Wash your clothes clean and bright in a new G. E. Filter-Flo washer. The famous washing system REMOVES LINT AUTOMATICALLY gives you CLEANER clothes . . . lint-free, sand free, scum-free. Washes 10 lbs. of regular wash . . . over 50% more clothes capacity than many other automatics. One simple dial gives you the choice of a normal wash cycle, or a special short cycle for lighter loads. Washbasket and tub are finished in long-wearing durable porcelain. One year warranty on entire washer . . . additional 4 year warranty on sealed-in transmission parts.

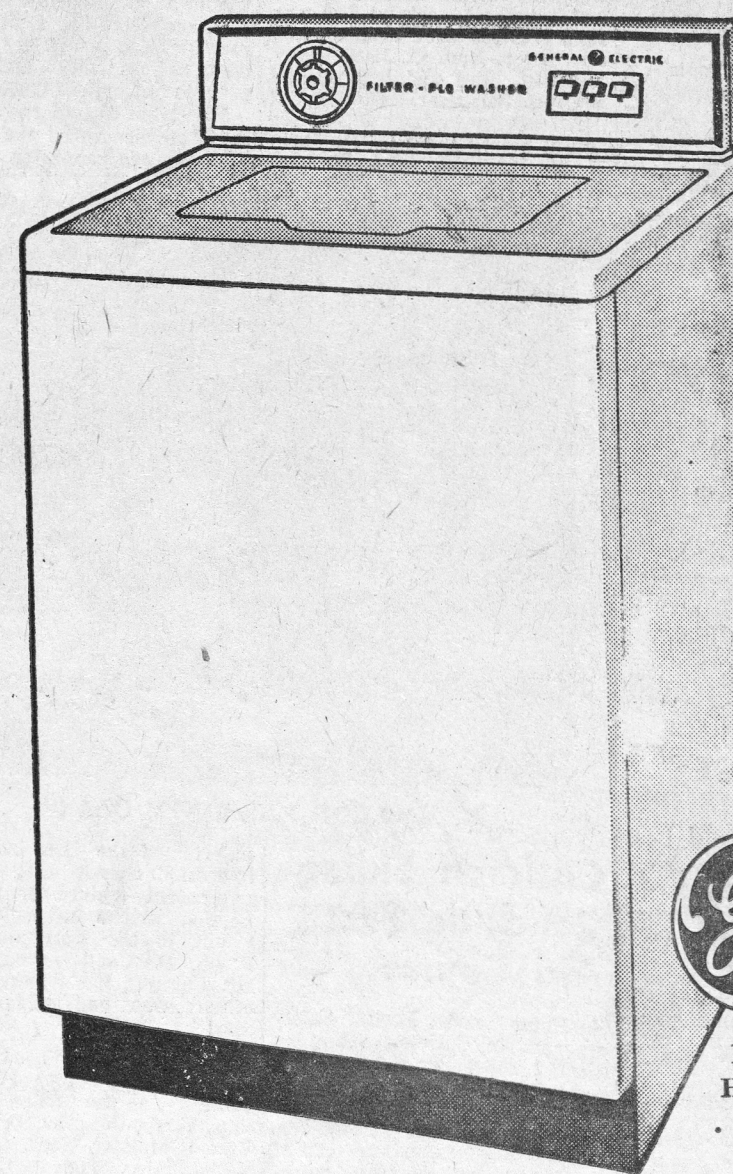

General Electric Automatic DRYER

The new G. E. Clothes Dryer dries clothes by gentle tumbling through a high-velocity stream of clean warm air. Typical size load of cottons (6 lbs.) can be dried in less than 35 minutes. Timer Dial permits selection of drying times. Heat switch allows selection of drying temperatures for different types of fabric. Special setting allows clothes basket to rotate without heat for fluffing pillows, bedspreads, etc. One year written warranty against defective material and workmanship.
