HE HAS HIS REVENGE.
Complaint has been made to the
Barrington, Vt., Board of Health, of a skunk
which has been about half
way between that place and North
Bennington, and about one hundred yards
from the village known as Paper Mill
village.

It was started by Marshall Legacy
in revenge for being obliged to move a pig
pen from the side of the main road early
in the season.

A pen has been built, enclosed with a
stone wall which has been sunk deep
enough into the ground that the animals
cannot dig out. The top of the pen is
covered with slats, and holes are placed
in the wall.

In this pen are confined 25 skunks
which Legacy is keeping to kill for their
hides and oil.

It is alleged that he frequently stirs
up the animals with a pole through one of
the holes in the fence, and the scent is
almost unbearable to the people of the
village.

Lawyers say that nothing can be done
as the nuisance is the requisite distance
from an occupied house, and the Board
of Health has no control over the matter.

Rose's Opinion.

FORGIVENESS, Dec. 3.—The letter of Dr. A.
G. McCormick, of Richmond, Que., testifying
to his complete and permanent cure
from Bright's Disease by Dodd's Kidney
Pills, has been read with much interest
here, supposing as it does the recent
letter of Dr. E. A. Rose, of this place, who
was cured of Diabetes by the use of these
pills. Of course no further corroboration
of the curative qualities of Dodd's Kidney
Pills was required other than the testimony
of Dr. Rose, but it is a satisfaction to
know that other medical men are able to
join the Dr. in testifying to the worth of
the pills from personal trial.

"MAKE HENS LAY."
Such is the caption of an advertisement
that appears not only in the local, but
many leading agricultural papers, and
which suggests the propriety of a few
thoughts upon the subject. It may be laid
down as a rule that most people indulge in
raising poultry not for the pleasure it
gives, but for the profit that is realized
from the same, which must come from
young chicks or eggs, and since the chicks
must come from the eggs, the real profit
may be traced to egg production, so the
advice given in these words is of vital con-
sequence to the poultry raiser. "The
advertisement referred to recommends
Sheridan's Condition Powder to make
make hens lay, and so do we," says Mr. A.
F. Hunter, poultry editor of Farm-Poultry.
A hen to lay profitably must be in perfect
health, must be in condition, and here is
laid the true theory of the value of
Sheridan's Condition Powder—it promotes
the general good health of the fowl, gently
quickening digestion, and stimulating all
the various organs of the body as well as
the ovaries, to perform their functions." At
this season of the year the use of Sheri-
dan's Condition Powder is very valuable
for laying hens and young pullets. By its
use now they will get to laying earlier when
the price for eggs is very high. I. S. John-
son & Co., Boston, Mass., the only makers
of Sheridan's Powder, will send for 50
cents two 25 cent packets, five packets for
\$1.00, or for \$1.20 one large two pound
can of Powder, postpaid; six cans \$5.00,
express prepaid. Sample copy of the best
poultry magazine free.

affairs of Armenia.

COP LIVER OIL has long been known to
the Medical Profession as perhaps the best
single remedy for CONSUMPTION and
other Wasting Diseases—but most sick or
ailing people have an unconquerable aver-
sion to it, in its crude state.

The Hypophosphites of Lime and Soda
are only second to Cop LIVER OIL in their
curative effects in the above complaints.
In PUTTNER'S EMULSION the Oil, while
retaining all its medical virtues, is com-
pletely disguised both in taste and odor,
so as to be agreeable to the most delicate
stomach, while its curative effect is en-
hanced one hundred per cent. by its
scientific association with the salts of
Phosphorus.

For sale by all Druggists at 50 cents a

Guilty or Not Guilty?
We plead NOT GUILTY to the charge of attempting

GUILTY, we believe, of having sold more Ranges

MOST GUILTY of selling the best and most satisfac-
tory Range ever offered to the people of P. E. Island.

P. S.—We take this opportunity to thank the friend
who so kindly interested himself in our behalf, by bring-
ing to the notice of the customers the fact of our selling
Ranges so cheap as to lay us under the suspicion of having
undervalued them; but we quite understand his mistake,
because he is evidently paying a great deal more for an
inferior article.
