

Barbara Brent's BUYS AND WHYS

MONTREAL, August 27th—Because summertime is no time to spend indoors, cleaning, I'd like to give you a warm-weather tip on the *quintessential* cleaner I know. S.O.S. Scouring Pads! You know what a beautiful job they do on your pots and pans. Well, put them to work in other parts of your house and I know you'll be amazed. S.O.S. cleans porcelain basins and tubs in a jiffy — removes stubborn stains from ash-trays. Use it for everything that's in the bathroom — tile, porcelain, chrome. It's a good worker, and no wonder. You see, it's a combination of sturdy, interwoven fibres and grease-dissolving soap. Just try it and see!

If Your Husband is like most I know, he likes his white shirts white. So next washday, be sure to use Blue. Yes, Blue does the best job of all in keeping clothes from turning yellow. We all know you have to rinse the wash to get the clothes really clean — then simply put a dash of Blue in the water to get them really white. Blue is kind to the finest fabrics — you're not taking chances when you use it. What's more, it costs just a few pennies a month. And just wait till you see the glorious results! Hubby's shirts, your sheets and towels and precious white linen . . . all as white as can be! Yes, for the whitest wash, use RECKITT'S BLUE.

After The Dance Is Over, do your feet hurt so much you say you'll never dance again? Then here's wonderful news for you! It's Phenylum — the new wonder-working ingredient in BLUE-JAY Corn Plasters. Phenylum gets right down under your corn and helps push it out from underneath . . . the first really new medication for corns and calluses in over seventy years! In actual tests, Phenylum went to work 33% faster and worked 35% more surely than other leading remedies. Easy to see why folks with bothersome feet say it's the best news in years. And I'm sure you'll agree, once you've tried Blue-Jays with Phenylum. Ask for them at your favourite drug counter today.

Is This Your First Time for putting up pickles? Whether you're just a "beginner" or have been pickling for years, here's a booklet that you'll find invaluable. A free booklet called "Pickling Success", with twenty-four marvelous recipes plus hints on successful pickling. It's written for you by the folks at Heinz, the firm who made pickles famous. When you buy your thrifty gallon jug of HEINZ WHITE VINEGAR for pickling, you should find this booklet attached to the jug. But if it isn't, simply write to me—Barbara Brent, 1411 Crescent St., Montreal, P.Q. — for your free copy.

One Hot Dish with every meal is "my rule" for good summertime eating. And the experts agree! Well, the family agrees that their favourite "hot dish" for breakfast is "CREAM OF WHEAT". What a delicious way to start a busy summer day! A good hearty breakfast of hot "Cream of Wheat" gives you enough quick-starting food energy to last right up to lunch time. Gives you iron for good red blood, and calcium and phosphorus for diets deficient in those elements. Lots of folks add tasty toppings to their "Cream of Wheat" — a bit of golden honey, for instance. Remember, don't "skim" on your summertime breakfasts. The folks need the extra nourishment they get with tempting "Cream of Wheat"!

Looking Forward To a "full house" over Labour Day week — and here's something you should have for comfortable, relaxed entertaining. NEW INSTANT CHASE & SANBORN COFFEE. It's 100% real coffee. It's made by a new process that keeps the flavour and aroma of freshly ground coffee. Yes, even the very colour and texture is the same. But there's that wonderful "instant" convenience that you like so well. New Instant Chase & Sanborn Coffee dissolves like magic in hot or cold water. And it's very economical. It saves me up to 40¢ a pound compared with regular coffee! Try it — I know you'll want to make it your regular coffee!

Modern Etiquette

Q. Is it considered good form to use a handkerchief at the table?

A. If really necessary, one should not hesitate to use the handkerchief. But it should be used as inconspicuously as possible.

Q. What would be an appropriate toast for a guest to offer to his host?

A. "To a real friend, a royal entertainer, a sterling companion, and a regular fellow — our host."

Q. Are correspondence cards in good taste?

A. Yes; they are very popular and in good taste for the short, informal kind of note. It is becoming more and more customary for men and women to use these cards. However, they should not be used for strictly formal correspondence.

ELLEN'S DIARY

ary to this era of farming and considering it we wondered if it one day pass as has the once familiar coach-house, the well or pump-house, the boiler and earthy root-house and the mill-house now gone on these and many another island farm? Gone with the candle-snuffers and boot-jacks, the demi-johns, the earthen jars and iron kettles and half a hundred other every-day necessities of those now quaint yesteryears.

And somewhere in this neighborhood a lad sank teeth into the mellow sweet of a harvest apple . . .

and smiled — and a housewife made apple sauce from those of the same tree for her household. And somewhere in the community a binder made harvest and its passing stoops presently appeared in an orderly pattern; somewhere potatoes were turned white and clean from their rows and we saw a family, in a foretaste of autumn, busy at the picking . . . And after an absence, again the weather forecasts mention word of "frost in the hollows" as in ever-shortening days the summer wanes. But these all blue and gold, sun-kist and pleasantly warm, nights balmily cool make for us August's best of weather.

Until tomorrow — Diary — Good-night . . .
