New Agency To Be Formed To Probe Foreign Control

By ROBERT RICE
OTTAWA (CP) — A new agency will be established here to process information on the extent of foreign control of corporations and unions in Canada, it has been announced.

The agency will come under the jurisdiction of the Dominion Bureau of Statistics. It will administer the government's Returns Act which goes into effect Jan. 1.

An administrative office has been established for the new organization and staff will soon be recruited to be in processing data from some 40,000 corporations and some 300 unions.

Under the law, passed by Parliament last April and proclaimed earlier this month, most corporations and trade unions are required to file detailed information on their financial structure and foreign control.

The information is divided into two categories—part to be available to the public for a small fee and part to be treated

the formulation of the laws of Canada.

In practice, this is expected to mean that the Dominion statistics will disclose, on request, confidential data collected under the returns act to civil servants in the higher echelons of government.

He is expected to require an assurance that the information will be used only in the development of government policy and legislation. The Returns Act bars the use of the information in any court proceedings.

Regulations spelling out the requirements of the new act were made Thursday.

NEW KENSINGTON RHS IS CLOSED IN

As is evident in the picture, the new regional high school at Kensington will likely open early this spring. Construction by the contractors, Williams and Murphy Ltd., has been progressing favorably all fall, and nearly all the outside work has been completed. Workmen are engaged in building the classrooms inside, a welcome relief from the cold winter winds.

Unemployment Talks Planned

LONDON (Reuters)—British treasury chief Reginald Maudling faces tough talks with union leaders Wednesday on the country's problem of rising unemployment.

The mounting total of jobless at 566,186 this month, the highest in four years—8.6 per cent, is being viewed by politicians to be the biggest single challenge facing the Conservative government and the chief reason for the persistent slump in its popularity at the polls in by-elections.

Annual Award Marks Good Citizenship

ISLANDER OF 1959: Lt.-Col. E. W. Johnstone

ISLANDER OF 1960: Capt. Carl F. Burke

ISLANDER OF 1961: Dr. Frank MacKinnon

ISLANDER OF 1962: Well, Who Will It Be?

READERS TO HELP CHOOSE "ISLANDER OF THE YEAR"

In continuation of one of the province's pleasant, growing traditions, selection is to be made soon of 1962's "Islander of the Year," to be honored with the Evening Patriot Award. All interested Islanders are invited to share in seeing that the honor goes where it is best deserved.

No "contest" of any sort is involved. The whole purpose of the award is to express appreciation, in behalf of the whole province, for notable acts of good citizenship or significant contributions to the well-being of the province during 1962.

A distinguished board of three judges, representing all three of the province's counties, will consider all nominations and make the final choice of the "Islander of 1962."

Announcement of the "Islander of 1962" selected, and of the event at which the award will be made, will be made shortly after judging is complete.

Nominations Close at Noon on Jan. 8

Selection rests solely with the judges, subject to the single instruction that the award should honor "that individual who has, during 1962, best used the means available to serve a worthy Islander purpose". It is to assist them in making their choice that letters of nomination are invited from interested Islanders.

Through these letters it is hoped that the names of all who should be considered, and deeds to their credit, will reach the attention of the judges.

No letter should exceed 300 words. All must be signed, but a pen name ordinarily will be used in case any of the letters are published. Only letters received by noon of Jan. 8, at the office of The Evening Patriot, will be considered.

Every letter received has the chance of greatly influencing the outcome.

Famed and Humble Have Equal Chance

"Islander of the Year" award, The Evening Patriot takes no part in the judging, but acts as a clearing house, while sharing with all Islanders in paying a significant tribute.

It is the belief of the paper that it should be as easy for the award to go to some person who is scarcely known beyond a limited circle as to one in a place of prominence—that the award should recognize the "use of the means available" even more than the size of some particular deed.

If those who write letters of nomination are guided by these thoughts, and proper nominations are received, the award can go to some woman who has made a quiet sacrifice to help a neighbor's child to health—to a pastor, teacher, or doctor who has been unusually effective in adding to the meaning of life for some person or group—just as easily as to some better-known person.
