Bowring Bros having hired it for the manufacture of these seals, especially.—St. John's Nfld., papers.

ALLEGED FIRE BUGS.—The Summerside correspondent of the Guardian writes: Two young men named Calicut and Morril, of Lot 7, have been arrested on a charge of having set fire to Mr. Theodore Wright's barn last week, which, it will be remembered was totally consumed. They were tried before Peter Doyle and James Gorman, Esqs., J. P., and committed for trial at the Supreme Court next June term. They were brought to Summerside on Saturday by constables Macdonald and Walsh, of Campbellton, Lot 4, and lodged in jail to await trial as above.

ANOTHER RAILWAY SHUFFLE.—The Moncton Times says: Another shuffle in connection with the management of the I. C. R., is anticipated in railway circles. It is rumoured that a change is to be made in the divisions. At present district Superintendent Price has charge of the road between St. John and Halifax, and district Superintendent Rennels looks after the line between St. Flavie and Moncton; subject, of course, in both cases to the general manager. It is now said that it is contemplated to make a Nova Scotia and a New Brunswick division.

ADDRESS AND PRESENTATION.—About fifty of the friends of Dr. McNeill met with him in the Foresters Hall, at Kensington, on Thursday evening last, and, according to the Summerside correspondent of The Guardian, a most enjoyable evening was passed. After the meeting was organized Rev. Thos. McKay, on behalf of those present, presented Dr. McNeill with a short and suitable address accompanied with a gold headed cane and a diamond scarf pin. The cane is a very handsome one with the following words engraved on it: "To A. McNeill, M. D., from friends in Kensington, April 7, 1898." After the presentation Dr. McNeill made a very appropriate reply thanking all for the evidence of their good will towards him and expressing his regrets at leaving a practice and a place where he was always treated in such a kindly way. This was followed by remarks from several others present, interspersed with songs, &c., after which the meeting dispersed.

RING OUT THE BELLS.

Hear what Madame Albani's special accompanist has to say about the

BELL PIANOS

THE QUEEN'S,
TORONTO, Feby. 22nd, 1897

TO WHOM IT MAY CONCERN:

In connection with my visit to Canada as Pianist to Madame Albani, I have had occasion to observe various makes of pianos, and have been much impressed with the advances which are being made in the art of piano construction in this young and flourishing country. One of the most recent instruments to arrest my attention—and I might say one of the best—is the well known "Bell" Piano. Its tone is admirable throughout, and the touch firm and responsive—just what we musicians like—in fact, an excellent piano in every respect. The new Orchestral Attachment (which I understand can be obtained on "Bell" pianos only) is also an excellent feature, and one which will doubtless excite interest with all classes. I do not hesitate to say that I consider the "Bell" piano a good, honest instrument, and so recommend it to any intending purchaser.
