FOR SALE—BED, SPRING AND mattress, wardrobe, high-back white enamel sink. Apply 30 Victoria Avenue, Phone 1892-3.

Seeding Retarded In Prairie Provinces

WINNIPEG, May 25—Cool backward weather, accompanied by widespread rainfall and snow at a number of points, has retarded spring seeding in the three prairie provinces. Warm weather is required in practically all areas to permit seeding progress within the normal dates of seeding, according to the weekly crop report of the Department of Agriculture of the Canadian National Railways.

Little headway has been made in Manitoba to date. The flood in the Red River Valley will seriously curtail seeding of all crops in that section, with a \$20,000,000 crop loss estimated for the current season. Other points in Southern Manitoba indicate a possible wheat decrease of 10 per cent to 15 per cent, with possible increase in oats, barley and flax.

Seeding in these sections will not be general until May 24th. Weather was cool in Northern Manitoba, with practically all sections having light rains or showers. Little seeding has been done, but with warmer weather, it should be general early next week. Moisture conditions are good except at Minot and Swan River where conditions are fair to good.

In Saskatchewan

In Southeastern and Eastern Saskatchewan seeding commenced

Male Help Wanted

WANTED—EXPERIENCED Painter. Apply J. C. Weatherbie, 51 Spring Park Road.

WANTED—MAN FOR FARM work. S. S. McKinley, Frenchfort.

WANTED—MAN AND WIFE to keep house and take care of elderly lady. Free rent and heat. No objection to one half grown child. Write to Box No. 242, Guardian.

about May 15th, but backward weather has permitted little progress. From 5 to 30 per cent of wheat seeding is completed, depending on location. Moisture conditions generally are good in this area, with snow and rain occurring in recent days. Grasshoppers hatching is delayed, but heavy infestations are expected over a large area of Saskatchewan. Wheat seeding in Central Saskatchewan is 25 per cent completed. Surface moisture is generally satisfactory for germination. But little reserve moisture is available and crop prospects will be dependent upon timely rains during the growing season. Conditions in most areas are considered favorable for the present, with the exception of the very late seeding.

Seeding is progressing satisfactorily in Northern Saskatchewan, varying from 25 per cent in eastern territory to 80 per cent in western sections. A start has also been made on coarse grains in this area, and early sown wheat is showing above ground at a few points. Warm weather is required over this division and rains will be required in the western sections upon completion of seeding.

Late Season

East and northeast of Calgary wheat seeding varies from 10 per cent to 80 per cent completed, the season being from 10 days to three weeks late. Moisture conditions are generally below normal and good rains will be required to ensure even germination. Heavy rains occurred in the east end of the Oyen Sub Division, with seeding five to 75 per cent completed. Weather generally has been cloudy, cool and windy. The moisture situation in the Red Deer sub division is very acute. From Edmonton East, seeding varies from 30 per cent to 70 per cent completed with most points reporting both surface and subsoil moisture deteriorating rapidly. High winds and dust storms have caused some drifting between Biggar and Wainwright but damage is not yet ascertainable.

Thirty five per cent of wheat and 15 per cent of barley grains have been sown in the Athabasca subdivision, where weather has continued cold and the top soil is getting dry. Rains and warm weather will soon be required in this area.

Peace River Area

Scattered showers occurred in the Peace River where weather previously has been warm and dry. Seeding is getting with 30 per cent wheat completed and seeding of coarse grains commenced. Moisture is fair and subsoil moisture good. With warm weather, there should be early germination.

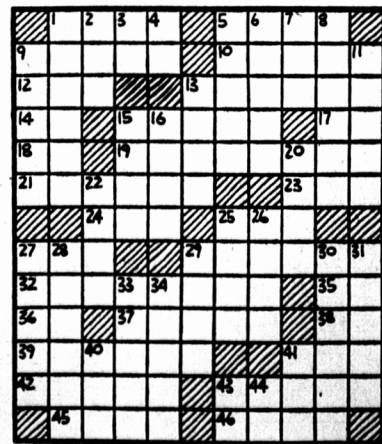

Weather was warm in the Okanagan where creeks are rising but are not yet up to flood stage. There will be no cherries, apricots or peaches at Kelowna or North, while between Penticton and Osoyoos cherries will be 25 per cent, apricots 10 per cent and peaches 15 per cent crops. On the whole territory plums and prunes promise an 80 per cent crop while crab apples should be normal.

SHOW GOES ON

BRIDGEWATER, Surrey, England—(CP)—Charles Heal, 71-year-old showman, for years gave Bridgewater children free rides on the opening night of his fair. Recently 2,000 children shrieked and laughed on the swings and roundabouts but Heal had died of heart disease before the show opened.

TENDERS FOR COAL AND COKE Federal Buildings—Maritime Provinces

SEALED TENDERS addressed to the undersigned and endorsed "Tender for Coal for Maritime Provinces" will be received until 3 p.m. (E. D. S. T.), Thursday, June 15, 1950 for the supply of coal and coke for the Dominion Buildings in the Provinces of Nova Scotia, New Brunswick and Prince Edward Island. Specifications and forms of tender can be obtained from the Purchasing Agent, Department of Public Works, Ottawa, the Resident Architect at Halifax, N.S., and the Resident Architect at Saint John, N.B. Tenders should be made on the forms supplied by the Department and in accordance with departmental specifications and conditions attached thereto. Coal dealers' licence numbers must be given when tendering. The Department reserves the right to demand from any successful tenderer, before awarding the order, a security deposit in the form of a certified cheque on a chartered bank in Canada, made payable to the order of the Honourable the Minister of Public Works, equal to 10 per cent of the amount of the tender, or Bearer Bonds of the Dominion of Canada or of the Canadian National Railway Company and its constituent companies unconditionally guaranteed as to principal and interest by the Dominion of Canada, or the aforementioned bonds and a certified cheque if required to make up an odd amount. By order. ROBERT FORTIER, Acting Secretary. Department of Public Works, Ottawa, May 22, 1950.
