

WEATHER

Table with weather forecasts for Toronto and other cities, including temperature ranges and conditions.

HALIFAX (CP)—The weather office says generally fine weather is expected in all regions today.

Forecasts: Nova Scotia, Prince Edward Island, and New Brunswick; clear with a few cloudy intervals; continuing cool; west winds 15. Low-high at New Glasgow and Fredericton 45 and 65. Charlottetown and Moncton and Saint John 42 and 65, Edmundston 40 and 62, Campbellton 45 and 60. Bay of Fundy: Northwest winds 15; clear with a few cloudy intervals; visibility 10 miles; cool.

High tide today at Charlottetown at 10.54 a.m. At Rustico at 5.56 a.m. and 8.31 p.m. Summer tide eighteen minutes later than Charlottetown. Sun rise today at 4.26 a.m. and sets at 8.03 p.m.

Budget Fiscal Highlights

OTTAWA (CP)—Highlights of the economic portion of Finance Minister Fleming's budget speech in the Commons Tuesday night.

There are hopeful signs that Canada has reached the end of the recession.

More energy now may be devoted to filling gaps in housing, municipal services and other "social capital."

Gross National Product—value of all goods and services produced—for 1958 estimated at \$32,000,000 compared with \$31,443,000 in 1957.

No expectation of any general price increases for remainder of 1958.

Canadians must remain on guard against inflation, still a very real danger.

Unlikely Canada's foreign exchange fund could be used to control exchange rate or dollar for lengthy period.

Canada will press for wider access on reasonable terms to United States markets.

Canada will work for maintenance of existing system of Commonwealth preferences at Commonwealth trade conference.

Machine-Gun Kelly's Widow Leaves Prison

OKLAHOMA CITY (AP)—"We hope for a new life," said Mrs. Kathryn Kelly Monday night just before she and her mother walked out of the federal jail, without guards for the first time in 25 years.

"I think we'll find it." The widow of George (Machine-Gun) Kelly and Mrs. Ora Shannon, 70, had life sentences set aside Monday and new trials ordered on their convictions in the kidnaping of millionaire Oklahoma City oilman Charles Urschel for \$200,000 ransom.

"Now," said Mrs. Kelly, 54, "I want to get a job in Oklahoma and take care of my mother." The convictions were ordered nullified and new trials granted when U.S. Attorney-General William P. Rogers refused to release secret FBI files. The defence said these records would back up claims by the women that their original defence lawyers were intimidated by FBI investigations during the 1933 trials.

N. B. Resident Is Still Missing

RICHIBUCTO, N.B. (CP)—Search for Isaac Shirley, 37, in woods near Targetville continued unsuccessful Tuesday. He was reported missing last Thursday night from his Targetville home, 19 miles from Richibucto, where he lived with three brothers. Three weeks ago he returned home after he had been missing for two days.

Meat Management Clinic Queen Hotel

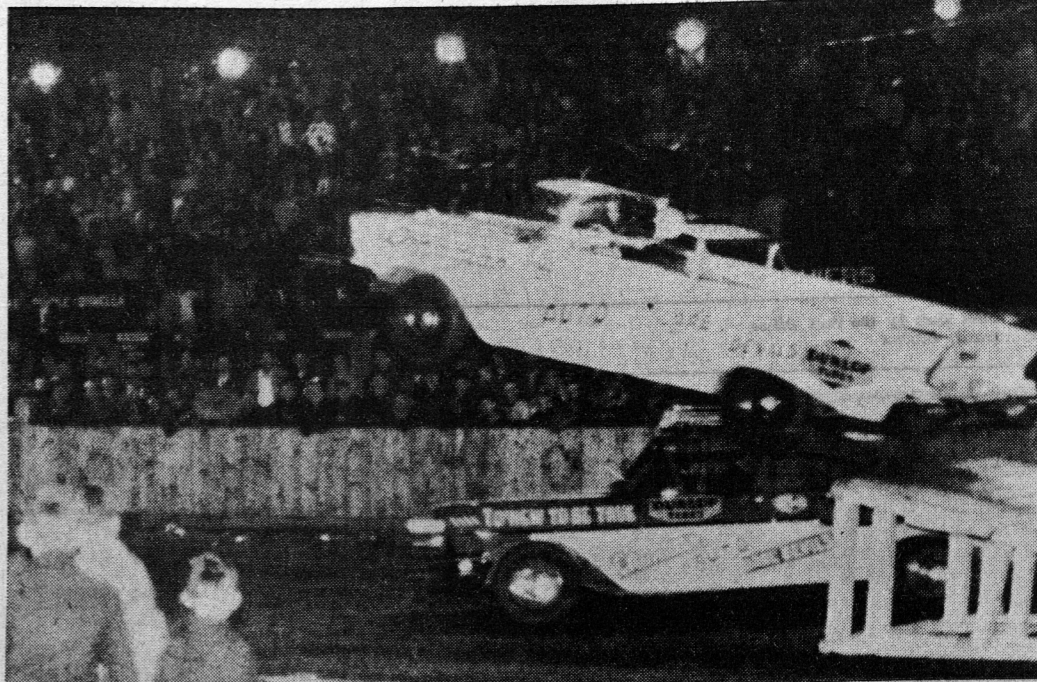

Thursday June 19th-9 a.m. To 4 p.m.

Open to meat department managers, store owners, accountants in the retail business, and meat salesmen. This clinic, designed to show how to operate more efficiently, and to eliminate waste, thus giving the consumer better value, is sponsored by the Atlantic Provinces Economic Council, retail merchants' association, and others.

Guest Speaker. C. G. Bowes Of Chicago

Merchandising Consultant

Registration fee of \$10.00 can be made at the Queen Hotel or through J. Lincoln Dewar, executive secretary of the P.E.I. Federation of Agriculture. Registration includes a noon meal.

CROWD-PLEASING SHOW

The thousands of people who were on hand last evening at the Charlottetown Driving Park were given a first hand demonstration on how to drive a '58 Chevrolet as the Canadian Auto Dave Devils presented the crowd with

heart-stopping demonstrations of their driving skill and ability to handle a car. The two clowns, Pee Wee and Toto helped to settle the audience's nerves as they went through their antics of imitating the stunts of the drivers. The main feature of the

show was the death defying ramp to ramp leap over an approximate distance of 80 feet. In the photo above Bobo Canup takes off on his journey into space while Buddy Young crisscrosses beneath him, each moment risking certain death.

Big Decline In Maritime Fish Landings During May

Maritime fishermen landed 15.2 million pounds less fish in May this year than they did in the same month last year and found themselves as a consequence \$1 million dollars out of pocket.

The decline in lobster landings alone which amounted to 3.5 million pounds accounted for \$0.7 million dollars of this drop in revenue, a joint Department of Fisheries-Dominion Bureau of Statistics release dated June 16 states.

Fish landings in the Maritime Provinces during the month of May were officially recorded at 60.6 million lbs., valued at \$4.6 million.

Records for the same month last year placed landings at 75.8 million lbs., at a value of \$5.6 million.

MAIN DECREASES The main decreases in May this year compared with May last year occurred in the land-

ings of herring, cod, lobster, and pollock. Respectively, these were: 5.0, 3.6, 3.5, 2.9 and 1.4 million lbs.

Fishing operations in New Brunswick and Prince Edward Island were fully resumed during the month of May, following the winter lull.

By provinces, the recorded landings were: Nova Scotia 40.8 million lbs., valued at \$3.0 million; New Brunswick 14.6 million lbs., valued at \$0.7 million; and Prince Edward Island 5.1 million lbs., valued at \$0.9 million.

The relatively low value of New Brunswick landings was due to the reduced catch of lobsters, occasioned by the seasonal closure in certain parts of the province.

Here in P. E. I. most fishing districts report that lobster landings thus far in the spring season are considerable below that of last year.

Can Bring Back Up To \$300 Worth Of Goods Duty-Free

OTTAWA (CP)—Canadians who go abroad only once a year—or once in a lifetime—will be able to bring home up to \$300 worth of goods duty-free instead of \$100 worth as now.

This proposed change in customs regulations, announced by Finance Minister Fleming in his budget speech Tuesday night, will apply only to Canadians visiting countries outside continental North America. It is to become effective July 1.

At present, Canadian travellers can bring home \$100 worth of goods duty-free every four months, provided they remain outside Canada at least 48 hours. Thus over a year the total that could be brought back is \$300 worth.

"It is apparent that this favours those who are accustomed to making frequent trips to the United States as compared with those who travel abroad only occasionally," Mr. Fleming said.

As of July 1, therefore, Canadians would be allowed to use up the annual \$300 duty-free provision in a single trip, provided they stay abroad at least 14 days. Existing regulations continue to apply on visits to the U.S.

The new proposal apparently is aimed at encouraging Canadians visiting the United Kingdom to bring back more goods.

An indication of the inequities of the existing arrangement was that in 1957 duty-free tourist imports totalled \$77,400,000, of which \$74,000,000 came from the U.S., \$2,000,000 from the U.K. and \$1,400,000 from all other countries.

Meeting Considers Steps For New Auditorium In Ch'town

Dr. Frank MacKinnon and Mrs. Bayfield Ellis last night were appointed to head up a committee to prepare a resolution respecting the construction of a properly equipped auditorium for the City of Charlottetown.

The appointments were made at a general meeting of interested persons held at Prince of Wales College last night.

The meeting, chaired by Mrs. Ellis was attended by more than sixty people representing several

local organizations including the Drama Festival Association, the Little Theatre Guild, the P.E.I. Historical Society, the Camera Club, etc.

Speakers heard included: Hon. B. Earle MacDonald, provincial treasurer; Dr. L.W. Shaw, deputy minister of education; Mr. L.W. Shaw, provincial PC leader, Mr. Spencer, Mr. Hyndman and Dr. MacKinnon.

It was suggested that aid be sought from the federal, provincial and local governments.

Seeks Balance

(Continued from Page 1) Mr. Fleming estimated that personal and corporation tax cuts as worth \$1,000,000 in each case for this year and \$5,000,000 and \$6,000,000, respectively, over a full year.

MUNICIPAL BENEFITS

Largest group of beneficiaries from a miscellany of changes in the sales tax would be municipalities which will be permitted tax exemption on purchases of several new items including sewage system materials, fire truck chassis and diesel fuel for generating electricity.

The exemption from the 10-per cent tax was estimated as worth \$5,000,000 a year for municipalities.

Exemptions from this tax will be extended to additional farm purchases including stock conditioners, some sugar beet handling equipment and articles used in making grain or seed-cleaning materials.

A new group of building materials also was put on the sales tax-exempt list.

All the sales tax changes are effective immediately. Mr. Fleming estimated the treasury's loss would be \$300,000 for the remainder of this year and \$7,000,000 in a full year.

SEES MORE RELIEF

He forecast another eventual \$7,000,000-a-year relief—but not for this year—in legislation which he will introduce in Parliament to ease the succession duties on small estates. It will give particular relief to widows, for whom estates will be exempt up to \$60,000. Succession duties now are payable at more than \$50,000.

Another forecast by the minister was that of early amendments to the sales tax structure, resulting from a current study of the system. The changes were not specified.

Mr. Fleming announced the government's emergency gold mining assistance for marginal producers will be increased by 25 per cent to about \$12,000,000 a year, starting with 1958.

REPEAL MAGAZINE TAX

The controversial excise tax of 20 per cent on advertising in special editions of non-Canadian periodicals is repealed, effective immediately.

Mr. Fleming instituted a once-in-a-lifetime provision allowing gift tax exemption up to \$10,000 on real estate transfers between husband and wife or farmer and child, effective this year. With an existing \$4,000 exemption, this brings to \$14,000 the total exempt in a single transaction.

Canadian tourists returning from trips outside continental North America will be allowed after July 1 to bring in duty-free purchases up to \$300 a year, lumping in one trip the present allowance of \$100 every four months.

Sales tax exemptions on purchases by shelter and care institutions were broadened to take in those giving temporary care, in addition to permanent institutions.

Mr. Fleming forecast revenues of \$4,652,000,000, down from the estimated \$5,047,000,000 for the year ended last March 31, when there was an indicated \$39,400,000 deficit.

The last previous full-fledged budget—presented by Liberal finance minister Walter Harris in March 1957—had forecast a \$152-

000,000 surplus and Mr. Fleming in December had revised this calculation to an \$80,000,000 surplus.

Tuesday night's budget predicted budget spending of \$5,300,000,000, up from \$5,085,000,000 in the last fiscal year and topped only by the \$5,322,000,000 of the wartime year of 1943-44.

OTHER SPENDING

But there will be more than budget spending. Universal old age pensions were expected to cost \$555,000,000. Of this amount, \$365,000,000 would be collected by a special two-per-cent income and sales levy—not within the budget—and the \$190,000,000 deficit would be taken out of budget funds.

The minister estimated that, with the deficit and non-budget transactions such as loans and investments, the government will have to borrow about \$1,400,000,000 in new cash.

Mr. Fleming based his revenue forecast on an expected record 1958 gross national product—value of goods and services produced—of \$32,000,000,000, which in turn was based on an assumption of normal crops and no change in the general price level.

The 1957 gross national product was \$31,443,000,000.

On the largest item—personal income tax—he looked for a drop to \$1,369,000,000 from \$1,499,000,000.

Second-largest source of intake—corporation income tax—would fall to \$1,019,000,000 compared with \$1,235,000,000 in the 1957-58 year ended March 31.

More than half the \$355,000,000 reduction in predicted over-all revenue is due to the December tax cuts and Tuesday night's minor ones, and Mr. Fleming said almost all of the remainder would result from an expected falling-off in corporation profits.

REASON NO CUTS

In explaining why he has not undertaken any major tax cuts at this time, Mr. Fleming said that they are not necessary for economic reasons.

In the absence of any further adverse events outside Canada, he said, policies already put into effect by the Conservatives should "sustain economic activity and provide the... climate for an early resumption of economic expansion."

Going deeper into deficit financing could cut inflation that might be difficult to control.

Canada now had symptoms of both recession and inflation and, if the government went too far in anti-recession measures, "we might find we had planted an inflationary time bomb which might later go off with a dangerously explosive effect."

Automobile Sale Deferred

A court order has deferred the sale of 37 automobiles by Traders Finance which were held by the company on conditional sales contracts made between Johnston Motors of Murray River and the purchasers, the said contracts having been duly assigned to Traders Finance.

The order was issued by Mr. Justice George Tweedy on application of J.O.C. Campbell, Q.C., acting for creditors of Johnston Motors Ltd. in bankruptcy, and was granted because the first meeting of the creditors will not be held until Friday, June 20.

Ottawa Silent On Potato Offer

No report regarding an offer of a price support for potatoes has been received either by Hon. Eugene Cullen, Minister of Agriculture or by W. A. MacLennan, chairman of the Prince Edward Island Potato Marketing Board.

Both gentlemen when contacted yesterday said they had not received a 36 cents per bushel offer.

Last Monday, Elric Campbell, former chairman of the Marketing Board reported a telephone conversation with Mr. Pearsall, chairman of the Agricultural Stabilization Board, in which it was intimated that the Federal Cabinet had given approval of a support price of 36 cents. Mr. Campbell was a member of the first potato delegation sent to Ottawa at the request of the potato industry here.

Mr. MacLennan said last night some definite word is expected "any day now." The Prince Edward Island Potato Marketing Board is in existence at least until the end of June. It was wrongly stated in Monday's issue that the Board was now extinct.

By HAROLD MORRISON, Canadian Press Staff Writer. OTTAWA (CP)—Finance Minister Fleming raised cautious hope tonight that the recession has ended. But he made clear that for some time to come the main impetus for Canadian economic expansion will have to come from governments rather than industry.

Embarking on his first budget speech, Mr. Fleming informed the Commons that with many industries over-expanded, the Canadian business scene will generate less power toward new construction and expansion.

He predicted a new period of business expansion—the force that powered most of Canada's post-war growth—will "not be long delayed." Meanwhile, Canadian energies could be devoted to building more houses, providing more municipal services and preparing the foundations for the new business cycle.

On this basis, he estimated Canada's national production of goods and services this year would reach a record \$32,000,000,000—a rather minor two-per-cent climb, compared with the four-per-cent increase last year to \$31,400,000,000.

Bunbury Man Is Re-Elected To Head The Holstein Ass'n

B.B. Jones of Bunbury was re-elected president of the Prince Edward Island Holstein Breeders Association at the annual meeting held yesterday at Prince of Wales College.

During the afternoon session the Breeders had as their guest Hon. Eugene Cullen, Minister of Agriculture.

In addressing the meeting the Hon. Mr. Cullen stated that no reason why the Government could not purchase a proven Holstein sire, station him at Falconwood Farm and make the semen available to the breeders of the Province.

He added that such a project would probably receive support from the N.B. Government as well.

The Hon. Mr. Cullen was speaking in reply to a motion by Alison Profit during the morning meeting.

PRESIDENTS REPORT

In giving his report the president, Mr. Jones stated that the American breeders wanted only

Stewart Wright, Deputy Minister of Agriculture at a dinner in the Blue Room of the Old Spain Restaurant yesterday. Standing to the left of Mr. Wright is B.B.

Jones of Bunbury, president of the P.E.I. Holstein Breeders Association. Earl is the son of Mr. and Mrs. Borden Boswell, Dunstaffnage.

ed were Alvin Palmer, of O'Leary for Prince County, Fred Coffin, Rollo Bay and Charles MacDonald, Souris for Kings County.

The man feature of the noon luncheon in the Blue Room of the Old Spain Restaurant was the presentation of the Gold Ribbon award to Mr. Roland Buntain of Walter Buntain and Sons of Rustico.

In 13 lactations, Mr. Buntain's "Seaside Susie Abbecker" produced 210,420 lbs. of milk containing 7,305 lbs. of fat.

In addition to this award four R.O.P. certificates were also presented by the Hon. Mr. Cullen. Receiving certificates were H. J. Stetson of O'Leary Station whose "Daisy Rooker Countess" produced 113,363 lbs. of milk containing 4,213 lbs. of fat in 8 lactations; Keith Donald, Malbone, whose Donald View Bessie Belle" produced 117,921 lbs. of milk containing 4,072 lbs. of fat in 9 lactations; R.A. Proffitt, Freetown, whose "Willowfarm Dora Colanthe" produced 122,533 lbs. milk containing 4,539 lbs. fat in 10 lactations and Cyril Jones of Pownal whose "Crownpoint Posch Chiefain" produced 109,862 lbs. of milk containing 4,030 lbs of fat in 8 lactations.

Other officers elected at the meeting were: Vice-President, Alan Clow of Freetown, and Secretary-Treasurer Cecil Stewart, Hampshire, (re-elected).

OTHERS RE-ELECTED Two representatives of Queens County were also re-elected, they were: John Thompson, Frenchfort and Nowell Hooper of Rustico. Other representatives elect-
