PERSONAL.

Mr. Peter McGrath, of Hunter River, is in the city.

Mr and Mrs T A Maclean have gone on a trip to Toronto.

We are glad to report that Dr. Dickey is out again after his illness.

Mr. James Rodger, of Montreal, is among the guests at the Hotel Davies.

The many friends of Mr. Arthur W Reddin are glad to see him out again after his severe illness.

Mr John Malone, of Freetown, who was seriously ill for the last few weeks, is, we are glad to report, slowly improving. His numerous friends expect to see him up and around soon.

Mrs. Frank Dougan, of Boston, who has been on the Island the past month visiting friends and relatives, has returned home. While here she was the guest of Mr. and Mrs. M. Byron.

Charles Dudley Warner, the noted author and literary editor, dropped dead at Hartford, Conn., last Saturday night. He was the editor-in-chief of "A Library of the World's Best Literature."

The friends of Mr J A Cameron, Dundas, will be pleased to hear that he is recovering from his recent illness, and will soon be able, we hope, to take part in our campaign against the purists and tariff reformists.

Miss Voss, who has been spending a four months vacation on the Island, left this morning on return to her home in Gloucester, Mass. Whilst in Charlottetown Miss Voss was the guest of the Misses Murphy.

Miss Kathleen Canning, London, England, has won the Princess Maud Scholarship of fifty dollars, given to the Royal Naval School, London, for highest marks in pianoforte during the year. The famous Sir Walter Parrat was the examiner. Miss Canning also showed much ability in passing the difficult Local Centre examinations in Theory and Piano, at the Royal College of Music, during last May, though but fourteen years of age. She is a grand-daughter of Mrs. E. Palmer of this city.

Between the ages of fifteen and forty-five, the time when womanhood begins and motherhood ends, it is estimated that the aggregate term of woman's suffering is ten years. Ten years out of thirty! One third of the best part of a woman's life sacrificed. Think of the enormous loss of time. But time is not all that is lost. Those years of suffering steal the bloom from the cheeks, the brightness from the eyes, the fairness from the form. They write their record in many a crease and wrinkle. What a boon then to a woman is Dr. Pierce's Favorite Prescription. It promotes perfect regularity, dries up debilitating drains, heals ulceration, cures female weakness, and establishes the delicate womanly organs in vigorous and permanent health. No other medicine can do for woman what is done by Dr. Pierce's Favorite Prescription.

SALE POSTPONED.—The sale of the Y. M. C. A. property has been postponed until November 14th. The postponement has been made at the instance of the Maritime committee of the Y. M. C. A., some of whom intend visiting Charlottetown at an early date.

THE EXPECTED HAPPENS.—Two men belonging to Juncoson's River walked over the Ferry wharf last night, and were it not for the prompt assistance rendered by the employees of the wharves would have lost their lives. The wharf is in a somewhat such accident has not happened on this wharf before, as the lighting is poor and the plankways are rattling badly and lapped.

REV. MR WEST'S FUNERAL.—The body of the late Rev. T. F. West arrived in Charlottetown by the mail special last night, and was taken to St. Peter's Church where it remained until 2.30 this afternoon, when the funeral procession left for St. Peter's Cemetery. The pall-bearers were W. L. Carson, W. F. H. Carvell, L. E. Breckon, C. D. Rankin, Fred. Foster and Edward Harper. There was a large attendance of citizens generally.

BOSTON BOAT.—The steamer Halifax arrived from Boston at three o'clock this morning. Her inward passengers were James Dewar, Miss Mary E. Smith, Miss Stone, Mrs. Danson, Mrs. J. D. Johnston, K. Finlayson, P. McEcherra, A. McDonald, H. Robicheau. The Halifax left on return to Boston this afternoon, taking the following passengers: Mr and Mrs J. W. Roberts, Mr H. M. Scott, Miss Edith McQuinnell, Mr John Haggart, Miss McQuaid, Miss Maggie McCormack and Miss Janie M. Corruack.

TEMPERANCE ADDRESS.—In the Baptist Church last evening Mrs. Rutherford, President of the Dominion W. C. T. U., addressed a large audience on her visit to World's W. C. T. U. Congress held in Edinburgh last June. At this great series of meetings representatives from all the world were present, addresses being given by such persons as Rev. Chas. Sheldon and Lady Somerset. Mrs Rutherford also attended the World's Temperance Congress in London. A vote of thanks to Mrs Rutherford was moved by Rev. J. W. McConnell and seconded by Rev. G. M. Young. The meeting closed by singing "God Save the Queen."

—Sir Louis will not speak at the Tupper Club tonight, but others will speak of him and the government of which he is a member. Independent and old Liberals should attend.

"The better day, the better deed" seems to be the motto of the latter-day powers that be. The Government steamer Hillsborough was sent to Picton for the railway locomotives on a Sunday and she returned from Picton with the locomotives on the following Sunday. It seems that since the memorable and successful trip of the Stanley, Sunday is the only day upon which the Government will do any important or critical work. In view of the professions and pretences of the Leader of the Government, the repeated breaches of the sanctity of the Lord's Day is the more remarkable.

STARTS WITH A COLD.

Catarrh is a Lingering Cold Which

Refuses to Yield to Ordinary Treatment.

Catarrh usually starts with a cold in the head and if left unchecked in this climate, rarely gets well of itself.

A fresh cold taken the disease spreads, getting deeper and deeper, creeping along the mucous membrane from nose to throat, from throat to wind pipe, from wind pipe to bronchial tubes and from bronchial tubes to lung cells.

The mucous membrane all connect, one with another. Hence it is easy to spread from one part to another lined with this same membrane. This is why catarrh in the head soon affects the throat and finally the stomach itself, bringing on chronic catarrh of the stomach, which is a most obstinate form of dyspepsia.

Everybody is now well agreed that catarrh is a local disease and not a local one, and the attempt to cure by local applications simply gives temporary relief from the purely local symptoms without the remotest effect in staying the progress of the disease.

There is a new preparation recently offered to the public that is apparently destined to do away with every other form of catarrh treatment.

This new remedy is not a secret patent medicine, but it is a large, pleasant tasting tablet composed of Sanguinaria, Eucalyptol, Guaiacol, Hydrastin and other valuable and harmless specifics, which are taken internally and seem to have a remarkably beneficial effect upon the blood and mucous membranes, apparently eliminating the catarrhal poison from the whole system.

These tablets while being pleasant, convenient and absolutely safe to use have made cures in long standing cases of catarrh that are little short of marvellous. They are sold by druggists under the name of Stuart's Catarrh Tablets, and any catarrh sufferer who has tried inhalants, lotions, ointments, salves, etc., and realized their inconveniences and uselessness, will fully appreciate the difference between a mere palliative and a permanent cure after giving Stuart's Catarrh Tablets an impartial trial.

All druggists sell them at 50 cents for a trial package and no matter where the catarrh is located, in the head, throat, lungs or stomach, Stuart's Catarrh Tablets will surprise you with the effective results of even a few days use.
