The chicken supper held in the Legion Hall, Mt. Stewart, on Wednesday night under the auspices of the Catholic Women's League of St. Andrew's Parish was an outstanding success. A huge crowd was in attendance and all were led in their praises of the magnificent supper tendered them. Island ladies are noted cooks but the ladies of this parish accept few as their equal when it comes to preparing a pleasing repast.

Mr. Urban MacDonald, formerly of the R. C. A. F. stationed at Calgary, Alberta, is at present enjoying a well-earned holiday at the home of his father, Mr. D. J. MacDonald, St. Andrews. Urban, one of our readers may recall was the subject of rather a lengthy article appearing in this column some months ago when the writer attempted to depict the rapid fire scenes which passed through Urban's mind during his first flight, after the pilot had informed them that engine trouble had developed and they were to prepare for a forced landing. Mr. MacDonald has now completed his service with the Airforce and it is not known for sure just what occupation he plans to follow from here on out.

Savage Harbour School took off on its annual flight, over the educational fields of the three R's on Monday, August 21, with some 22 passengers eager and hopeful for a pleasant and helpful journey. For three of the passengers it was their first flight into realms where everything isn't made of milk and honey. Shortly after the take-off the good ship was grounded for two days, some sort of engine trouble having developed, but on Thursday she soared again and all are now happy enjoying pleasing thoughts of a pleasant journey and a most successful landing.

Miss Frances Coffin, nurse-in-training at the Prince Edward Island Hospital, returned to her duties on August 30, after having a most enjoyable time during her annual vacation which she spent as guest of her parents, Mr. and Mrs. Wilfred Coffin, Savage Harbour.

Marilyn Bell, 16-year-old Toronto swim star (top) swims strongly alongside her rowboat, completing the last stretch of her 32-mile swim across lake Ontario. drawing to a close. It has not proven to be quite such a profitable one as was last season. The price was somewhat higher but there was not so many berries. All in all however, blueberries each year are the means of bringing much cash into many homes of this district.

Some eight boats are now engaged in fishing cod off Savage Harbour. Fair catches are reported and although none of the fishermen are making a fortune, yet all getting fair wages. Naturally when you write about fishing or fishermen at Savage Harbour the question comes up about the New Harbour. The only thing new about it perhaps it is the first and only man built boat harbour in the history of mankind that is practically absolutely free of water. As one fisherman expressed it "as a hard-earner it is a perfect example of a tennis court."

A most pleasant and enjoyable evening was spent at the home of Mr. and Mrs. Wilfred Coffin, Savage Harbour, when some 40 friends gathered there on Sunday evening. Music was furnished by Messrs. Harold Coffin and Roland Jay plus a good old-fashioned sing-song added much to the pleasure of all. Ice-cream and cake was served by the hostess and all who are acquainted with Mrs. Coffin appreciate her culinary ability and genial hospitality.

About 30 cars followed the remains from the Baptist Church, Charlottetown to the Little Sands cemetery where many people had gathered to await the funeral procession. The people who came to pay tribute to one they knew, and the many beautiful bouquets of flowers, spoke of esteem in which Mr. Keenan was held.
