In Memoriam
DINGWELL—In loving memory of Mr. Milton R. Dingwell, Bay Fortune, who passed away June 30th, 1944.
 In a graveyard softly sleeping
 Close beside a country road,
 Lies the one we love so dearly,
 Gone from us to his abode.
 Lovingly remembered by his wife.
BIRT—In loving memory of George Cecil Birt, who lost his life by drowning, June 28, 1951.
 Though his smile is gone forever,
 And his hand we cannot touch,
 We will never lose sweet memories
 Of the one we loved so much.
 God did call our dearest treasure
 To that land of peace and rest,
 But you'll never be forgotten.
 By the ones who loved you best.
 Always remembered by Father,
 Mother, Brothers and Sister.

CARD OF THANKS
 Rev. and Mrs. Norman Green and family wish to thank the people of the Covehead Church for their kindness in the past and their generous gifts on the occasion of their farewell services.

Rains Improve Crop Prospects In The Province
 OTTAWA (CP)—With minor exceptions rains during the last two weeks have materially improved crop prospects throughout the Prairie provinces, the bureau of statistics reported Wednesday.
 Warm Prairie weather, along with the rains has promoted growth on the Prairies, with cereal and special crops all making fine weather in Quebec enabled good progress.
 Farmers to complete seeding. While the season is about two weeks late, cereals now are germinating and growing well. Fruit trees have bloomed heavily and the berry season promises to be excellent.
 Cool, wet weather has continued in the Maritimes. Although seeding is practically completed crop development has been retarded. In Nova Scotia crop development is about two weeks late but promising. The set of apples in the Annapolis Valley is good. Potatoes and grain are generally good though sunshine would help in Prince Edward Island Nova Scotia.

Eskimo Nurse Finds Northland Too Cold Now
 MONTREAL (CP)—Ann Padlo, a 21-year-old Eskimo nurse who was born more than 300 miles north of the Arctic Circle, says she intends to work here because she doesn't like northern weather any more.
 "But, I'll be back soon as soon as I can," she said. She has been assigned to accompany 15 Eskimos returning to their northern homes after receiving treatment for various illnesses.
 "No one believed me when I told them I wanted to wear the white uniform of a nurse," she said, "everyone seemed to think an Eskimo isn't suited for such duties."
 She has served as a full time nurse at the Kateri Memorial Hospital at the nearby Indian reservation of Caughnawaga since her graduation from St. Joseph's Hospital in Hamilton, last January.

IMPORTANT PORT
 New York harbor handles about half of the United States' foreign trade in dollar value.
FIRST ROCKETS
 The first known use of rockets was in China in 1232 when defenders of Kaifeng shot self-propelled missiles at attackers.
