A DEBATE was one of the features of Education Week at Tignish Regional High School last week. Shown above are the two teams from the grade 11 classes which participated. Left to right standing are Roy Handrahan, Terry Arsenault and Sietus Shea, and seated are the winners, Sandra Bernard and Mary Handrahan. Mr. Arsenault acted as chairman.

Tignish Schools Have Active Education Week Program

TIGNISH — Tignish schools took a very active part in Education Week. Many parents visited classrooms and attended special programs promoted by the teachers.

On Tuesday a spelling contest between the pupils of the three school was carried out.

Taking part were: Grade 9A —Barbara Kenny, James Gillis; Grade 9B, Janet Trainor, Clarry Fraser; Grade 9C Elaine Doucette, John Broderick. Winners were Grade 9B. The words were asked by the principal, Sister St. Mary Arnold.

On Wednesday, a debate by grade 11: Resolved that TV has more influence on the public than the press. On the affirmative side were: Cleius Shea, Roy Handrahan, while on the negative were Sandra Bernard, Mary Handrahan. Chairman was Terrie Arsenault. The negative side won. Judges were Rev. Sister Saint Rosalia, Mrs. Roy Harper, and Aubin Gallant.

On Thursday afternoon, J. M. Paynter, vice-principal of the Prince County Vocational School spoke on the type of education offered at the school.

A public speaking contest took place Friday between the students of the two grade tens. The topic was "One of the Fathers of Confederation." Speaking for Grade 10A were: Frances McRae, Gerard Doucette. Grade 10B, Ann Marie Gaudet, Bernard Touseanard.

Parents attending classes at the two elementary schools during the week where a half-hour was assigned to each class, giving the parents an insight into the work carried on by the class-room teacher and pupils.

Compulsory Sewerage Connection In Borden

BORDEN — A by-law to make compulsory all taxpayers owning property to have the same connected to the main sewage lines in the town of Borden was passed last night at the regular monthly meeting of the town council.

The meeting was under the chairmanship of Mayor Gilbert Bell and councillors McAleer, Mac McKenna, Mactor, Fleming and Westhaver attended.

Following some discussion it was decided that an application for a building permit to renovate a building for a residence be refused.

The problem of dogs running loose on the town streets was discussed and resulted in a decision to take action with a severe penalty in the future.

It was also agreed at the meeting to pass a by-law to have all bicycles in the town registered at the fee of $1.

Correspondence was read from three companies regarding street signs which is a project of the town in the near future.

Weight restrictions in the town of Borden will go into effect when the government restrictions are imposed.

It was noted that a collection is being taken up in the town by the two church groups on behalf of the Allan accident victim.

WESTERN BRIEFS

IN HOSPITAL

Mrs. Atwood Blakeney, Kensington, is a patient in the Prince County Hospital, Summerside, where she is receiving treatment.

RUB AWAY THROBBING ARTHRITIC AND RHEUMATIC PAIN

Massage BUCKLEY'S WHITE RUB into the aching areas. Feel the comforting warmth as it goes to work on the tiny blood vessels beneath the skin, stimulating circulation and helping to ease arthritic and rheumatic aches and pains. You move more easily by day and rest better at night. Sold everywhere. 25¢. Prove it yourself.

SPECIAL TRIAL OFFER

Simply send 25¢ today with your name and address to W. K. Buckley Ltd., 559 College Street, Toronto, for trial-sized jar.

March Storm Dumps 4 Inches Of Snow Here

At eight o'clock last night 3.8 inches of snow had fallen on the Charlottetown area with the winds from the east at 18 miles an hour. The temperature was between 17 and 19 degrees and the barometer stood at 29.75 and was falling.

Summerside received 4.3 inches of snow as of 8 p.m. last night with east winds at 15 to 20. The snow there was expected to stop in the early morning. The temperature was around 17 degrees and climbing slightly. No plows were dispatched as roads were reported in good condition.

Alberton had been receiving snow off and on all day, heavy at times and drifting very badly. Traffic was moving though the visibility was reported poor.

Roads in the Charlottetown area were reported clear with little drifting. All main roads and side roads were reported open by the department of highways. They said that there was not too much drifting and there were no plows out. The plows were expected to be out in the morning to clean up the snow.

BYELECTION SLATED TODAY AT SOURIS

SOURIS — Voters here go to the polls today to elect a councillor to fill a vacancy created when John J. MacDonald resigned.

Contesting the seat are George MacEachern and Michael LaVie, both newcomers to civic politics. Polls are open from 9 a.m. to 5 p.m.

A comparatively light vote is expected as the campaign has been very quiet. More than 200 are eligible to vote.

This is the third attempt to fill the vacancy. The first by-election was called in February but a severe snow storm tied up the town and voting was called off. Another date was set and nominations taken but the proceedings were ruled illegal.

The former councillor, Mr. MacDonald, was CNR agent here. He reached the retirement age and moved from the town.

CITY COUNCIL

(Continued from page 1)

the City's ideas on the attraction of conventions to the Island's capital after this year's centennial celebrations.

The Board of Trade stated that it was in agreement with the idea and it hoped that the City would make some move in this area in the near future.

Referring to the possibility that the Government might use this as a means of closing its Tourist Bureau in the City, Coun. Nicholson said that he hoped that the Government is not "trying to shuffle its responsibility onto the City", Coun. Gillis also expressed the hope that this was not the Government's intention.

There was some discussion as to the possibility that the manager be paid in part by the businesses that directly benefit from the conventions, and Coun. MacRae suggested that the convention manager could also work on the promotion of small industry to the area.

Coun. MacNeil thought that the Council should wait until more concrete proposals were received from the Government and the Board of Trade, and with this the matter was dropped until the Council's next regular meeting.

FIRE PROTECTION

A request by Minister of Public Works, Hon. Phillip Matheson, for fire protection at Government buildings outside the city was granted. City comptroller John Butler was instructed to prepare to re-negotiate the agreement between the City and the Province as far as the Fire Department's grant is concerned. It was suggested that with the new equipment recently purchased, and the large area protected by the department that the grant should be increased to $5,000.

Council was informed that the request of the Attorney General, that he be supplied with a report on the police activity in the city was filled and that Department is now being supplied with copies of the Police Chief's report.

SIDEWALK SNOW

Commenting on a letter from the Board of Trade which suggested that the City remove snow from the city's sidewalks, Coun. MacRae said that he was "frightened of it," and didn't think that the City could afford the operation. He felt that this city should wait for several years to see how other cities who have begun this system get along.

Coun. MacNeil felt strongly on the subject and he said that "the sooner we get our feet wet, the better," and Coun. Corrigan said that she couldn't remember when "the sidewalks were in such a terrible condition, and when I've heard so many complaints."

Mayor Gaudet said that he couldn't agree more, and it was decided to renew the subject when Coun. MacRae brings in his estimates and they will include an estimate on the cost of sidewalk snow removal.

MERMAID COMPLAINTS

With regards a letter from the Mermaid Women's Institute, complaining of the garbage blowing across the river from the city dump, Council was informed that this will not be a problem with the new teepee incinerator and that a crew of men will be dispatched to clean up the area across the river, as soon as weather permits.

A committee was appointed to look into changes in the Civic Election Act and is to report in the fall. Members of this committee are chairman, Allison Gillis and members are Dr. Douglas MacDonald and Frank Zakem.

Due to the absence of Coun. Hyndman, Coun. Cox read the report of the Finance Committee and said that the committee "feels that it is useless to go ahead with the estimates until the Government approves the new business occupancy tax system."

SNOW REMOVAL

Coun. MacRae reported that the street committee had spent $33,000 this winter in the removal of snow. The street committee will meet next week to discuss the applications received for the position of City Engineer. Coun. MacRae reported that 16 applications had been received for the position.

Reporting for the town planning committee, Coun Walter Cox moved a resolution that the old MacInnis Bakery property in the Granville — Bishop St. area be purchased by the City as well as the barn adjacent to it, the property of Gordon Stewart in order to allow the widening of the lane between Granville and Bishop Streets. Coun. Cox also suggested that the narrow lane which connects Granville and Upper Prince Streets be closed to motor vehicle traffic.

POLICE COMMITTEE

Reporting for the Police committee, Coun. MacNeil said that the Police force is to be congratulated for its fine showing during Brier week, and these sentiments were shared by the other members of the council.

Commenting on the recent "bomb scare" at Eaton's Charlottetown store, Coun. MacNeil said that he felt very strongly about the reaction of the manager to the Chief of Police's request that the store be closed for the hour from 1.30 to 2.30 and that should the situation arise again, the Chief would definitely close the store, regardless of the wishes of the management.

NO ADMISSION

To clarify any statements about admission being charged at the Charlottetown Forum, for Sunday skates etc. the Council, through Forum Committee chairman Coun. MacDonald stated flatly that no admission was being charged and Coun. MacNeill added that no person, refusing to give a donation to the Ministerial Association would be refused admission.

Pine Hill Convocation Slated For Malpeque

The annual fall convocation of Pine Hill Divinity Hall Halifax, is to be held at Malpeque P.E.I. it was announced at a meeting of the United Church's Prince Edward Island Presbytery recently.

The divinity hall is the seminary for training ministers of the church.

It is rare that its convocation has ever moved out of Halifax and the church at Malpeque was chosen to be so honored because it was the home of Dr. John Keir who conducted a theological college at Malpeque beginning in 1843. It was one of the forerunners of the present Pine Hill Divinity Hall, in Halifax.

The presbytery approved the request of the college to hold its convocation at Malpeque Sept. 23. A school of theology for ministers of the Island will be held on the two days following the special convocation and will be led by the staff of the college. This will be in Trinity Church Summerside.

TO REDECORATE

Permission of the court was granted to Covehead pastoral charge to proceed with an extensive program of redecoration and refurnishing the West Covehead Church. The historic church will be completely refinished inside for this summer when again it is expected that the tourists will overflow the church that has become widely known as "The Church In The Wood".

A presentation by the Christian education committee brought the Presbytery up to date on the new curriculum. A group led by Rev. L.M. Murray presented the report and included: Mrs. G. MacDonald on "The Background"; Keith Lapp on "The Testing School"; Mrs. L. M. Murray on "The Role of the Curriculum Consultant".

CAMPING DATES

The chairman of the committee, Rev. D. Hamilton released the dates of the summer camping program which will include: Intermediate Girls (12-14) July 2-9; Young People's Camp July 10-12; Senior Girls (14-17) July 14-21; Junior Boys (9-11) July 23-30; Intermediate Boys (12-15) Aug. 10-17; Junior Girls (9-11) Aug. 1-8.

On behalf of the missionary and maintenance committee the court was addressed by Dr. H. M. Dawe superintendant of home missions for the Maritime Conference. He introduced a program entitled "Program of Proportinate Responsibility." This is an effort to "help congregations set for themselves challenging objectives, looking to the day when the congregation gives as much money to others as to itself".

It is hoped this program will be advanced to the point where it can be put into action by 1965.

The presbytery meeting which had been scheduled for Trinity Church Charlottetown, met in nearby Zion Church due to a heating plant failure at Trinity.

New Legion Home Planned In Kensington

KENSINGTON — A delegation from the Canadian Legion branch here met the town council at its monthly meeting last night with a request for a permit to build a new Legion home. The building will be on property already occupied by the Legion on Victoria Street West. The delegation was headed by Legion president, Clair Mayhew.

A bylaw was passed to provide for the impounding of dogs running at large within the town. It also provides for action in the case of dogs "barking or howling" to the annoyance of neighbors.

The council considered construction of a float for centennial year, and to commemorate the 50th anniversity of the town, which also occurs this year.

NOURISHES ITSELF

Spanish moss draping trees and fences isn't a parasite but an epiphyte, or air plant that gets no nourishment from its host.

TOP COMEDY PLAYS HERE

ELEANOR HOGAN

St. Patrick's is fast approaching and The Benevolent Irish Society is ready once again with a delightful St. Patrick's play for local theatre goers.

This year it's "Begorra, Look Who's Here," a spackling three-act comedy that is chalked full of laughs. You'll howl with delight from start to finish as nine talented actors and actresses present this laugh bit to you.

Birchwood High School auditorium is the site and the dates are March 16 and March 17. A children's matinee is set for Friday afternoon, March 13 at 3.30.

Included in the all-star cast is Eleanor Hogan (above) who gives a fine portrayal of Rose Stanford.

Tickets are going fast. Get yours today. They are on sale at Giggey's Pharmacy, Stead's Pharmacy, Hughes Drug, Medical Pharmacy, Cantwell's Pharmacy, Parkdale Pharmacy and Reddin Bros.

Act before it's too late.

DEFICIT

(Continued from page 1)

the Liquor Control Act that will let you borrow $2 million more," he said.

Provincial Treasurer Mr. Farmer pointed out that there were "mortgages against them."

"I know there are mortgages," Mr. Matheson said with unconcealed delight. "Let me tell you what they're worth."

He then went on to give several cases of mortgages which were not being paid off.

GOVERNMENT GUARANTEES

Mr. Matheson, adding up amounts tabled in the answer to the question regarding the guaranteeing of bonds, told the House that the total amount of these guarantees issued from April 1, 1963 to Feb. 10, 1964 was $10,290,000.

He charged that some of these guarantees were not listed in the Public Accounts.

"I maintain that section 13 of the Treasury Act compels these to be recorded," he said.

He added that when he had mentioned this several days previously, Mr. Farmer had said that this had "never been done before."

Mr. Matheson said that although the former government (Liberal) had done borrowing from banks in the city, that "the present government owes each bank on P.E.I. and quite a few outside the province."

Mr. Matheson read out various items in the list of government guarantees.

"All those are good securities," Mr. Farmer pointed out.

Mr. Matheson did not appear to agree. "Are they like Arnold Brick . . . or Sherwood Acres?" he asked.

"These are things that people should know," he said.

HOW MANY MINK?

Mr. Matheson brought up the subject of the mink farm at Morell, and asked how many animals were on the farm.

"In the vicinity of 4,000," replied Premier Shaw.

Mr. Matheson remarked laughingly that "hope springs eternal in the premier's breast."

"In the vicinity of 4,000," has rarely failed to generate laughter when it has been brought up in the house this session.

Mr. Matheson critized inconsistencies in government reports citing one particular figure which had been listed as $26,442,938.70 in the Public Accounts and as $26,243,936 in the Interim Statement.

"Which is right?" he asked.

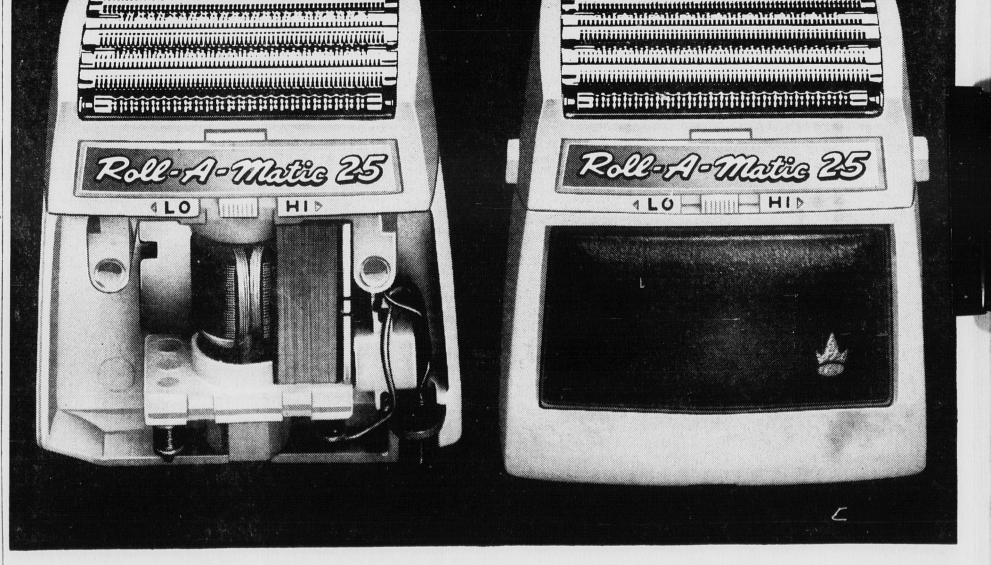
RESTRICTED EXPENDITURE

Referring back to the budget of 1960 Mr. Matheson noted that the provincial treasurer had advocated that the government adopt a policy of restricted expenditure; that the ratio of the increased expenditure be governed entirely by the amount of revenue flowing into the treasury.

"This has not been done," he said.

"I am frankly worried about the condition facing us" Mr. Matheson said. "I'm very happy I'm not the one that's responsible for it."

"I rejoice in your happiness," said Premier Shaw.



The remarkable Remington 25

A radically improved shaver motor plus 4 roller combs lets you shave with maximum comfort, as close as you want.

More power. That's the secret of the all new Remington 25. More whisker cutting power than ever before packed into a shaving instrument. Power enough to roll off the toughest beard fast and clean — no pinch — no burn — no drag — no whiskers!

And solid comfort. Roller combs—4 of them—roll your skin down, out of harm's way, then comb your whiskers up into the shaving head. You'll get closer shaves, far more comfortable shaves when you roll off your whiskers with the new Remington 25.

The Remington 25's combination of power and comfort is unbeatable—more power for high speed cutting, plus four big roller combs for man-sized comfort. Get one today from your Remington dealer, and more power to you. More comfort too.
