A CARD TO THE PUBLIC

WHILE taking this opportunity of thanking our numerous customers for the liberal manner in which they have patronized

OUR NEW STUDIO,

we would inform them that we have now increased facilities for the production of first-class work, and are prepared to make PHOTOGRAPHS of a Style and Quality that has never been before attempted in this City.

We have on exhibition, at our Rooms, a large number of Photographs of every variety, including the

BEAUTIFUL PHOTO-ENAMEL

the most beautiful style of Photograph known, possessing a softness and delicacy of coloring that has never been equalled. This elegant picture has become deservedly popular elsewhere, and cannot fail to become so here.

Though the finish of our Photographs cannot be excelled, we would direct attention to the beautiful

Glace' Pictures

which we make. They possess a highly enamelled surface, and are practically indestructible, and will retain their freshness and beauty for any length of time. If they become soiled they can easily be cleaned, as they will not lose any of their beauty by being wet. This valuable quality, combined with their remarkable elegance, make them very suitable for presents; while the difficulty of their production will prevent them ever becoming so common as to lessen their value. Our patrons can have one or all of their Photos finished in this style—an advantage which cannot be obtained elsewhere.

We give special attention to making Groups of Families, Societies, Schools, &c. Our pictures of children are sufficient evidence of our success in this difficult branch of our art.

Our ENLARGEMENTS, finished in India Ink, Pastel, Crayon, Oil and Water Colors, have made a favorable reputation for themselves throughout the Lower Provinces.

Parties intending to have Photographs made will find it to their advantage to sit early, as the number of our customers makes some delay in the delivery of the Photos unavoidable. We prefer to have our sitters come by appointment.

Photographs can be obtained for less money elsewhere; but in this case we ask that quality be given the preference; assuring the public that they will find our charges very moderate.
