The prize winners of an essay contest, which had been previously held, were likewise announced. The winners were: Reggie MacDonald, Phyllis Mullen, and George MacDonald.

As a feature of the next meeting, Sister Maria Joseph will demonstrate the teaching of Primary English.

The meeting then adjourned with the singing of the National Anthem.

OYSTER BED BRIDGE

The monthly meeting of the Oyster Bed Bridge, Women's Institute met at the home of Mrs. Russel Smith on March 6th.

The president, Mrs. Howard Carr, opened the meeting. The Club Women's Creed was read in unison. Roll Call was answered by eight members and two new members were welcomed.

The minutes of the previous meeting were read, approved and signed.
