

A Feature for Every Friday

Among The Farmers

Federation Of Agriculture News

It's Later Than You Think

Haymaking is going to be early this year and those who have been putting up grass silage have been hard at work for the last week. Timothy has reached the stage of maturity where some risk may be attended in trying to make ensilage.

Heavy clover should be alright for some time to come. From one end of the Province to the other farmers are becoming interested in this new method of storing hay and a substantial number are going into the venture for the first time this year.

Hay is one of our most valuable crops and one of the most difficult to harvest properly. It is unfortunate that, usually, favourable haymaking weather does not coincide with the best time for putting up the highest quality of hay which should be early in July.

Veterinary Service Policy

Farmers are making extensive use of veterinary service now provided by the Doctors located at O'Leary, Summerside, Charlottetown and Montague. Reports indicate that the veterinarians have in many cases been busy day and night; this service fills a long felt want and will result in a great saving of valuable livestock and more profitable returns.

It is hoped that the four doctors will be introduced to those attending the semi-annual county Federation meetings.

Semi-Annual Meetings

Plans are practically finalized from the semi-annual Federation meetings to be held at O'Leary and Charlottetown. King's County farmers have already met at Murray River.

These county meetings provide many of our farmers with their only opportunity of contact with organization and departmental officials. Through the school Federation secretary and chairman the farmer has the opportunity of voicing his approval or disapproval of the work of the Federation and of taking part in suggesting policies which he feels to be desirable.

Industry and close attention to farm work is desirable but should not be carried to the point where the farmer feels that he is unable to devote a portion of his time to studying the broader problems that affect him as a member of one of the most important groups in this country.

Social contacts are developed at

meetings and ideas received. Plan now to take a half day off and attend your semi-annual meeting.

How Close Can We Get?

Our opinion is that the most valuable type of meeting, from the standpoint of strengthening the Federation and familiarizing the members with the work, is the small meeting in the school district where a Federation officer can discuss with the local members mutual problems.

What is ideal and what is practical are not always the same and the difficulty here is that with upwards of five hundred districts in the Province and the holding of meetings in each one is no small task.

However, districts that desire such a meeting should not be backward in contacting the office. Arrangements can usually be made to have a speaker in attendance.

In the past week such meetings were held at York Point and Lady Fane. Interest on the part of the members was gratifying and problems were discussed in a reasonable and intelligent manner.

How Long Is The Grass?

Many pastures due to rapid growth and possibly insufficient cattle are rapidly developing into hay. Such a pasture may look good but, in a few weeks will make poor grazing. The use of the mower with the bar set as high as possible will tend to promote a better growth and lengthen the pasture season.

Quality Counts

In recent years due to careful grading of cream and attention to quality on the part of producers, Prince Edward Island butter has attained uniformly high quality.

Now that butter must meet the competition of margarine it is more than ever important that quality be maintained. The farmer who ships poor cream not only receives less money but is directly jeopardizing the demand for butter.

It is good business to co-operate with the creamery and Departmental officials who are attempting to maintain and improve quality.

I. F. A. P. Conference

The report of the policy committee at the annual meeting of the I. F. A. P. in Mexico City put farmers on record in twenty-

Annual Convention, Region 12, Junior Chamber Commerce

Picture taken Friday, June 22, Charlottetown Hotel, before new election of officers.

- Front row, left to right:
1. Fred Pound, President Charlottetown Junior Chamber.
 2. John Morris, Past President of Charlottetown Chamber and General Chairman of Convention.
 3. George Henderson, assistant director to the International Jaycees.
 4. Mr. Lyman Purnell, President, Lancaster, N.B. Junior Chamber.

5. Mr. Thomas Fairbairn, National Vice-President.
6. Mr. L. G. Archibald, President, Region 12, Junior Chamber of Commerce of Canada.
7. Mr. Arnold Ferguson, Regional Vice-President for N. B.
8. Mr. L. G. DesBrisay, Past Vice-President, Junior Chamber of Commerce of Canada.
9. Mr. Robert Younker, Vice-President for P. E. I.
10. Mr. Norman Shipley, Regional Secretary.

SHOULD YOU NOT HAVE AN ADVERTISED TRUCKER IN YOUR VICINITY, TRUCKING WILL BE PAID TO ANY TRUCKER OR FARMER DELIVERING HIS OWN HOGS AT OUR STOCK PENS, RAILWAY WHARF, CHARLOTTETOWN.

Swift Canadian Co. Limited

Meeting At O'Leary

The semi-annual Federation meeting to take place at O'Leary on the afternoon of July 9th will deal with the business matter of the Organization.

In the evening W. R. Shaw will address a meeting open to the public on impressions gained in Europe while attending the I. F. A. P. Conference in 1950. Mr. Shaw's lectures are both entertaining and educational and all who can should not miss this opportunity.

Meeting In Charlottetown

The semi-annual meeting of the Queen's County Federation will take place at the Canadian Legion Hall, Grafton Street, Charlottetown, on the afternoon of Friday, July 6th. It is appropriate that this meeting coincide with Agriculture Day, Festive Week. Notices will appear in the press in due course and they will also be sent to all school district officers.

PARADISE FOR MINERS

MALTBY, Yorkshire, England - (CP) - The National Coal Board is urging Italians to settle in Britain and take jobs as miners. One of the first Italians to arrive wrote to his brother: "Come and be a miner; it's like paradise in England."
