[illegible]—A letter from before Sebastopol, in the [illegible], says:—A Russian was lately taken prisoner while going about in our works with the audacity of a hero. He was dressed in the uniform of a captain of the [illegible] Chasseurs, killed at Balaklava. He thus reached the English works, where he acquired all the information he [illegible]. Emboldened by this success, he returned on the following day, and was then more unreserved in asking questions. An English colonel, who spoke to him, being a [illegible] grammatical doubt on some points, became suspicious, arrested him, telling him that if he turned out to be really [illegible], an apology would be made to him for his detention. An investigation was accordingly instituted, and he [turned] out to be a Russian.

[illegible]—The Californian arrived at New York brought dates to the 8th ult.

[illegible] French frigates arrived at San Francisco January 7. The Governor's message was delivered on the 2d, and from [it we] learn that the indebtedness of the state is $1,000,000. [illegible] The Governor recommends that the interest be [illegible] punctually. He urges the amendment of the Constitution in a manner to decrease the expenses of the State. He [urges] the enactment of laws for the more efficient protection of actual settlers, and to secure the blessings of common education to children. He gives a very flattering account of the condition of the mining and agricultural interests [of the] state, as well as the commercial and manufacturing, [and] the advance of improvements is extolled. He alludes [to] the growing Asiatic emigration, and recommends that [measures] be taken by the federal government to check the [same].

[illegible]—Cincinnati, Monday, Jan. 15.—A [distressing] affair occurred here on Saturday night, in front of [the] National Theatre. A young man named Jennings circulated reports unfavorable to the character of a young lady [lately] married to H. H. Ormsbee, a clerk in the National [Tele]graph Office, who, meeting Jennings in the theatre, called [him] out, and asked him if he was the author of the alleged [reports], and he replying in the affirmative, Ormsbee took out [a pistol] and shot him, mutilating his face terribly, and rendering his recovery doubtful. Ormsbee was arrested, and [admitted] to bail this morning.

PUBLIC MEETING IN AID OF THE PATRIOTIC FUND AT PORT HILL, PRINCE COUNTY.

On Friday evening, February 2d, a Public Meeting was [held] at Mr. David Ramsay's, in favour of the above object, which is at the present time exciting so much interest both [in] England and the Colonies. A large number of persons were assembled on the occasion, and a very loyal and patriotic feeling was exhibited.

At the request of the meeting, the Rev. H. B. Swabey occupied the Chair, and Capt. Wm. Richards was appointed Secretary and Treasurer. The Chairman having read the "extracts from the Royal Commission," and briefly stated the object of the meeting, the following Resolutions were unanimously passed.

1st. Moved by Mr. David Ramsay, seconded by Captain Richards—

Resolved, That this meeting is desirous of expressing its sympathy on behalf of the widows and orphans of those brave [men] who have fallen in a foreign land, when asserting the sacred cause of liberty.

2d. Moved by Mr. David Ramsay, seconded by Mr. Francis Birch—

Resolved, That it is the bounden duty of the British [Colonies] to emulate, as far as possible, the bright example which has been set them by the mother country, in contributing towards the alleviation of the temporal wants of those who [have] been deprived of their chief earthly support.

3d. Moved by the Rev. H. B. Swabey, seconded by Mr. Thomas Birch—

Resolved, That while the brilliant success which has attended the British arms demands our tribute of admiration, we are in a greater degree called upon to share our gratitude [to the] Lord of hosts, who is alone the author and the giver [of] victory.

4th. Moved by the Rev. Mr. McLeod, seconded by Mr. Alexander McArthur—

Resolved, That the unlooked for and extraordinary alliance between the arms of France and England, in defending the [liberties] of Europe from the despotic power of an unprincipled [tyrant], encourages us to hope that the bonds of amity may [be] strengthened between these great and formerly hostile nations.

5th. Moved by Mr. Ryan, seconded by Mr. Webb—

Resolved, That the understood intention of the Legislature to follow the example of Canada and Nova Scotia, in appropriating a sum of money towards the objects of this meeting, meets with our cordial assent.

6th. Moved by Mr. Sullivan, seconded by Mr. Archibald Ramsay—

Resolved, That the female portion of our settlements be respectfully solicited, by the Executive Committee, to contribute some Island manufactured socks, to supply the wants of our brave and hardy soldiers.

7th. Moved by Mr. Donald Ramsay, seconded by Mr. [John] Montgomery—

Resolved, That this meeting would express a hope, that should the war continue, men would be found within this Island and the Colonies generally, who would offer their valuable services to their Queen and Country.

8th. It was moved and seconded that the following gentlemen be appointed as an Executive Committee, to solicit subscriptions within Lots 11, 12, 13 and 14. In Lot 11—Messrs. Alexander McKay, Patrick Murphy, sen., Thomas Boyle, Archibald Ramsay. In Lot 12—Messrs. Wm. Ellis, George Ellis, Rev. H. B. Swabey, John England. In Lot 13—Messrs. David Ramsay, James Yeo, Esq., Captain [illegible], Archibald Montgomery. In Lot 14—Messrs. [illegible] Ramsay, Francis Birch, John Carr, Lauchlin Gillis.

10th. It was moved and seconded that Captain William Richards be requested to act as *Secretary* to the Executive Committee, with power to receive all sums that may be collected at this meeting and afterwards; and to transmit the [same], with as little delay as possible, to the *Queen's Paymaster General*.

11th. It was moved and seconded that the report of this meeting be inserted in all the Island papers.

The thanks of the meeting having been given to the Chairman, three cheers were given for the Queen, for the brave allies the French, and the Emperor of France; also, three cheers for Lord Raglan; and one cheer more for the success of the British arms at Sebastopol.

The following subscription was then commenced, amounting to £20 9s. 3d. As the list will remain open to the end of the month, we hope this sum will be considerably increased. We must also add that the names of two of the most wealthy men in our community appear elsewhere in the subscription lists for the Patriotic Fund—the Hon. James Warburton having given £5 in Charlottetown, and James Yeo, Esq., M.P.P., has also given £5 at St. Eleanor's.

We the subscribers, do hereby agree to pay to the Executive Committee of the Patriotic Fund, in Lots 11, 12, 13 and 14, the sums of money set opposite our respective names, to be appropriated towards the relief of the widows and orphans of those British soldiers, sailors and marines killed in action, or who have died from other casualties while employed in service during the present war in the East of Europe:

PATRIOTIC FUND, PRINCE COUNTY.

A Public Meeting was held at Tryon River, on Tuesday, the 11th instant, to take into consideration the propriety of contributing aid to the Patriotic Fund, for the relief of the widows and orphans of those brave men who have fallen or may hereafter fall in the Eastern War; and being met, it was moved and seconded that the Rev. W. C. Beals take the Chair.

The Rev. gentleman then came forward and opened the business of the meeting, by giving an excellent address, in which he briefly described the origin and cause of the war, and took occasion to shew that, on the part of the British Government, it was not a religious but a righteous war. He then gave a very animating outline of the valour and bravery of the British troops, and of the conquests already achieved under the most trying circumstances, and then arguing from the past and looking forward to the future, expressed his confident hope of the ultimate and successful triumph of the allied troops. He then closed his address by a brief outline of the casualties of the war, and the great number of those brave soldiers and marines who have or may hereafter fall in the field, and of the great amount of suffering and destitution thereby entailed upon the widows and orphans who are left in destitute circumstances, and closed his address by earnestly recommending them to the favourable consideration and benevolence of the meeting.

1st. Moved by Mr. Richard Hudson, seconded by Mr. Andrew Reid—

Resolved, That this meeting deeply deplores the death of thousands of our brave countrymen, who have already or may hereafter fall in the sanguinary struggle of the East, and willingly come forward to offer their humble aid in alleviating and lessening human suffering, by the thousands of widows and orphans who have been or may hereafter be deprived of the means of their support and of their domestic comfort.

2d. Moved by Mr. Andrew Reid, seconded by Mr. Wm. Howat—

Resolved, That a Committee be forthwith appointed to carry out the views of this meeting, and that the settlement be divided into districts for the despatch of business and the accommodation of the said Committees, and that a Secretary and Treasurer be also chosen, to take charge of the funds, with power to remit the same to the proper authorities, who may be appointed to receive the same in Charlottetown.

3d. Moved by John Lord, Esq., seconded by Mr. Michael Clark—

Resolved, That a subscription list be now opened, for the purpose of receiving what those present are willing to contribute towards the relief of the widows and orphans who have been or may hereafter be left in destitute circumstances, in consequence of the present war.

The following gentlemen were then nominated a Committee to carry out the views of the meeting:—John Lord, Esqr., John Clark, Esqr., Mr. Andrew Reid, Mr. Michael Clark, Mr. Wm. Howat, Mr. Joseph Callbeck.

The lists will be kept open for some time, and subscriptions will be thankfully received by the Committee and the Treasurer.

RICHARD HUDSON, Sec'y & Treasurer.

MECHANICS' INSTITUTE.—According to previous announcement, John G. Daly, Esq., delivered a lecture upon the "Reign of George the Third." Having such a wide field, Mr. Daly felt much difficulty in compressing his subject-matter within the compass of an hour,—but he did it ably, and he did it well. After presenting an historical view of Europe, during the long and unprecedented Reign of the old monarch, he gave a rapid sketch of his life, and of the lives of some of the most eminent statesmen,—heroes, lawyers, and others—celebrated for science, and useful inventions during that period of time, whose genius and lustre, made it, in very deed, "*a golden reign*."

Mr. Daly read his lecture easily and audibly, and acquitted himself with much credit. He was complimented during the animated discussion that followed; and many privately expressed a wish, that he would soon be induced to lecture again. William M. Howe, Esquire, will lecture next Tuesday evening on "*Capital Punishment*."—*Com.*

TO CORRESPONDENTS.—"An old Teacher" and "A Member of the Mechanics' Institute," have been received, and will receive an early attention.

THE GREAT AMERICAN HAIR TONIC.

Bogle's celebrated Hyperion Fluid, for the growth and preservation of the Hair, is well known to be without a rival on this continent. Thousands of imitations have started into an ephemeral existence since the introduction of this unrivalled Hair restorative, and their doom soon sealed, whilst Bogle's Hyperion Hair Fluid, with a popularity never attained by any other article, goes on "conquering and to conquer." There is no malady which can affect the Hair but can be cured by this incomparable preparation. To ladies it is invaluable; and on children's heads it lays the foundation of a good head of Hair. It is now patronised by Her Majesty the Queen of Great Britain, and commands an extensive sale throughout Europe.

Bogle's Electric Hair Dye, converts red or grey hair into a beautiful brown or black, the moment it is applied, instantly dyeing the hair without staining the skin, and leaves the Hair soft and glossy without injuring the texture in the least; a decided superiority over all other Hair Dyes.

Bogle's Amole Shaving compound renders that usually unpleasant operation (shaving) a perfect luxury.

Bogle's [illegible] removes Freckles and tan from the face in the shortest possible time, and is acknowledged to be the very best article for purifying the Complexion.

To be had, wholesale or retail, of W. Bogle, 227 Washington street, Boston, U. S.

And by all Druggists and perfumers throughout the Canadas, United States and Great Britain. W. R. WATSON, Agent for P. E. I.

Patent Lacteal or Artificial Breast.

THIS article is intended to take the place of the common Nursing Bottle, to which there are many objections, as mothers and nurses are well aware. With most children, there is usually great difficulty in teaching them the use of the bottle, and with many it is altogether impracticable. The Lacteal, by its peculiar form and construction, enables the child to feed in the natural position, thus inducing it to think that it derives its nourishment from the mother. Besides being far preferable as to form and convenience of application, it combines the utility of all kinds of nipple bottles now in use, as the mouth of the Lacteal can be fitted with a cork, and the common ivory or silver tube.
