N. Y. Stocks
NEW YORK (AP)—Heavy blows of two selling waves sent the stock market staggering back Monday in the heaviest decline in nearly five years.
Not since the United States intervened in the Korean war against the Communists in 1950 has the market suffered such a selling shock in a single day.
Prices were clipped 1 to 6 points in every division and some losses exceeded that range.
Wall Street brokers said Monday's action was a continuation of last week's major shakeout, the greatest weekly fall of the last 15 years.
Selling Monday began with the opening bell. Instead of drying up, it seemed to attract even more liquidation from all sources.
The Associated Press average of 60 stocks fell \$3.90 at \$151.50. The largest single decline last week was \$3.10 on Tuesday. Volume mounted to 4,520,000 shares, one of the larger totals this year.
Pennsylvania Railroad was the day's most active issue off 1 at 2 1/2. It was followed by General Dynamics off 1/2 at 56 1/2 and New York Central off 1/2 at 38 1/2. Reynolds Metals fell 1/2, U.S. Gypsum dropped 1/2.
Canadian issues were mixed. International Nickel gained 1/2. Canadian Pacific slipped 1 1/2. McInnes lost one point, Hiram Walker fell 1/2 and Dome Mines dropped 1/2.
On the American stock exchange Royalite Oil added 1/2. Giant Yellowknife lost 1/2 and Lake Shore remained unchanged.
