ELECTION INTELLIGENCE.

The Election came off all over the Province on Tuesday, 22d inst. That for the County and Township of Halifax was conducted in the most orderly manner, and resulted in a signal triumph to the progressive party.

The majority of Mr. Wier—the gentleman that Mr. Pryor was brought forward to turn out—is 1467, and Mr. Annand's majority over Evens in twenty-two of the thirty-one Wards of the County heard from, is 2052.

Lennox has thrown out the Conservative members and returned three Liberals—Geldert and Ryndard for the County, and H. Bailey for the Town. Shelburne remains, politically, as it was—Locke, Liberal, is returned without opposition.

White, Tory, displaces Thomas Coffin, Liberal; and R. Robertson, Liberal, succeeds Josiah Coffin, Tory.

We have good news from Queen's, the hitherto stronghold of Toryism in the West. The Liberals have carried one of the County Seats, and returned Mr. E. D. Davidson in opposition to S. P. Fairbanks. Messrs. Campbell and McLearn, Conservatives, are the other members.

Killam for the County of Yarmouth, and Ryder for the Township of Argyle, both anti-progressive, have been returned. Mr. Moses, who succeeds Mr. Shaw for the Township of Yarmouth, is said to be one of the Killam school.

Digby returns three Liberals—Wade, Bourneuff and Robichaw.

Annapolis sends the old Tory hacks—Johnston, Thorne and Whitman.

From King's we learn that S. Chipman has been re-elected for Cornwallis, and Dr. Brown for Horton. Dr. Webster, Liberal, and C. Bill, Conservative, are the County members.

The Provincial Secretary takes his seat for Windsor, and Mr. Chambers, Liberal, has been returned for Newport. Mr. Churchill, Conservative, succeeds E. Young for Falmouth.

For the South Riding of Colchester the Liberals lost Crookman, who is succeeded by H. Hyde. Capt. Morrison, Liberal, represents the North Riding, A. G. Archibald and McLellan both re-elected for the County.

The Liberals of Pictou have returned Capt. George McKenzie and A. C. McDonald, Esq., beating Holmes and Murray for the County. M. I. Wilkins had a narrow escape for the Township, his opponent, R. J. Grant, being only 15 behind at the close of the poll.

The County of Sydney sends the old members—the Sol. Gen. and W. McKenzie—without opposition. These are all the returns we have up to the time of going to press, but enough is known to satisfy us that a good working majority has been elected to sustain the Liberal Government.

Since writing the above we are pained to learn that Cumberland has been lost. The members elect are Tupper, McFarlane and Bent.

Good news from Hants! The Liberals, Parker and Dimock have carried the County. Williams sits again for Windsor, and Chambers comes for Newport. The only Tory from Hants is Churchill, who has been returned for Falmouth. Well done Hants.

THE SHIPPING OF THE WORLD.—THE MARITIME POPULATION.—The London News of the 12th of April has an elaborate article on the Shipping of the world, which shows that the floating tonnage of the civilized world, excluding only China and the East, consists of 136,000 vessels of 15,500,000 tons. The number of seamen it sets down at 800,000, and including the Eastern and other States, of the maritime population of which we have no accounts, there must be at least a million of persons engaged at sea, and generally on the ocean.

A pamphlet professing to contain the Russian official account of the battle of Inkerman has appeared at Berlin. One very interesting fact is contained in the introduction, but unfortunately comes to us too late to profit by. After the battle of the Alma and the march of Prince Menschikoff to Etkahiserai, the whole garrison of Sebastopol consisted of just four battalions and the body of seamen; at that time, also, none of the present outworks existed, with the exception of the wall of the town.

SHIPWRECK AND GREAT LOSS OF LIFE.—The Prussian steamer Dantzig from Settin for Memel, was lost upon a sand bar 17th ult, while endeavouring to enter the latter port, and 83 Belgian passengers and all the crew were drowned.—Only two passengers were saved.

SIR JOHN BURGOYNE ON THE SIEGE.—At a dinner at the Mansion-house, London, on Saturday evening, this distinguished engineer officer, in acknowledging the toast of the "French and English Army," said, "Sebastopol, no doubt, presents to our arms an enterprise of great difficulty, but I take it all the better for that, (laughter), and I only regret that I could not stay in the country to see the end of the siege, which I am sure will be favourable to the allies."

The Canadian estimates for the year 1855 are:—Anticipated revenue \$4,266,000; anticipated expenditure, \$1,252,500.

All accounts agree that the Spring fleet from Great Britain to Quebec will be unusually small during the present season, timber being in little demand.

It is rumored that several hundred men, French, German, &c., have been engaged in New Orleans, and that they may soon be expected to arrive in Halifax, to serve in the Foreign Legion.

It is gratifying to observe that large quantities of Breadstuffs are daily arriving at this port, from the United States, and it is to be hoped that an influx of these necessities will bring down the price of provisions generally. Potatoes commands 5s. per bushel.—Halifax paper.

The wheat crop throughout Western Canada looks exceedingly well. The fall wheat is entirely free from winter killing, and as there is now no danger of its being injured by the frost, the prospect of an abundant harvest is very encouraging. The quantity of land under wheat is far greater than in any previous year.

Horace Greely, editor of the New York Tribune, writing from London under date of 25th ult., states that affairs there do not wear anything like the smiling aspect they did at his previous visit, on the opening of the Crystal Palace in 1851. John Bull's countenance is clouded in contemplation of the Eastern war; but Mr. G. heard nothing to induce him to suppose that the people of England were disheartened at the want of success; on the contrary they express a determination to crush the Russians at all hazard, and cost what it may.

UNITED STATES.

WASHINGTON, April 28.—The Union this morning has a long article on the state of our affairs with Spain. It states that the President regards the recent bringing to and examination of American vessels as a violation of international law, indignities to our flag, and aggressions upon our rights, which will not be tolerated. Com. McCauley is not to argue

with Spanish cruisers as to the right of search or visitation, but to say to them, "you can claim no right of search, visitation or examination of any vessel rightfully bearing our flag upon the high seas, under any guise or pretext, in my presence, or within my reach; if you attempt it, the act will be done at your peril." The Union further says that the Spanish government have the issue of peace or war in their own hands. If they persist in their aggressions war is inevitable.

ELECTION RIOTS IN KENTUCKY.—The Louisville Democrat of the 7th inst., gives the details of a series of disgraceful election riots, which occurred in that city on the 5th inst. Early on Saturday morning a party of K. N. ruffians took possession of the polls of the 1st and 2d Wards, and allowed no one to vote, native or foreigner, except members of their own order. Pistols, clubs, and stones were freely used during the day, and several men, mostly Germans, were bruised and mangled in a shocking manner. One man, 70 years old, was knocked down while entering his own garage, and beaten nearly to death. The rabble stoned a funeral procession, and burst into the house of a German brewer, when they broke up his furniture, beat and insulted his wife, and horribly pounded two young men, who had taken refuge in the house. Several American citizens of respectability were assaulted and fired upon for refusing to tell how they had voted, or wished to vote. The Democrat estimates that as many as 150 men, women and children were injured more or less during the day, some of them at a distance remote from the polls. It is remarkable that no one was killed, so far as had been ascertained.

ROMANTIC BUT TERRIBLE TRAGEDY IN WISCONSIN.—At Benoit, on the night of the 23d ult., the wife of a citizen of that place awoke and saw a man with a dark lantern in the bed-room, and awakened her husband with her screams. As he sprang from the bed the intruder fired at him with a pistol, the ball just missing his head and burying itself in the pillow. Snatching a double-barrel gun from the wall, he discharged both barrels at the intruder. The contents of one barrel entered the man's head, and the other his body, killing him instantly. Leaving the body where it fell, the gentleman and his wife proceeded to the nearest neighbor, told him what had happened, and induced him to return with them to his house. But imagine the feelings of the neighbor, a man himself universally esteemed and respected, to recognize in the mangled body of the dead robber his own son!—Boston Traveller.

The young ladies of the Illinois Institute at Wheaton, Du Page county, recently passed the following resolution unanimously:—

"Resolved, That we, young ladies of the Illinois Institute, pledge ourselves not to keep company with or join in the sacred bonds of matrimony with any young gentleman who is not in favor of the Maine liquor law, or some other prohibitory law."

A collection was taken up in one of the New York churches for the St. Luke's Hospital, and on the plate was found a roll of \$1,000 bills. Nobody knew who the donor was.

RUM FOR THE CRIMINALS.—The bark Volunteer, of Boston, has been chartered at Matanzas to carry 50 pipes and 1,000 barrels of rum to Balaklava.

Michael L. Sullivan, an Illinois farmer, it is said, is about to plant ten thousand acres of corn. He was formerly one of the largest farmers of the State of Ohio for many years, and according to a contemporary, he could ride in a direct course fifteen miles through his own corn fields.

Thomas Wigglesworth, one of the oldest merchants of Boston, is dead. He leaves \$2,000,000.

Upwards of four thousand bushels of potatoes arrived at Philadelphia, from Nova Scotia, on the 8th inst.

The prevailing high prices paid for potatoes in the United States have induced the farmers to turn their attention to an increased growth of this esculent, and an unusual breadth has been planted this season.

One of the most eminent lawyers in the City of New York, having been consulted, has given it as his opinion that the Prohibitory Liquor Law cannot be legally carried into effect in that State.

From all accounts the missionaries of the Mormons are proselyting vigorously in Europe just now. We are informed that more than five hundred Latter Day Saints arrived at Philadelphia from Liverpool on Saturday, in the ship Juventa; and four hundred and twenty-four other zealots reached the same port a few days previous, all bound direct for Great Salt Lake City.

Mr. Hiss, one of the members of the Massachusetts House of Representatives, has been expelled from that body, on account of his conduct while visiting a Catholic school or nursery.

CONCERT IN AID OF THE POOR.—The Ladies and Gentlemen who gave the last Concert in this City in aid of the Patriotic Fund, afforded another musical treat to our inhabitants on Tuesday evening last, the proceeds of which are to be devoted to local charitable objects. The music was of a high order, and well sustained. A very respectable audience was in attendance, but not so large as the object, apart from the merit of the performers, should have attracted. The Vocalists displayed even more than ordinary ability, and their several pieces met with much applause; some elicited a very flattering encore, which were accordingly repeated, although the performance of some thirty pieces, as promised in the Programme, was of itself no light task for one evening. The Instrumental music seemed to have met with increased popularity. Thus, the musical entertainments of the present season, so far as we are aware, have all taken place; and by their means, considerable money has been realized for the benevolent objects for which they originated. In every instance, the performers have given their services free of the smallest pecuniary remuneration; and the only reward that they have obtained, or expected to obtain, is the conviction that by their efforts an amount of poverty will be relieved, and much grief assuaged.—Advertiser.

An accident by fire took place at the house of Barney McCarey, of Belfast, on Wednesday the 16th inst., in the absence of McCarey—who is mate on board the Steamer Rosebud—destroying his dwelling house, furniture, seed grain, potatoes, barn and hay. This unfortunate man's services have been well known to the travelling community on board the different steamers plying between this port and the neighbouring Provinces for some years past, and we hesitate not to say his case deserves public sympathy and assistance.—Id.

THE GREAT AMERICAN HAIR TONIC.

Bogle's celebrated Hyperion Fluid, for the growth and preservation of the Hair is well known to be without a rival on this continent. Hundreds of imitations have started into an ephemeral existence since the introduction of this unrivalled Hair restorative, and their doom has been sealed, whilst Bogle's Hyperion Hair Fluid, with a popularity never attained by any other article, goes on conquering and to conquer. There is no malady, which can affect the Hair but can be cured by this incomparable preparation. To ladies it is invaluable; and on children's heads it lays the foundation of a good head of Hair. It is now patronized by Her Majesty the Queen of Great Britain, and commands an extensive sale throughout Europe.

GREAT ENGLISH REMEDY!

The most valuable Spring and Summer Medicine in the World:

Dr. Halsey's Forest Wine.

Patronized by the nobility and medical faculty of England, and esteemed the most extraordinary medicine in the World.

MEDICINE containing molasses or liquorice—like the boasted Sarsaparilla, require many large bottles to produce the slightest change in health. The Forest wine is altogether a different article. It contains no syrup to give it consistency, but acquires its excellent flavor and powerful medicinal properties from the vegetable plants of which it is composed. The Forest wine combines the virtues of the WILD CHERRY, DANDELION, YELLOW DOCK and SARSAPARILLA, with other valuable plants whose properties are all most effective. Its high concentration renders it one of the most efficient medicines now in use. Sometimes less than a single bottle restores the lingering patient from weakness, debility and sickness to strong and vigorous health. Every dose shows its good effects on the constitution, and improves the state of the health. The Forest Wine is recommended in the strongest terms for all complaints of the stomach,

Liver, Kidneys, Nervous Disorders, Bilious Affections, Dropsy, Dyspepsia, Loss of Appetite, Jaundice, Female Complaints, Scrofula, and all Disorders arising from bad blood and impure habit of the system. SAVED FROM DEATH.

Testimony of Mr. Nathan Mathews, a highly respectable and wealthy citizen of Newark, N. J.

Dr G W Halsey:—I believe your Forest Wine and Pills have been the means of saving my life. When I commenced taking them I laid at the point of death with dropsy, piles and asthma. My physician had given me up as past cure, and my family had lost all hopes of my recovery. While in this dreadful situation, your Forest Wine and Pills were procured for me, and before I had finished the first bottle of the Wine and box of Pills, I experienced great relief; my body and limbs which were greatly swollen became sensibly reduced. Hopes of my recovery began now to revive, and after continuing the use of your medicine for about a month, the Piles and Asthma were completely cured. The Dropsy, through which my life was placed in such great danger, was also nearly gone. I have continued the use of your medicines until the present time, and I enjoy as perfect health as ever I did in my life, although I am more than sixty years of age. Yours, respectfully, N MATHEWS.

Newark, N J, December 19, 1847.

GREAT CURE OF LIVER COMPLAINT OF TEN YEARS' STANDING.

New York, January 9, 1848.

Dr Halsey—Dear Sir:—Having taken your Forest Wine and Pills to remove a disease of the Liver from which I have suffered severely for upwards of ten years; and having adhered closely to the directions which accompany the medicines I have recovered my health, notwithstanding all who knew me thought my case incurable. Previous to taking the Wine and Pills, I had recourse to the best medical treatment, but continued to grow worse to an alarming degree. Some of my friends spoke disparagingly of my case, and tried to persuade me from making use of any advertised remedies; and I doubt not, that there are hundreds who are dissuaded from taking your excellent medicines in consequence of the deception and inefficiency of many advertised remedies put forth by unprincipled men in flaming advertisements. But, what a pity it is that the deception used by others should be the means of dissuading many labouring under disease from making trial and being cured by your excellent remedies. Humanely speaking, they have saved my life; when I commenced making use of them, I was in a wretched condition, but began to experience their good effects in less than three days; and in six weeks from the time I purchased the medicines, to the great surprise of all my friends, I was entirely cured, and had increased fifteen pounds in weight, having taken one box of Pills, and two bottles of the Wine. Would to God that every poor sufferer would avail himself of the same remedies. Yours, &c., JAMES WILTON.

NERVOUS DISORDERS.

Are diseases of the mind as well as of the body, usually brought on by troubles and affliction, and are most common to persons of delicate constitutions and sensitive minds. Low spirits, melancholy, frightful dreams, and fearful anticipations of evil from the slightest causes, generally accompanying nervous disorder. The Forest Wine and Pills are an energetic remedy in these complaints.

Extracts of a letter from Mr. Joseph C. Paulding, dated Philadelphia, September 7, 1848.

Mr G W Halsey—Dear Sir:—Your Forest Wine and Pills have cured my wife of a dreadful nervous disorder with which she had been affected for many years. Her body was almost wasted away. She was frequently disturbed in her sleep by frightful dreams, awakening quite exhausted and covered with perspiration, and at times labouring under the delusion that something dreadful was about to happen her. By the use of four bottles of the Wine, and a box of the Pills—she is now in perfect health. She has regained her flesh and color, and enjoys society as well as ever. J C PAULDING.

Dr David Mareia, a celebrated practitioner of New York, declared publicly that one bottle of Halsey's Forest wine contained more virtue than fifty of the large bottles of Sarsaparilla, Messrs S S Lammann & Co., one of the largest and most respectable druggists in Syracuse—in a letter says:—"From what they have heard and seen of Halsey's Forest Wine it is an excellent and good medicine, and will undoubtedly become the leading medicine of the day."

The Forest Wine is put up in large square bottles, with Dr Halsey's name blown in the glass, \$1 per bottle, or six bottles for \$5. Gum coated Pills, 25 cents per box. Agents are authorized to retail, as well as wholesale, on as favorable conditions as the proprietor, No. 161 Duane St. Corner of Hudson, New York. W R WATSON, General Agent. May 28, 1855.
