THE CITY COUNCIL MEETING.

The regular monthly meeting of the City Council was held last evening. Mayor Dawson presided and Councillor McCarron was the only absentee.

After the transaction of routine business a letter was read from Mr. J. T. Mellish, barrister-at-law, claiming damages for John McKinnon, for injuries sustained by reason of a defective sidewalk. Laid on the table.

A GREAT MAGAZINE FEATURE.

The Ladies' Home Journal has secured what promises to be the great magazine feature of 1898. It is entitled "The Inner Experiences of a Cabinet Member's Wife." In a series of letters written by the wife of a Cabinet member to her sister at home are detailed her actual experiences in Washington, frankly and freely given. The letters were written without any intention of publication. They give intimate peeps behind the curtain of high official and social life under the search light as it has never been before presented. The President and highest officials of the land, with the most brilliant men of the Capital, are seen in the most familiar way. As these are all actual experiences the name of the writer is withheld. The letters will doubtless excite much shrewd guessing by readers and study of internal evidences to discover the secret. The "Experiences," which will be beautifully illustrated, begin in the December number and will continue for several months.
