

Most all Clothes

Have their good points, but one wrong item spoils the whole—Shorey's clothing has been demonstrated to be perfect in fit, up-to-date in design, with everything, from the match of the buttons to the colour of the lining in perfect keeping. As an evidence of the workmanship a signed guarantee is given with every garment that it will not shrink, and that your money will be refunded if the workmanship gives out. If you accept any inferior make of clothing after this you will have only yourself to blame. 17

ALIS HOOPER ESCAPED

Because She Used Dodd's Kidney Pills and so Cured Female Weakness

NORWICH, Ont., Oct. 3.—Mrs. J. S. Hooper, wife of Mr. J. Stanley Hooper, of North Norwich township, is a living proof of the unapproached value of Dodd's Kidney Pills, in the treatment of diseases of women.

Mrs. Hooper was a martyr to Female Weakness and Kidney Disease for twelve years. Norwich, Detroit and Buffalo physicians treated her unavailingly. She then tried Dodd's Kidney Pills. Four boxes cured her thoroughly, and made her as healthy, strong and vigorous as she ever was. Dodd's Kidney Pills are women's best friends.

Time is precious," remarked the minister.

"It is indeed," replied the man of business, "and I've wasted lots of it."

"By indulging in foolish pleasures, I suppose," said the good man.

"No," replied the other. "I lost it by being punctual in keeping my appointments with others."—Chicago News.

Indigestion and Stomach Troubles Removed by South American Nerveine—Four Bottles Brought Back Health and Vigor

Mr. Jas. Sherwood, of Windsor, Ont. writes: "For twelve months I was a great sufferer from indigestion and stomach troubles. After trying other remedies without any benefit whatever, I was attracted to South American Nerveine through great cures I read of it making, and I decided to try it. After a few doses I felt great relief and benefit. I have taken four bottles, and although I am 70 years old I give this thankful testimony for relief from the great suffering I had. I consider it a great medicine." Sold by Dr. S. W. Dodd, and Geo. E. Hughes.

Flight of the Butterflies.

One of the most beautiful sights in the world is the annual migration of butterflies across the isthmus of Panama. Where they come from or whither they go no one knows, and though many distinguished naturalists have attempted to solve the problem it is still as strange a mystery as it was to the first European traveler who observed it. Toward the end of June a few scattered specimens are discovered flitting out to sea and as the days go by the number increase, until about July 14 or 15 the sky is occasionally almost obscured by myriads of these frail insects.

Not His Legs.

A Russian peasant having gone to the town to buy himself a pair of new boots, fell asleep by the roadside on his way home and was stripped of his cherished boots by a light fingered tramp, but his sleep remained unbroken till a passing wagoner, seeing him lying half across the track, shouted to him to "take his legs out of the way."

"My legs?" echoed the half aroused sleeper, rubbing his eyes. "Those legs ain't mine. Mine had boots on!"—Paris Figaro.

Piles Cured Without the Knife by Dr. A. W. Chase's Ointment.

Mr. Geo. Crowne, painter, of Woodville, Ont., Victoria Co., says:—"For thirteen years I was a sufferer from bleeding piles and the intense agony which I passed through during those years and relief I obtained by Chase's Ointment prompts me to give this testimonial. My physician wished me to have an operation but I felt I could be cured without the knife. Three boxes of Dr. Chase's Ointment stopped the bleeding and effected a permanent cure."

His Compliments.

A few weeks back a wedding breakfast was given by a substantial farmer blessed with five daughters, the eldest of whom was the bride. A neighbor, a young farmer, who was honored with an invitation, thinking no doubt that he ought to say something complimentary upon the event, addressed the bridegroom thus:

"Well, you have got the pick of the batch."

The faces of the four unmarried ones were a study.—London Fun.

The Sapper and the Sentry.

While stationed at Gibraltar I overheard, says a "regiment" story teller, the following colloquy between an infantryman doing sentry go and a sapper out with his sweetheart:

Sentry (who sees sapper coming)—Halt! Who goes there?

Sapper (trying to look big)—Engineer and his lady.

Sentry—Advance, sapper and servant girl. All's well.—London Globe.

WILL DIE BEFORE DAYLIGHT.

Would Have Been Her Answer to Your Query—When?—But Dr. Agnew's Cure for the Heart Snapped the Death Strings.

Mrs. B., 186 Queen street W., Toronto, gives this unsolicited testimony: "For a number of years I had been a great sufferer from heart troubles, had smothering sensations, palpitation, neuralgic thumping, was very easily fatigued. I was induced to try Dr. Agnew's Cure for the heart when I had despaired of living through the night. The benefit was instantaneous. I have taken five bottles and have no hesitation in heartily recommending it, and will be glad to communicate with any one desiring it." Sold by Dr. S. W. Dodd & Geo. E. Hughes.

OFFENSIVE EVEN TO MYSELF

Was My Catarrh—Dr. Agnew's Catarrhal Powder De throne d It After Twenty Years Reign.

F. A. Bottom, druggist, Cooksire, P. Q., says: "For 20 years I suffered from catarrh. My breath was very offensive even to myself. During that time I tried everything that came my way which promised me a cure. In almost all instances I had to proclaim them a good at all. I was induced to try Dr. Agnew's Catarrhal Powder. I got relief instantly after first application. It cured me and I am free from all the effects of it. I am a thorough believer in its curative powers." Sold by Dr. S. W. Dodd and Geo. E. Hughes.

A Wonderful Map.

The Ordnance survey map of England, which contains over 108,000 sheets, and which has cost \$1,000,000 a year for 20 years to keep up to date, is said to be the largest map in the world. The scale varies from ten feet to one-eighth of an inch to the mile. The details are so minute that sheets having a scale of 25 inches show every hedge, fence, wall, building and even every isolated tree in the country.

One Definition.

"What is your idea of a political economist?"

"Well," replied Senator Sorghum reflectively, "there's lots of different kinds. But my idea of the genuine article is the man who manages to put by enough while he has an office to pay the expense of getting it for another term."—Washington Star.

A Forgetful Bishop.

An English bishop, noted for the shortness of his memory, was one day waiting at a station for a train. Being in good time, his lordship was indulging in a solitary trot up and down the platform. While thus engaged, he came in contact with a young officer whose face seemed familiar to him. Meeting him again, he said "Good morning."

At the next encounter the bishop stopped, saying, "How is your father?" The gallant soldier replied, "He has been dead for many years." The bishop tried again with the query, "How is your mother?" "Well," said the officer, smiling, "I think she must be all right, or you would have heard had she been indisposed."

The bishop walked away, but his curiosity was greatly aroused. Seeing the station master, he at once asked him if he could enlighten him as to who the young officer was with whom he had been conversing. "Oh," replied the station master, "why, your lordship, that's the Duke of Connaught."—Household Words.

A Brave Briton.

When the attack was made on Sidon, during the war with Syria, it became necessary for the British troops to advance across a long, unprotected bridge, in the face of a battery of six guns, which completely commanded the approach. The men were unwilling to expose themselves to certain death, when Arthur Cumming, carefully dressed in full uniform, stepped forward to the middle of the bridge. It was immediately swept by the fire of the battery. When the smoke had rolled away, there stood Cumming intact, carefully brushing the dust from his boots, after which he stood erect, fixed a single glass in his eye and looked back at the men. This was too much, and they captured that bridge and battery with a whoop.
