SNAPPED BY the photographer before last night's function for the Irish Ambassador to Canada at the Benevolent Irish Society rooms are Dr. J.P. Sweeney, Charlottetown, left, His Excellency William P. Fay, Irish ambassador to Canada, and Brady Smith, president of the Benevolent Irish Society.

Irish Ambassador To Canada Is Entertained By Society

The Benevolent Irish Society of Charlottetown paid honor last night to the Irish ambassador to Canada, William P. Fay.

His Excellency, who is vacationing for a short period in the province, visited the 137 year-old society last night at its Grafton Street home and was given a most hearty welcome by the large number of members present.

President Brady Smith read an address of welcome to the distinguished visitor and secretary, John Walsh presented Mr. Fay with an Island scene as a remembrance of his visit.

The Irish ambassador spoke briefly following the presentation. He described Ireland's recent uplift in the economic field and urged all peoples of Irish descent to visit the land of their forefathers. He was delighted to see people of Irish extraction still interested in the land which sent so many settlers to this country. He stated Ireland held out a most cordial welcome for all visitors to her shores but assured his listeners there was a special welcome reserved for those whose ancestors had lived in the Emerald Isle.

Dr. J. P. Sweeney, Charlottetown, spoke briefly and said he was delighted to hear the ambassador speak of the improvement in economic conditions in Ireland. He had visited there in 1919 and again in 1959. The first time he found Ireland sad. The second time he found her people a happy, smiling race.

Patrick B. McTague thanked the ambassador for his interesting message and extended the thanks of the society to him on this memorable occasion.

Mr. Fay was introduced individually to all members present. Following the introductions a pleasant social hour was enjoyed.

Island Potato Crop Is Free Of Late Blight This Season

No late blight is in evidence in Prince Edward Island potato fields despite the wet July weather, the Weekly Potato bulletin reported yesterday.

The bulletin cautioned, however, that as soon as temperatures move into the 70s with consistency, the "disease may be expected to develop, especially where damp soil will maintain humid air around the plants."

The bulletin issued by I.C. Callbeck and F.M. Cannon, plant pathologists at the Charlottetown Experimental Farm, recommends potato growers should introduce their spray program at once, "in anticipation of an early appearance of the disease."

The bulletin says late blight has not made an appearance in Nova Scotia either.

"There are still some first brood potato flea beetles in many fields but they do not appear to have caused serious damage. Colorado beetles have been present for some time and are laying eggs on the leaves. In certain areas eggs have already hatched but in most areas the larvae will not be out for a few days. Both species of insects can be controlled by applying DDT 25 per cent emulsible concentrate or Thiodan 2. With either insecticide use one quart per acre."

76 Houses Underway

Figures recently released by the Central Mortgage and Housing Corporation show that at the end of June of this year there were 76 units under construction in Charlottetown compared with 15 at the same time last year.

The figures were obtained as the result of a privately initiated start and completion survey in municipalities of 5,000 population and over in the Atlantic region.

The survey further shows that during the month of June there were 10 units started here compared with an equal number in June 1961. Four units were completed in June this year compared with two last year.

During the first six months of this year 14 units were started compared with 13 during the same period last year. Also during this period there were 24 units completed compared with 15 last year.

Tax Consultant Arrives Here

Mr. and Mrs. Jack Lettner and daughter have arrived in the city for an indefinite stay. Mr. Lettner is a representative of J. P. Coombs Associates, the firm retained by the City to make the new property assessment.

Now staying at Lewis Point for the summer, the family expects to be in Charlottetown for at least a year.

Mr. Lettner had no comment regarding the assessment as yet but spend yesterday at City Hall getting acquainted with the staff and discussing the situation with Ernest Seller, city assessor.

Fines Levied On Drivers

William McCabe, Charlottetown, appearing before Magistrate A. J. Haslam in city police court, yesterday pleaded guilty to two charges of violations of the Highway Traffic Act.

On the first count, of speeding south on Prince Street at 40 m.p.h., the accused was fined $20 and costs or 10 days in jail, and on the second, of driving a motor vehicle without an operator's licence, he was fined $5 and costs or two days.

Following the disclosure that Louis MacInnis, Charlottetown, had appeared in city police court once before, within the past two weeks, on the charge of driving without an operator's licence, as well as once in the County Magistrate's court, the magistrate imposed a fine of $10 and costs or five days.

CHARGE DISMISSED

A charge of theft of an automobile, the property of Goodspeed's of P.E.I. Ltd., was dismissed against Maurice MacQuarrie, Charlottetown. Counsel for the defence was John P. Nicholson.

At the request of Police Chief C. W. MacArthur, John MacInnis, Charlottetown, was remanded without bail until July 19 on the charge of being drunk and disorderly.
