perate than they were at present. He therefore thought the amendment uncalled for. The reason for granting store license was to prevent the necessity for parties going to the taverns, who did not wish to go there for their liquors. If quart license were established for pint license, the great majority of poor people would receive no benefit from the Bill whatever. He would, therefore, oppose the amendment. If the drinking of a pint of liquor was wrong, why would it be right to drink a quart of it. Poor people could pay four or five shillings for a pint of spirits when they could not pay ten shillings for a quart.

The Elections.

The Elections yesterday resulted in the return of Mr. Laird for Belfast and Mr. McEachen for Souris. The contest was carried on very energetically on both sides, and the wonder is that Mr. Duncan polled so many votes in such a strong anti railroad District. The Elections passed off quietly, so far as we have heard, notwithstanding the excitement of the struggle and the quantity of liquor consumed. The people of the City manifested a good deal of interest in the Election, and hoped to the last that Mr. Duncan would be elected. Under the circumstances, his acceptance of the Chairmanship having to run an election in the strongest anti-railroad District on the Island, was more chivalrous than wise. As we go to press we cannot get the exact figures but learn that Mr. Laird goes in with a majority of about 148, and Mr. McEachen with about 120.

THE following are the Returns for the Belfast District, as given at the close of the poll:—

	Duncan.	Laird.
Pownal (Lot 49)	154	140
Vernon River, (Lot 50)	153	143
Murray Harbor Road,	72	176
Eldon (Portage)	2 0	85
Belle Creek (Wood Islands)	50	232
Total.	629	777

Giving Mr. Laird a majority of 148.

SPECIAL DESPATCH TO "EXAMINER."

Georgetown, July 6, 1871.

The Elections in Souris District resulted yesterday in the return of McEachen, by a majority of 120 votes. At the close of the poll in the several polling divisions McEachen had in Rollo Bay, 141, Sullivan 200, in Souris, McEachen 260, Sullivan 147, in East Point, McEachen 117, Sullivan 51. Election passed off quietly.

THE COOKING MACHINE invented by Mr. J. G Cooey, which he has now on exhibition in the City Hotel, Ch'town, is well worth being examined. Mr. Cooey is about taking out a patent for it, on the Island, and there is no doubt as it saves time, labor, and expense, it will be generally introduced into the houses of the people. Mr. Cooey will show its utility in cooking, in saving food and fuel, to any person who may call during this week to see it, at the City Hotel.

COCKING DONE WITHOUT A STOVE.

Those wishing to see a new invention for Cooking would do well to call at the City Hotel, and see the great Cooking apparatus, where the Inventor would be glad to show its working to all who call. The Cooking is done on a table without the use of a Stove, and done better than can be done in any other way — all that is used is an oil lamp. There may be cooked in the apparatus at the same time Meat, Fowl, Fish, Vegetables of all kinds, Soup, Pudding, Bread Cake, Biscuit, Beefsteak Ham and Eggs, Buckwheat Cakes, Pork and Beans — all of which will be well done without the flavour of one being imparted to the other, — and all done with two quarts of water. When all is cooked there will be two quarts of good soup in the boiler.

This wonderful apparatus is now on exhibition at City Hotel. Call and see it.
