TELEGRAPHIC NEWS.

The Dominion Exhibition.

[The following despatch was received last evening too late for insertion.]

HALIFAX, Sept 28.

The Island is leading in live stock, at the Dominion Exhibition. Mr. Henry Longworth's success as an exhibitor of cattle and sheep has been remarkable. He was awarded nine prizes. Mr. Boswall was also successful in carrying off three prizes for his exhibits of sheep. The Stock Farm got prizes in all sections in which it entered for competition, and Mr. George Tweedy's ram was awarded first prize.

Sixteen horses entered in the competition for the best stallion to breed horses for trotting, carriage, or road, four years old and upwards. In this class Wallace Rodd's Harry Morgan took first prize, Mr. McLeod's Blackfoot second, and Mr. Heustis' Iron Duke third.

In the class of horses to breed for trotting, carriage, and road, three years old and under, Mr. John Rodd's horse was awarded first prize and Mr. William Sinnett's (Morell) second.

The Stock Farm took first prize for best fat cow, and Henry Longworth, Esq., carried off three prizes. (See editorial correspondence.)

Miss Hayden's exhibit of lace was awarded first prize.

Mr. Hall's machines first prize, and Mr. R. E. Bagnall's meal first and Mr. Forbes' second.

The Island oats are pronounced the best, as is the barley; but the judges are not finished.

LATER.

PICTOU LANDING, Sept. 29.

The Island Exhibit at Halifax was a grand success. The exhibits carried off prizes in almost every section competed for, and leading prizes in grain, butter, cheese, meat, fish, pork, lard, as well as in machinery and live stock.

The Island horses and cattle are greatly admired.

Over eight thousand paid for admission to the Exhibition yesterday.

UNITED STATES.

NEW YORK, Sept. 27.

The fund for Mrs. Garfield has now reached $321,251.86.

CLEVELAND, Sept. 27.

Mrs. Garfield, her children and Grandma Garfield, Private Secretary Brown, General Swaim and Colonel Rockwell, left this morning on a special train for Mentor. The ladies were all heavily veiled. Crowds still linger about the Park, and so many are continually passing through the Pavilion that a force of police is necessary late, to-night, to prevent confusion and keep the spectators in line.

WASHINGTON, Sept. 27.

Messages of condolence continue to be received at the State Department.

LONG BRANCH, Sept. 27.

The county prosecutor has decided to file before the Grand Jury an indictment against Guiteau as a precautionary measure, so that if the Washington authorities deem it best to have the trial in New Jersey there shall be no gap left for the escape of Guiteau by legal quibble under the law of District Columbia.

COUNCIL BLUFFS, Iowa, Sept. 27.

At 5 o'clock last evening, at the close of the Garfield memorial exercises, the city shook to the centre by a terrific explosion. Investigation showed that on Saturday a carload of gunpowder, billed common blasting powder, reached here over the C. R. I. & P., billed to J. O. Reynolds, Denver, Col. The U. P. Co., however, refused to receive the dangerous freight and the car was returned to Rock Island yards, where it exploded with a fearful force. The concussion demolished the Company's round house, repair shops, brick and freight house, besides forty or fifty freight cars. It also dug a hole 15 deep and 45 in diameter. Shop windows in all parts of the city were shattered. Pieces of plastering were torn from houses and havoc was done in all directions. Large windows were broken by the concussion in Omaha, on the opposite side of the river and as far as the Missouri Valley, 20 miles north. The loss will reach hundreds of thousands of dollars.

LATER.—The explosion in this city, last evening, proves to have been more awful in its effects, and more disastrous than at first supposed. The scene presented on the grounds is simply beyond description. The round house is almost totally demolished; the car repair shops, 90 by 100 feet, are completely levelled; the freight house, 20 x 100 feet, is a total wreck and about 50 box cars, are blown to pieces. Four engines are buried in the ruins; four or five small frame residences, 600 rods south of the spot, were demolished and one occupant fatally injured. A rock weighing 400 lbs. was blown from the foundation of the roundhouse three quarters of a mile, and in falling sunk almost out of sight in the earth. Reports received to day, from towns 20 miles away, state that the shock was very plainly felt and in many places the people thought it an earthquake. Windows were broken in houses 12 miles from the city. The loss sustained by the Rock Island Company will probably be nearly half a million dollars.

SAN FRANCISCO, Sept. 27.

The whaling barque Legal Tender arrived from the Arctic Ocean yesterday, reports speaking the revenue cutter Corwin. She states the Corwin landed on Herald Island, explored it and subsequently the steamer made a landing at Wrangle Land and formally took possession of it in the name of the U. S. Captain Hooper ordered the exploration of Terry, but found no signs of human habitation. The country is desolate and sterile beyond description. No traces of the Jeannette were discovered. Additional relics of lost whalers were recovered from Indians near East Cape. The whaling barque Daniel Webster was wrecked near Point Barrow in July. The crew were saved except one man

A despatch from Phanishtown, San Mateo County, says the ship Halesburg, from New York, loaded with railroad iron for Oregon, struck a rock at Hovian's Beach, at midnight on Monday, and went to pieces. Of the crew of 24, nine men with the captain were drowned, and one boy is also lost.

DETROIT, Mich., Sept. 27.

A sleeping car on the Canada Southern Railway was thrown into the water, this morning, while the train was being transferred across the river from Amherstburg to Grosse Isle, by a collision with the transfer boat. Three passengers are reported missing.

RENO, Nev., Sept. 27.

At a meeting of the stockholders of the Nevada and Oregon Railroad, to-day, for the purpose of ousting some directors, pistols were used freely and two men were probably fatally injured.

SEDALIA, Mo., Sept. 27.

The residence of William Gibbons was burned yesterday morning, and four children, three to ten years old, perished in the flames.

EUROPEAN.

PARIS, Sept. 27.

A duel on account of a newspaper dispute has taken place on the Belgian frontier, between M. Farden Hickey, editor of *Tridoulet*, and M. Lyon, editor of *Gaulois*. Swords were used. The latter received a slight wound in the hand.

LONDON, Sept. 27.

Fathery Sheehy and four other "suspects" have been released from prison.

CHINA.

SAN FRANCISCO, Sept. 27.

Arrived, steamer Oceanic, from Hong Kong, via Yokohama :—

HONG KONG, Sept. 10.—The rising of Chinese against foreigners in Feo Chow was owing to the question of a missionary title. The mob was quelled by the native police. A British gunboat has proceeded there. Typhoons at Shanghai and Hong Kong caused serious damage to shipping there and at sea. The American Treaty has been published. The principal point is that Americans shall not have anything to do with the opium traffic. The treaty is very unpopular among American merchants in China. The Chinese are dissatisfied with it and vexed at the probable restriction on emigration, hence the withdrawal of Chinese students from America.
