the Chairman, who had some difficulty in maintaining order, in consequence of the excitement which prevailed. Chairmen and Secretaries at such meetings hold very unenviable positions The meeting closed after much cheering by Railroad and Anti Railroad men.

THE CENSUS.

The figures given by the *Patriot* and *Islander* do not agree, and those which we publish below differ from both. We thought it singular that the *Patriot* should have published them before any of the Government organs. It might have been better to have waited for the Official Report of the Government; but as this has not been done, we give the returns which, though not official, are the most reliable yet published:—

SHIPPING IN THE HARBOR.—At the present time there are in the Harbor,as fine a number and quality of Ships, as could be seen anywhere of equal population of Charlottetown. The first that claims attention for her beauty of style and size, is the barque *Moselle* She is 400 tons, and is classed 10 years A 1. She is one of the finest vessels ever built on this Island ; and plies regularly as a summer trader from here to London. The barque *Lelia Alice* is 309 tons, classed 8 years. She sails regularly as a Liverpool trader, and is a fine sailing vessel. The Brig *Argos* is 300 tons, and classed for 7 years. These three splendid vessels are owned by the firm of Peake Bros. & Co. The barque *Theresa*, is also in the harbor, having just arrived from Demerara with a cargo of molasses, sugar and rum, to Messrs. Owen & Welsh, by whom she is owned. The new barque *Dulcimer*, is also a splendid looking ship; she is owned by Hon. D. Davies. There are also three Brigantines—namely, the *Roma*. owned by Welsh & Owen; the *Cherub* owned by McLean & McDonald; and *Sabrina*, owned by Hon. J. C. Pope. The brig *Excel* owned by Captain Richards, is also in the harbor, making in all nine vessels belonging to Islanders, the equal of which are not in British North America.

We will be able to give the conclusion of the Trial, concerning the Pownal Wharf dispute, including the Speeches of Hon. Edward Palmer, E. J. Hodgson, Esq., and the decision of Judge Hensley in next *Examiner*. Until the evidence is published, we think it is premature to offer any opinions; and we believe moreover, that, when the matter is fully understood, the dispute will be settled by arbitration or compromise, and that Law Suits will not be desirable. If we understood the decision of Judge Hensley correctly he said that he gave judgment on the merits of the case, and the Chief Justice coincided with him. The City Council, however, before going on with any more Law Suits, would do well to consult the citizens, as we have reason to know that they have no desire to see the City plunged any further into debt, with an almost bankrupt Treasury. We intend to go into the state of the City Corporation affairs, very soon, and try and make some reforms. The dissatisfaction of the Citizens is very general, and it is about time that their views were ventilated.

If the statement of the Queen's Printer is correct about the depreciation of the debentures then the Government must have been egregiously ignorant of the state of the Colony's credit, or wilfully deceptive in not letting it be known in the Legislature. The *Islander* has placed them upon either horn of this dilemma. He should either "burn or turn."

The suggestion made by the *Examiner* that an Acadian gentleman,be appointed as a Commissioner of Small Debts at New Glasgow, has been taken into consideration. Marin J Blanchard, Esq., has been appointed ; this is creditable to the Government, as Mr. Blanchard, we believe, is not one of their supporters, but is well suited for the position.

THE last English mail brought to St. John the first instalment (£250) of the stakes in the match between the Renforth Champion English crew, and the Fulton crew of St. John.

The Canadian Steamers "Alhambra" and "Flamborough," with flour and general cargo, arrived yesterday.

The "Gulnare" left yesterday for Newfoundland.

THE ship *Star of the West*, of Newcastle, G. B., has been wrecked off Scatterie. Crew saved.

The Sacrament of Confirmation will be administered in St. Dunstan's Cathedral, on Sunday next.

Wednesday will be observed as a public Holiday.

THE Nova Scotia giantess takes forty yards of stuff for her dress.

WE learn by telegraph that another of the crew of the Brigt. *Athol*, lying at quarantine in Georgetown harbor, has taken the small-pox. The disease made its appearance yesterday (Thursday).—*Isl.*

LOT 19 IS TO BE FREE!

A meeting of the Tenants on Lot 19, called by the Hon. W. G. Strong. was held in the Schoolhouse at Kensington, for the purpose of considering the terms offered to that gentleman by the present proprietor for the sale of the Todd Estate.

Mr. Strong, in addressing the meeting, stated that within four days after taking his seat in the Legislative Council, and before the introduction of the Railway question, he made an entry in the order book to the effect that he would make the enquiry "what had the Government done towards purchasing Lot 19 ?" That he had waited on Mr. Hodgson to try to induce him to sell his Estate to the Government and after repeated interviews with that gentleman, he had ultimately consented to sell at Twenty shillings per acre and nothing less, and that he (Mr. S) had received from Mr. Hodgson a document containing the aforesaid offer, which he then submitted to the meeting

Messrs T. Townsend, W. Yeo, and others addressed the meeting. Mr Richard Cotton offered a resolution which passed unanimously and is as follows:—

Whereas, the Hon. W. G. Strong, M.L.C, has showed to this meeting that E. J. Hodgson, Esq., has offered to sell his Estate on Township No.19, for the sum of Twenty Shillings per acre, including all arrearages of rent secured by Notes of Hand, Judgment Bonds, or any other way.

Resolved, That in the absence of better terms being offered, that our representative, Hon. W. G. Strong, do get the Local Government to close the bargain through their agent the Land Commissioner, the cost of which to each tenant not to exceed the sum of Twenty Shillings per acre, including all working expenses.

Before parting three cheers were proposed for Hon. W. G. Strong, which were heartily given, and the meeting dispersed, hoping soon to enjoy the fee simple of their farms.

THOS. TOWNSEND, Sec'y.

Richmond, Lot 19, May 12th, 1871.

TO CORESPONDENTS.

"One of the insulted." It is against the rule which we explained last week, for us to publish matters referring to the names of individuals,unless over the proper name of the writer Even then we do so with great reluctance, as we like to see others avoid newspaper personalities as well as we strive to do ourselves. "Another householder," refers to the same matter as the above correspondent, but takes the other side. We should like to oblige such a good subscriber as you, but you will agree with us that an Editor should shew no favors in a matter of this kind. We will, however, publish both statements, over the proper signatures if the writers are willing. The Hon Mr. Beer's letter upon Road Steamers we will publish next week, as it contains some interesting statements upon the subject, which the *Examiner* was the first of the Island papers to bring before the public. "Another member" attended to. "Tomahawk." We do not wish to publish your letter as it would not *cut* the person who probably deserves it. The Editors of the publication referred to, we believe, did not see the squib and are too much of the gentleman to knowingly gratify the spleen of some silly *gentleman*.

LATE TELEGRAMS.

EUROPEAN.

Versailles, May 15.

The bombardment continues; several breaches have been made in the *enciente* of Paris. The Auteulle Gate is entirely destroyed.

Paris, May 15.

There is indubitable evidence that there is a widespread conspiracy in Paris for the overthrow of the Commune. The Gardens of the Luxembourg are closed to the public, and are occupied by the military in anticipation of a rising.

London, May 15.

French advices of to-day show no change of affairs. Yesterday a grand procession of women, headed by buglers and drummers, marched to the Hotel De Ville and demanded arms. A proclamation has been issued authorizing female battalions to be organized immediately to stimulate the men. All cowardly males are to be led to prison by females. The woman are to march against the Versaillists.

London, May 15.

Consols 93¾. Liverpool markets quiet.

London, May 15

In the House of Commons, Viscount Enfield said that the Government was not prepared to state the exact terms of the treaty of Washington. Mr. Disraeli, therefore, postponed his question in relation thereto. Gladstone promised to instantly submit it on its arrival. In the House of Lords, Lord Russel notified that he would move an address to the Queen against the ratification of the Alabama treaty, if the arbitrators are bound by rules other than the law of nations, and the English municipal laws.

London, May 18. Despatches from Paris last night stated that one hundred and fifty persons including several officers in the service of the Commune, were arrested on Tuesday at the American Restaurant for dining in a sumptuous and luxuriant style. Such proceedings being incompatable with the Spartan like simplicity decreed by the Commune—A cartridge factory in the Avenue Russe was blown up to-day. Loss of life was considerable, though as yet the exact number is unknown. The author of the act was immediately arrested—There was also an explosion near the Avenue de Trocadon on Tuesday night accompanied with fearful loss of life—about six hundred persons, most of whom were woman, having been killed or terribly mangled. Despatches from Versailles state that the rebels, on Tuesday night attempted to surprise the Government troops stationed at Neuilly. They were, however promptly met and driven back to Paris at the point of the bayonet, leaving many dead and wounded in the line of their retreat—Despatches from Berlin state that there was a stormy discussion in the Ruschrath yesterday relative to the right of members to enquire into the acts of the Government. The Liberals were unanimous and vehement in their demand that they should be permitted to make all enquiry they pleased.

The London *News* special this morning says a battle is hourly expected between the Communists and Versaillists. It is believed that the German Military Authorities are almost to forward their ultimatum to the Commune.

Paris, May 16. The Communists made a sortie last night in Bois de Boulogne, but were forced to retreat with a heavy loss. The Commune is to-day split into faction. Each one is at open war with the other. Column Vendome was levelled at six this evening, it fell lenghtways into Rue De La Paix. London, May 16. A telegram to-day says the Government troops entered Paris through the breaches at Porte Maillot and Auteuile. The entry of the troops at Port Du Jour is imminent. Paris returns a feeble fire. The sounds heard are similar to those of a street fight

The Berlin Royal Guards have been ordered to return from France, and make a triumphant entry into Berlin within a month.

London May 16. In the Commons O'Connor made a motion that it is inexpedient to continue in force the act in Ireland after date of its limitation. Martin, member for Meath denounced English tyranny in Ireland, and claimed right of self-Government for Irish. Garthorne Hardy and Chichester Fortesque, in consideration of the continued lawlessness in Ireland, opposed the motion. In the Lords, the bill making drafts and notes maturing on holiday and Sundays payable on the following day was read twice.

London, May 17. Despatches from Paris state that there was great excitement yesterday around the Vendome Column. Rotchford was present, and addressed the immense mob of excited citizens. After numerous attempts made by the gangs employed to do the demolition, the column at length fell, with a crash heard far above the cries and shouts of the mob It was shattered to pieces by the fall, which took place at twenty minutes past five. After the crash the place resounded with shouts of "Vive la Commune" and singing of the Marsailais Hymn. The mob treated the statue of the Emperor Napoleon with all sorts of indignities. Despatches from Versailles state that a delegation of Paris tradesmen have arrived at Versailles. They say that thousands of their class have been forced by the Red Republicans to fight against the Government. They demand fearful revenge for the losses and indignities inflicted upon them. They assert that in many instances the Government soldiers taken by the Rouges have been tortured to death as soon as they fell into the enemies hands. The opponents of Thiers charge him with delaying the assault on Paris. A despatch published here says that the Versailles troops patrol within a hundred metres of the ramparts.

London, May 18th. Evening. Disraeli again criticised the budget in the House of Commons last evening—It is impossible to ascertain the amount of damage done by the explosion in the Avenue De Trocadero—The number of lives lost is variously reported at from fifty to six hundred Another explosion occurred in the Avenue Rappe —The police authorities arrested every one dining at a fashionable restaurant the other day, on the ground that they were spending to much money—The Commune forces have been repulsed in three hard attacks on Neuilly. Every act of the Commune betokens a fear of the people, and a doubt of its power to keep the upper hand.. The Prussians having determined to give the government only four days more to quell the insurrection, Marshal MacMahon has asked their assistance, and they are throwing a bridge across the Seine.. Minister Washburne and other diplomatists have asked the protection of Prussia. There is a strong movement to overthrow Thiers in the Assembly, but it finds no favor with Pevy or MacMahon.. Gold closed in New York yesterday strong 112 1 8.. In London consols closed at 93 3-8.. Five-Twenties 1862 90 3-8: 10-40's 89.

London, May 19—Consols 93 1 2—Manchester markets dull.. Liverpool markets steady.. corn 34s. 9d.. The frigate *Galatea*, the Duke of Edinburgh commanding, has arrived from her trip around the world.. The Versaillists attacked Fort Montrouge yesterday, but reinforcements reached the garrison while fighting was in progress, and the attack was not only repulsed, but several cannon were captured by the Federals... An attack by Versaillist troops on the village of Vanvres was also repulsed and the Versaillists beaten in Bois de Boulogne, and before the Maillot gate, which has been destroyed.. The Committee of Public Safety officially declare the late terrible explosion was caused by agents of the Versailles Government.

UNITED STATES.

New York, May 16. Despatch to *Express* from Wasington, says the Senate Committee stand four in favor and three against ratification of treaty of Washington. The Senate to-day is in secret session, discussing the Washington treaty. It is generally believed it will pass without amendment.

Telegraph Rates.

IN answer to the Requisition from Merchants and Residents here, the New York, Newfoundland and London Telegraph Company have ordered a reduction of 25 cents on all messages of ten words from P. E. Island to and beyond Sackville. While desirous of meeting the views of the requisitionists, the directors wish it to be distinctly understood that the arrangement is merely an experiment, and that unless the increase in the number of messages warrants its continuance, it will cease at the end of three months, and former rates be re established.
