NO MORE SCIATICA.
Valentine Fisher is Cured of His Troubles
to have no return. He is doing a flourish-
ing Fruit Tree Business.

COLLINGSWOOD, Sept. 16.—About a year
ago a celebrated physician from here told
me Valentine Fisher, who had suffered for
years from sciatica, and who was so
crippled by the disease as to be unable
to work and was generally thought of as
dead, was cured by the use of the
Fisher's Fruit Tree Pills. That the story was
known by all citizens of this place. That
the cure is a permanent one is now just as
generally known, for since his recovery,
Mr. Fisher has been heard at work selling
fruit trees for Chase Bros., of Rochester,
N. Y., and has travelled the whole of this
section for this firm with most gratifying
success.

SOFIA, Sept. 23.—Elections were held
throughout Bulgaria to-day for members
of the National Assembly. The returns that
have been received show that the candidates
opposed to the government have been elected.
It is probable that the ministerialists
have carried the day by a large majority.
The elections were everywhere quietly con-
ducted.

This is a hard season on old people.
Many are weak, have no appetite, and are
generally depressed. A course of Hawker's
nerve and stomach tonic will give them
a new lease of life.

EMMETT, Iowa, Sept. 22.—A terrific
cyclone passed over this section last evening.
Many houses were demolished, two
persons killed and several fatally injured.
A number are missing and are believed to
be dead.

All who desire to avoid imposition and
be cured, should insist on having POND'S
Extract, put up only in bottles, with land-
scape trademark, on surrounding buff
wrapper.

MADRID, Sept. 23.—With all the im-
posing ceremony of the church the Most Re-
verend Loed Plunkett, archbishop of
Dublin, to-day consecrated the Protestant
church in this city, and also consecrated the
Rev. Senor Cabrera as the first Protestant
bishop of Madrid. It is expected that the
elevation of Senor Cabrera to the bishopric
will cause a sensation in the Catholic world.

The greatest flesh and blood maker in
existence and a life-saver to consumptives
is Miller's Emulsion of Cod Liver Oil,
"the kind that cures" colds, coughs,
bronchitis and lung diseases generally.
Every bottle warranted. No oily taste
like others. In big bottles, 50c. and \$1.00,
at druggists.

There is a magic in the perfect costume
It makes beauty more powerful than the
scepter. It is the brilliant setting for
beauty; and for those who have not the
conquering power of looks, it lends the
illusion of them. Some ladies say: "It is
not so much the material as the make up."
But the right material must be there, or
you cannot have a creation. Priestley's
dress fabrics are noted for the beautiful
result they realize in the hands of the mo-
dista, draping and fitting the figure with
expansive grace. The trade mark is "The
Varnished Board."

New York, Sept. 23.—Three thousand

children, and 1,600 men, all members of the
shirt makers' union, decided yesterday to

per cent.

Priestley's Dress Goods
A good name is more potent than thrones and king-
doms. In business a good name is vital. The name of
Priestley is a synonym for what is delicate, durable and
beautiful in Black Dress Goods. In England it is a house-
hold word. Priestley's dress fabrics are worn by the well dressed women of
Great Britain, while on this side, they have attained to general favor. Ladies
should buy no other black dress goods till they have seen Priestley's. They add
to an unequalled durability, a beautiful draping quality. Women of taste understand
what that means in the success of a costume.

FOR YOUR MOULTING HENS.
Moulting is an exhaustive process.
Hens rarely ever lay while moulting,
then help them to get their new plumage
quickly. Many people get only five to six
dozen eggs in a year from a hen, and lose
money, when they ought to get three times
that many and make money rapidly. How?
There are about 600 eggs in the ovaries of
a hen; get all you can of them in two years
then kill the hen. You thus save two or
three years feeding of the hen which is no
small item if you buy all the food. When
a hen is in "condition" say a poultry
authority "she will lay plenty of eggs."
Therefore help her through the moulting,
that she may be in condition to lay during
the winter. Thousands of people have
proved Sheridan's Condition Powder to be
worth its weight in gold when hens are
moulting. It keeps them in health, helps
form the new plumage, and gets them in
condition to lay early. If you give them
during the moulting season Sheridan's
Condition Powder daily in extra doses,
they will get to laying sooner and
lay all winter, larger, better, and more
vigorous eggs for hatching than pullets.
But don't keep them a third year, get all
the eggs in two. Remember Sheridan's
Powder is not an egg food; you can raise
or buy food as cheaply as we can. To any
person interested, I. S. Johnson & Co.,
Boston, Mass., the only makers of Sheri-
dan's Condition Powder, will send for 50 cents two 25
cent tacks, five packs for \$1.00 or for
\$1.20 one large two pound can of Powder,
postpaid six cans \$5.00, express prepaid.
