### KAOKA,

The Only Satisfactory Substitute for Tea and Coffee. Highly Recommended for Regular Use at Ordinary Meals.

THE VERY BEST ARTICLE FOR DIETARY USE EVER DISCOVERED.

THE injurious effects which the continuous use of tea and coffee have on the human system are well known. The most eminent physicians advise the patients to abstain from using either. Owing to the taste for these beverage which has been universally acquired, it has been found necessary to find a substitute. Various substitutes have been tried, but KAOKA is the only one ever discovered which has been found to perfectly answer the purpose. Unlike Tea and Coffee, it contains neither Theine nor Caffeine, nor any other poisonous principle whatever which can even by long use, prove hurtful to the weakest constitutions. It is especially recommended for sick persons and children. Families using white bread habitually should adopt KAOKA as their regular drink at meals. They will then have supplied to them the elements which, when taken into the system, go to form bones, nails, teeth, sinews and brains, and which have been separated from the fine flour of which the white bread is made. Thousands of people who have been afflicted with Dyspepsia, Nervousness, Indigestion, Sleeplessness, Sick Headache, &c., have been restored to perfect health by eschewing tea and coffee altogether, and drinking with their meals nothing but KAOKA. It contains no "chemicals." The elements from which it is made are wheat and sugar, nothing more.

For sale in pound and half-pound packets at the "Crown Grocery," South Side Queen Square.

St. James' Church Tea and Entertainment this evening will be well worth attending. The committee, who have the matter in hand, are doing all in their power to render the tea palatable and the entertainment interesting.

The Ladies of the Industrial Aid Society purpose having a Concert in St. Paul's Church Schoolroom on Tuesday evening, December 28th. The programme, which is to appear in print shortly, will no doubt, be inviting, and a pleasant time may be anticipated.

We are informed that Mr. William Farquharson's death at Lot 48 was solely caused by falling from his hay loft. The medicine which he took did not do him any injury, as after taking it he remained awake over twenty four hours. No inquest was held, nor was it intended to hold one.

A woman representing herself to be the widow of one of the men killed in the Stellarton disaster, is seeking charity in different parts of the city. Her story, if true, is a sad one. But our citizens have already largely subscribed to the relief of the Stellarton sufferers. If she would apply to the Chairman of the Stellarton Relief Committee he would direct her how to get charity through the proper channel, if charity she requires.

The market on Tuesday was small. Sales brisk. Prices as follows:—Beef (small) 5 to 12 cents; do gr, 3 to 7 cts; mutton, 4 to 5 cents; Lamb, 4 to 7 cents; Geese, each, 40 to 60 cents; Turkeys each 60 to \$1.00; Ducks each 20 to 30 cents; Chickens per pair, 25 to 50 cents; Butter, fresh 18 to 24 cents; Butter tub 18 to 20; Eggs 20 to 21 cents; Hay 40 to 45 cents; Oats 41 to 42 cts; Potatoes 16 to 18 cents; Flour \$2.75 to \$3.00; Oatmeal \$2.75 to \$3.25; turnips, 15 to 16 cts.; sheepskins, 70 to 95 cents each; Pork (small), 7 to 9; do carcasses, 5 to 6.

MR. FLETCHER seems to be growing very popular in Colorado, judging from the following which appears in the Colorado *Mountain-ear*:—"Hold on! Just stop a minute to hear the news. Prof. J. H. Fletcher having returned from Gothic City, our Methodist friends immediately pounced upon him and induced him to consent to give them a lecture this (Friday) evening. The subject is "the ideal and the real life," and will be treated in the professors best style of humor. Those who heard him last winter will not fail to attend as they know what to expect." The lecture referred to is highly spoken of by the press.

### Song of the Back Log.

Written many years ago, by "Vich Dhonnail Nan Ord," the music to be transposed, or adapted, by C. P. Fletcher, Esq., from Donizetti's opera of "Don Pasquale."

I.  
Ho! The rolling Back Log!  
The crashing, rolling Back Log!  
In at the door, and over the floor.  
All hands come help the Back Log!

II.  
Yeo, heave ho! The Back Log!  
'Tis covered with snow, the Back Log!  
This night requires no end of fires!  
All hands come help the Back Log!

III.  
All hands come, fix the Back Log!  
Come, heave, like Bricks, the Back Log!  
Not Coles nor Palmer help the farmer,  
Half so much as a Back Log!

IV.  
With fire 'tis crowned, the Back Log;  
Let all sit round the Back Log;  
Come, warm your nose, and toast your toes,  
Forgive your foes, and pity those  
Who have not got a Back Log!

NOTE.—The opera of "Don Pasquale," admirably illustrated by the Charlottetown Quintette Club on a recent occasion—in which the flutist equalled the performance of any performer whom I have ever heard (and I have heard, in former years, some of the best in the world)—was composed by Donizetti, whose real name was Donald Izett, a Scottish Highlander, whose grandfather followed Prince Charles Edward to France in A. D. 1746. The sweetest passages in "Don Pasquale" are founded upon an old Gaelic dirge. "Mulbrany," and a merry Gaelic tune for a march, "Jenny dang the Weaver."

The prevalence of small-pox in New York has attracted the attention of the health board, and the public are advised to vaccinate. Diphtheria is unquestionably in all parts of New York.

#### High Railway Tariff.

To the Editor of the Examiner.

SIR,—The fact that Freight from Charlottetown to Georgetown to connect with the "Northern Light" costs the same as from Picton Landing to Halifax, is sufficient proof that our shippers are not placed on equal footing with their neighbors across the straits. How is this? Will our new Superintendent please explain?  
TRADER.

#### Attention!!

To the Editor of the Examiner.

SIR,—Will you kindly allow me through THE EXAMINER, to call the attention of the City Authorities to the very smutty manure heap in course of erection in the West End Bog, in the neighborhood of the St. Peter's and City day schools. No wonder diphtheria is prevalent in this part of the City.  
Your humble servant,  
A PALENT.

Ch'town, Dec. 6 1880.

#### Pure Water.

To the Editor of the Examiner.

SIR,—If the inhabitants of this city are not dead to every warning voice given by more than one of our leading medical practitioners, they will, now that the water (if any) in many of our city wells is very low, make an appeal to the City Council for an immediate cleansing of those wells. It is a notorious fact that many of our wells when inspected have been found to contain decayed animal as well as vegetable matter, causing impurities of a most poisonous nature in the water we drink. At this season of the year, especially when springs are unusually low, and labor cheap, a favorable opportunity is presented for cleaning out such of the city wells as contain water fit for man or beast. Those wells known to contain water unfit for use, should be closed up, or labelled *bad water*. Trusting that some City Councillor may be found possessed of sufficient regard for the health of his fellow citizens to cause immediate action touching this vital question,  
I remain,  
HYGIENE.

#### Troubled Ireland.

The news is:—

That a private in the Third Dragoons stationed at Ballinrobin was recently shot and badly wounded. The perpetrator is unknown. Police Sergeant O'Connor was nearly murdered at Claremont to-day, being brutally beaten and kicked by a mob.

The government has resolved to prosecute Gayer, the proprietor of the *Sligo Champion*, for alleged treasonable utterances in connexion with the existing state of the country, and for its defence of atrocities of the Land League.

That the *Gazette* publishes a proclamation declaring the County Leitrim in a state of disturbance requiring additional police.

Upwards of £3,000 has already been subscribed for the defence of the traversers.

#### General Roberts.

The Court of Common Council of the city of London has unanimously resolved to present to General Sir Frederick Roberts the freedom of the city of London and a sword, in recognition of his services in Afghanistan.

Less than two years ago General Roberts was an artillery officer in Bengal, with the practical rank of a Major. Now he is a Lieutenant-General, a Knight Grand Cross of the Order of the Bath, and a Companion of the Order of the Indian Empire. As soon as he arrived in England last month, he was called to pay a visit to the Queen at Windsor Castle, and was pressed with invitations to a round dozen of complimentary banquets, one of which is to come off at Dublin on the 6th inst. His great achievement in Afghanistan was his brilliant march from Cabul to Candahar in August last. The force for the relief of Candahar which he led mustered 3,636 Europeans, 7,150 natives, and 8,000 camp followers. He reached Candahar on Aug. 31, having marched 345 miles in 21 days, or more than sixteen miles a day, and he accomplished this remarkable feat with the loss of one British soldier and less than a dozen natives.

#### The American People.

No people in the world suffer so much with Dyspepsia as Americans. Although years of experience in medicine had failed to accomplish a certain and sure remedy for this disease and its effects, such as Sour Stomach, Heart-burn, Water-brash, Sick Headache, Costiveness, palpitation of the Heart, Liver Complaint, coming up of the food, low spirits, general debility, etc., yet since the introduction of Green's August Flower we believe there is no case of Dyspepsia that cannot be immediately relieved. 50,000 dozen sold last year without one case of failure reported. Go to your Druggist and get a sample bottle for 10 cents and try it. Two doses will relieve you. Regular size 75 cents.
