NEWS BY TELEGRAPH.

THAMESVILLE, Ont., June 2.

A case of accidental poisoning occurred
last Saturday evening. Mrs. Robert Hen-
derson, of the Numship of Oxford, Kent
County, took in mistake for medicine a
quantity of oil of vitrol. A doctor was
called, but death ensued in about seven
hours.

HAMILTON, Ont., June 2.

On Friday a young man named Richard
Henry Grant, belonging to the township of
Caistor, and aged about 23, committed sui-
cide by shooting himself through the head.
The cause is supposed to be mental de-
rangement, superinduced by the burning of
a quantity of cordwood belonging to him.

LINDSAY, Ont., June 2.

A fatal accident occurred about five miles
from here, yesterday morning, in the town-
ship of Manners, causing the death of Mrs.
Richardson, who was on her way to church
at Janetville, accompanied by her son, who
was driving. The horse ran away, throw-
ing them out, and killing Mrs. Richardson
instantly. Her son was also badly injured.

UNITED STATES.

POTTSVILLE, Penn., June 2.

On Saturday an explosion of fire-damp
took place in Glendon colliery, killing one
boy and severely burning five others.

NEW YORK, June 2.

The recent imprisonment of a negro at
Richmond, Va., for miscegenation, has
caused much alarm to mixed couples. R.
T. Coleman, of Cumberland, a prosperous
negro, was to have been tried on Monday,
for marrying a white woman. On Sunday
she died, and it is believed the husband
poisoned her.

The Subproves of St. Mary's, Domini-
can, at New Orleans, recently received a
letter from her brother, W. T. Corbet,
stating he would shortly arrive in New Or-
leans, and threatening to assassinate several
heads of the Catholic Church. The police
were notified, and Corbet was arrested
while at the Cathedral inquiring for Father
Ronald. He was born in Ireland, and has
three sisters who are nuns; his brother, he
says, was hanged for attempting to kill the
Duke of Edinburgh. Corbet says he be-
came incensed because his parents willed
all their property to the Church. It is be-
lieved he is insane.

Yesterday morning a band of masked
men entered the house of a man named
Murray, who was accused of the murder of
Mrs. Costello, on the 18th instant, at
Eaton, Ky., took him to a tree about a
half a mile from his house, and hanged
him.

The N. Y. Tribune says Otto Strune, di-
rector of the Pulkana Observatory, an-
nounces that Russia has voted 250,000
roubles for the construction of the largest
telescope that can be advantageously made.
Strune intends to visit this country, ex-
amine the great telescopes made here, and
may contract with an American maker.

The steamer Adriatic, at New York, to-
day, brought 786 immigrants, mostly Swedes
and Norwegians, and all en route for Kan-
sas, where they propose to settle. During
the present month 18,328 immigrants have
arrived in New York, which is 7,000 in ex-
cess of the arrivals for the same month last
year.

PITTSBURG, Pa., June 2.

The agreement last year between the
iron merchants and the puddlers of \$5 per
ton for puddling, expired on Saturday, and
mill owners and their employes having fail-
ed during the past month to come to terms
for the ensuing year, work was suspended
this morning in all the iron mills in this
vicinity, and a serious lockout is threaten-
ed. The puddlers demand the scale of prices
paid them last year, while the manufactur-
ers claim they cannot afford to pay \$5 for
work done in other cities for \$3.50 or \$4.

A SERIES OF CALAMITIES.

SILVER REEF, Utah June 2.

This morning fire consumed all the busi-
ness houses on the west side of Main street,
and twenty residences; loss estimated at
half a million.

BERLIN, June 2.

The Russian towns of Wolniko and Gbo-
jez, and four large villages in various dis-
tricts have been burned. Thousands of
peasants have been reduced to beggary.

ATCHISON, Kansas, June 2.

A terrible rain and wind storm visited
Frankfort, Marshall County, at six o'clock
last evening, and lasted over two hours.
F. B. Taylor's warehouse was torn to pieces;
several small houses, stores and stables were
damaged. The houses of Messrs. Fox,
Caesar and Vaughan, three miles from the
town, were blown down, and the inmates
considerably injured. The Fox House and
contents were blown into the river. A
messenger just in from Irving says the
storm at that point blew down 16 houses,
killed 12 persons, wounded about 40, and
several are missing. The residences of Jas.
S. Warden, Mr. Armstrong, J. Williams,
Mr. Thomson and 12 others (names of own-
ers not given) were totally demolished.
The Presbyterian church, public school
building, and Irving elevator were com-
pletely destroyed. The east span of the
railroad bridge crossing the Blue River was
blown down. A committee, with funds,
provisions and lumber, left Atchison this
afternoon, to supply the wants of the

sufferers; another committee is soliciting
additional aid.

INDEPENDENCE, Mo., June 2.

A cyclone struck the earth four miles
from Summit, on Friday evening, and tore
through the country four hundred yards
wide and ten miles long, levelling every-
thing in its track. The house of Alexander
Scrubbs was unroofed, and his wife's skull
fractured.

ARCHISON, June 2.

The storm west of this city was far more
fatal than early reports indicated. Frank-
port specials give the following list of casu-
alties there and in the vicinity, comprising:
James Downs and wife, killed; John Howe,
a boy 13 years, killed; Mr. Grooves,
killed; Mrs. Johnson, Joshua Howe, James
Vaughan, Henry Sarzor, Robert Coughlin,
Miles Kelly and family, all badly injured.
At Irving twelve persons were killed out-
right and forty wounded, and most of the
latter seriously, and many will die. A Con-
cordia despatch states the storm was ex-
tremely violent in the vicinity of Palphos,
Ottawa Co.; 15 dead bodies were brought
in from two square miles of territory.

ROME, June 2.

Thirty new craters opened at Mount
Etna. They cover several square miles and
all pour out lava. The eruptions of Vesu-
vius are increasing.

ST. JOSEPH, Mo., June 2.

A dispatch from Irving, Kansas, dated
June 1st, reports thirty deaths certain, and
53 people bodily injured by the recent
cyclone. People want money to get the
necessaries which are at hand. Ten per-
sons were buried to-day.

From fifty to sixty families at Frankport,
Kansas, are houseless and destitute of
clothing, provisions and farming imple-
ments.

MESSINA, June 2.

The eruption of Mt. Etna continues. A
considerable portion of the bed of Alcantara
river is covered with lava. The damage to
agriculture is very serious. The village of
Majo has been abandoned.

ROME, June 2.

Almost all the city of Mantua is flooded,
and the embankment of the river Minco is
in danger of being washed away.
Rovigo is seriously threatened.
Two thousand workmen are employed
strengthening the dykes.
The river Adige has also risen.

SOUTH AMERICA.

BUENOS AYRES, May 24,

via LONDON, June 2.

Guijarro, the Bolivian envoy, is expect-
ed daily. It is reported he brings powers
to issue Letters of Marque against Chilean
commerce.

Chilian telegrams to the 24th April re-
port a fight off Loa between the Chilian
gunboat "Magallanes," carrying a 115
pound rifle and some smaller pieces, and
the fast Peruvian corvette "Union," and
gunboat "Pileonayo," the two carrying
ten 70 pound rifles, besides smaller cannon.
The Chilians claim to have damaged the
"Union," and driven off the two Peru-
vians, but evidently the "Magallanes"
suffered considerably.

An engagement occurred between the
Chilian ironclad "Planco En Callada" and
gunboat "Chacabuco" and the Peruvian
forts at Pisgna. The gunboat lost one
killed and six wounded, but the town is
reported as almost demolished by the ships'
fire. The inhabitants however skeddaddled
by the zigzag railway up the mountain be-
hind the town and saw the affair from a
safe distance.

PANAMA, May 24,

via New York, June 2.

The only action taken by the Chilian
fleet for a week is the destruction of the
submarine cable off Africa, the burning of
the town of Mejallous Depree, and the
sinking of steam launches there.
The Peruvian fleet is still at Callao,
apparently afraid of the Chilian iron clads.
President Daza is at Tarva with six thou-
sand men, awaiting the arrival of President
Prado, who will take the chief command
while operations are being conducted on
Peruvian soil.

LONDON, June 2.

Vice Admiral Seymour, of the British
Navy, in a letter to the *Morning Post* says
that the facts concerning the recent naval
engagement off the Peruvian coast are that
the Peruvian ironclad turret ship "Huas-
car" sunk the Chilian wooden ship "Es-
maralda," and that the Peruvian armat-
plated ship "Independencia," in pursuing
the Chilian wooden ship "Covadonga,"
ran on a reef and was wrecked.

Liver is King.

The liver is the imperial organ of the
whole human system, as it controls the life,
health and happiness of man. When it is
disturbed in its proper action, all kinds of
ailments are the natural result. The dig-
estion of food, the movements of the heart
and blood, the action of the brain and ner-
vous system, are all immediately connected
with the workings of the liver. It has been
successfully proved that Green's August
Flower is unequalled in curing all persons
afflicted with dyspepsia or liver complaint,
and all the numerous symptoms that result
from an unhealthy condition of the liver
and stomach. Sample bottles to try, 10
cents. Positively sold in all towns on the
Western Continent. Three doses will prove
that it is just what you want.
