Micellaneous Items.

The length of a mile is not the same in every country. The French kilometre is about equal to five-eighths of our English mile. A Spanish and Polish mile is about 3½ English miles. A Swedish, Danish and Hungarian mile is from 5 to 6 English. A Russian mile or verst is about ¾ of an English mile. The French metre is equal to 109 yards.

Billiousness—Fever and Ague.

So pleasantly does Dr. Morse's Indian Root Pills search out and drive away the seeds of disease that all persons living in a country where fever and ague and all other billious diseases are prevelent, will find they should never be without them From two to four pills each night upon going to bed, will, in a short time, drive away the sickly yellow looks of bilious persons, and bring to their cheeks a beautiful glow of perfect health. Dr Morse's Indian Root Pills are sold by all dealers in medicine.

The cultivation of the grape in France gives employment to no fewer than 23,000,000 people, scattered over 76 departments.

OTHER sufferers from cold in the head and catarrh have been promptly cured, why not you? Capt. D. H. Lyon, manager and proprietor of the C.P.R. and R. W. & O. car ferry Prescott, Ont., says: I used Nasal Balm for a prolonged case of cold in the head. Two applications effected a complete cure in less than 24 hours. I would not take $100 for my bottle of Nasal Balm if I could not replace it.

A test is to be made by the California Fruit Growers to determine whether the seeds of artificially fertilized figs will germanate.

An old family physician first recommended Johnson's Anodyne Liniment for colds, coughs

The first striking clock was imported into Europe by the Persians, about the year A. D. 800. It was brought as a present to Charlemange from Abdella, King of Persia, by two monks of Jerusalem.

Almost a century ago Johnson's Anodyne Liniment, a noble remedy, was first made known.

The New Toilet Gem.

Philoderma owes its immense success to the fact that it is radically different from any preparation in the market. It is a bland and soothing liquid, nicely perfumed, and when applied to the hands and face produces a delicious sense of coolness and comfort, exercising a direct curative action. It is entirely free from the sticky quality of glycerine and the greasy nature of camphor ice or cold cream. To those who are unable to use glycerine, from its irritating effect, Philoderma is a necessity. Those who use it have a beautiful complexion. It is harmless as milk. Sold by druggists everywhere. Price 25 cents.

Recent experiments show that California Redwood is the most nearly fireproof of all building woods known.

THE originator of Estey's Emulsion spent several years of his life in perfecting this preparation. Not a bottle of it was put on the market until he was satisfied that it was the best ever introduced for the cure of coughs, colds, bronchitis, and all wasting diseases Thousands of bottles have been sold, and he has never heard of a complaint regarding it.

Pointer for Advertisers.

No one who will take the trouble to look into the matter can doubt that there are many articles now regularly on the market which might be advertised with good profit in a general way. Some of them have gained a moderate sale on their own merits and without pushing. This condition of things seems to be satisfactory to the proprietor; possibly because he does not realize how profitably advertising would be for him, possibly because he does not know how to go about it. In either case he needs waking up.

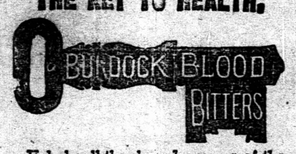
Great fortunes made by advertising Napoleons are often referred to. But who has counted the moderate fortunes, the comfortable competencies, and the steady sources of income that are to be credited to newspaper advertising? To dispence with advertising would dry up commerce and turn back civilization.—[Cincinnati Commercial Gazette.]

Well-written advertisements are more than fifty cent news. Assertions can be made and sustained that there are cases on record where there has been more real brain matter expended on the making up of an advertisement than in the construction of many pages which rest under the dignified name, literature.—[South Bend (Ind.) Tribune.

A Phenomenal River.

The St. Lawrence is a phenomenon among rivers. No other river is fed by such gigantic lakes; no other river is so independent of the elements. It despises alike rain, snow and sunshine. Ice and wind may be said to be the only things that effect its mighty flow. Something almost as phenomenal as the St. Lawrence itself is the fact that there is so little generally known about it. It might safely be affirmed that not one per cent. of the American public are aware of the fact that among all the great rivers of the world the St. Lawrence is the only absolutely floodless one. Such, however, is the case. The St. Lawrence despises rain and sunshine. Its greatest variation caused by a drought or rain hardly ever exceeds a foot or 14 inches. The cause of this almost everlasting sameness of volume is easily understood. The St. Lawrence is fed by the mightiest bodies of fresh water on earth. Vast as is the volume of water it pours into the ocean, any one who has traversed all the immense lakes that feed it, and for the surplus waters of which it is the only channel to the sea, wonder that it is not even more gigantic than it is. Not one drop of the water of the five great lakes finds its way to the ocean save through this gigantic, extraordinary wondrously beautiful river. No wonder that it should despise the rain and defy the sunshine.

THE KEY TO HEALTH.



Unlocks all the clogged avenues of the Bowels, Kidneys and Liver, carrying off gradually without weakening the system, all the impurities and foul humors of the secretions; at the same time Correcting Acidity of the Stomach, curing Biliousness, Dyspepsia, Headaches, Dizziness, Heartburn, Constipation, Dryness of the Skin, Dropsy, Dimness of Vision, Jaundice, Salt Rheum, Erysipelas, Scrofula, Fluttering of the Heart, Nervousness, and General Debility; all these and many other similar Complaints yield to the happy influence of BURDOCK BLOOD BITTERS.

THE BEST FAMILY PILL IN USE

FOR SALE BY ALL DEALERS

Keep the Works in good order.

NORMAN, Ont., January 15, 1890.

W. H. COMSTOCK, Brockville, Ont.

DEAR SIR,—Your "Dr. Morse's Indian Root Pills" are the best regulator for the system that humanity can use. Life is as the time piece: frail and delicate are many of its works. A tiny particle of foreign substance adheres to the smallest wheel in the works, and what is the result?—at first, only a slight difference is perceptible in its time keeping, but wait you; as the obstruction grows, the irregularity becomes greater, until at last, what could have been rectified with little trouble, in the beginning, will now require much care in thoroughly cleansing the entire works. So it is in human life—a slight derangement is neglected, it grows and increases, imperceptibly at first, then rapidly, until what could, in the beginning, have been cured with little trouble, becomes almost fatal. To prevent this, I advise all to purify the system frequently, by the use of Morse's Pills, and so preserve vigor and vitality.

Yours faithfully,
H. F. ATWELL.

DEAR SIR,—For many years, I have been a firm believer in your "Dr. Morse's Indian Root Pills." Not with a blind faith, but a confidence wrought by an actual personal experience of their value and merit. My business is such that I spend much of my time away from home, and I would not consider my travelling outfit complete without a box of Morse's Pills.
