

In our issue of last week, we noticed the arrival in our port of the clipper ship *Dawson* from Liverpool. The report of this ship prompts us to make it known in the interest of the public. Her sailing qualities are of a very high order, her sailing rapid and easy. In her passage here, she was caught in a violent gale, and for 36 hours that she was laid to, never shipped a sea.

The prudence and caution of Capt. Melvin, in all that concerns his ship, are worthy of the highest commendation. His selection of a crew can always be relied upon, and his officers are experienced seamen. The ship's cabin is fitted up tastefully and comfortably for the accommodation of passengers, and every attention which kindness can suggest is rendered to those who sail with Capt. Melvin and his excellent staff of officers.

MELANCHOLY ACCIDENT.—A party of men went out on Monday to St. Peter's Island for a day's fishing. Among the number were Mr. Donald McLean, shoemaker, and Mr. John Currie's eldest son, about 12 years of age, both of Charlottetown. Their companions went on shore, leaving them in the boat, and on the 28th of the bar, after while McLean started to work to the shore taking young Currie on his back, and whether they fell into a hole in the bar, or were carried off their feet by the rising tide, and to relate, but a water grave, McLean is a married man, and leaves a young wife to mourn his loss. A large number of persons went out to look for the bodies yesterday, but what the result of their search we have not heard. We sympathize with the relatives of the deceased in their sore affliction.

DROWNED.—On Tuesday evening, the 10th inst., at Grand River Bridge, Lt. H. Rodrick, son of William McLean, of that place, aged 17 years, the deceased, along with another lad named McFadyen, was bathing, and it is supposed that he took a cramp, and immediately sank. The body has not yet been found.

INQUEST.—An inquest was held yesterday before Dr. Bever, on view of the body of a little boy named William Griffin, who was drowned near the Ferry Wharf. The little fellow had been with two others fishing for smelts, and being left alone for a few minutes, it is supposed he slipped from a log on which he was standing in the water, and immediately called to some men who were on the wharf to help them. After some delay in getting a boat, he was taken out, but his life was extinct. Verdict, accordingly.—Pat.

FIRE.—A large portion of the Victoria Barracks, known as the Officers' Quarters, was destroyed by fire at an early hour on Sunday morning, last. It is supposed to be the work of an incendiary.

THE FARMER'S BOOK OF PRACTICAL INFORMATION ON AGRICULTURE. Stock Raising, Fruit Culture, Special Crops, Domestic Economy and Family Management, illustrated with one hundred and forty engravings, to contain 750 pages, Edited by CHARLES W. DICKINSON and HON. CHARLES S. FLINT ZYLBER, McCLENDY & Co., Philadelphia, Publishers. Mr. W. E. Gardiner, agent for the above work, is now making a tour of the Island soliciting subscribers, and will call upon our principal farmers. This work is cheap and valuable as a household reference. Mr. Gardiner will give every information, and we feel satisfied our agriculturists will not lose the opportunity of securing a work which will very materially assist them in their farming operations.

We understand that Robert McC. Stewart, Esq., has been appointed Cashier of the Sumner Bank, in room of E. L. Lydard, Esq., resigned.—Prg.

TO CORRESPONDENTS.—Larry O'Griff received to late for insertion in this day's issue. Will appear next week.

THE EXAMINER can be had on the evening of publication at the Bookstore of H. A. Harvie, Esq., Queen Street.

THE NEW BOOK.—Everybody knows, or ought to know, that the *Book of the Week* is superior to any other. It is published weekly, and contains a complete list of the books for sale, with prices, and is a most valuable and interesting work. It is published by the *Book of the Week*, and is a most valuable and interesting work. It is published by the *Book of the Week*, and is a most valuable and interesting work.

SIMPLE! SAFE! SURE!!!
CHOLERA.
HOW TO CURE IT.
At the commencement of the diarrhea, which always precedes an attack of the Cholera, take a teaspoonful of the Pain-Killer in sugar and water, (warm if convenient), and then bathe freely the stomach and bowels with the Pain-Killer. Should the diarrhea or cholera continue, repeat the dose every ten or fifteen minutes till the patient is relieved. In extreme cases, two or more teaspoonfuls may be given at a dose.
