WHICH IS THE

Cheapest and Best Dry Goods House

IN CHARLOTTETOWN?

Is a question frequently asked, and we believe the best solution of the problem is a careful comparison of the goods and the prices charged. In point of genuine value we claim to stand in the front rank, and respectfully invite a fair comparison. We wish also to intimate to our friends that, notwithstanding the effort put forth by our opponents to sell at a discount of 33 1/3 per cent, our sales this month have been larger than ever. This, alone convinces us that our prices are honest and that we are serving our customers well. We again ask you to look everywhere; but buy nowhere till you inspect
