STARVED!

SOCIETY EVENTS

U.N.I.C.E.F. "Fast-A-Thon"

This past week-end an unknown number of students went without food for forty-eight hours. The reason was to raise money for U.N.I.C.E.F. It was quite successful.

Many stayed in the chapel for the full forty-eight hours. It is known at present that only two of the participants broke down and ended up eating but the remainder stayed through thick and thin having only water to consume.

The students in the "Fast-A-Thon" are to collect the money and hand it to Rev. Hugh MacLean, Student Services, First Floor Main Building by November 16th.

On Sunday night, Oct. 31, the collective breath of the UPNI campus was held as Janice MacWilliams blew out the one candle signifying the start of festivities for her 22nd birthday party. The party, organized by Miss MacWilliams, was a spiffy extravaganza and attended only by the very elegant.

The party commenced with a procession, announced by Mr. Leo Boland, who came up from Troy, New York, expressly for the party. The procession consisted of Billy Simmons as bell-ringer, Mary Morris as candle-bearer, Bob Gray as cake-bearer, Mary Boland and Bev Lewis as salami and cracker bearers, and Dick Yost and Leonard

MacCormick bringing up the rear as sauce boys. Kay and Joyce Dixon provided the musical accompaniment to "Happy Birthday," following which Miss MacWilliams led a rousing chorus of "For She's a Jolly Good Fellow." The cake, a beautiful one-layer blob, was baked by Miss Morris and Mr. Gray, and was pronounced magnificent by all present. The rest of the very nifty hors d'oeuvres were provided by Mr. Boland. The party was definitely the zenith of the social season, and future hostesses will be hard pressed to match it.

BIRDS, BIRDS?

The following notice was posted in Duffy:

During the period from December 18 to January 1 of this year, the National Audubon Society is conducting its annual Christmas Bird Count. This count is conducted throughout North America by amateur and professional bird-watchers who have a desire to add to the general knowledge of the creatures they study with such fascination. The results of all the counts are published in a special issue entitled "Christmas Bird Count." The names of all observers are also listed.

Prince Edward Island has never been represented in a count, and I think it is about time we let the rest of the country in on our long-kept secrets. For this reason, I am organizing a count this year, and I would certainly appreciate some assistance. Here is a chance to meet other birders and exchange sightings, meet new people to conduct trips, and, generally, to advance the cause of bird study. If you feel that you might be able to help in the organization, or merely in the participation of the count, please do not hesitate to drop me a note in the mail. We should be able to have a lot of fun and perhaps turn up some of those sightings that just "shouldn't be around in this part of the country."

I am looking forward to hearing from you soon. All inquiries welcome.

Yours sincerely,
Richard Howie
P.E.I. National Park

EDUCATION

The second meeting of the Ed. Society was held Wednesday, Oct. 27, in the barn.

The following officers were elected:

- President - Gerard Bondt
- Vice President - Jean MacDonald
- Secretary - Joy Gilman
- Treasurer - Lynda Callaghan

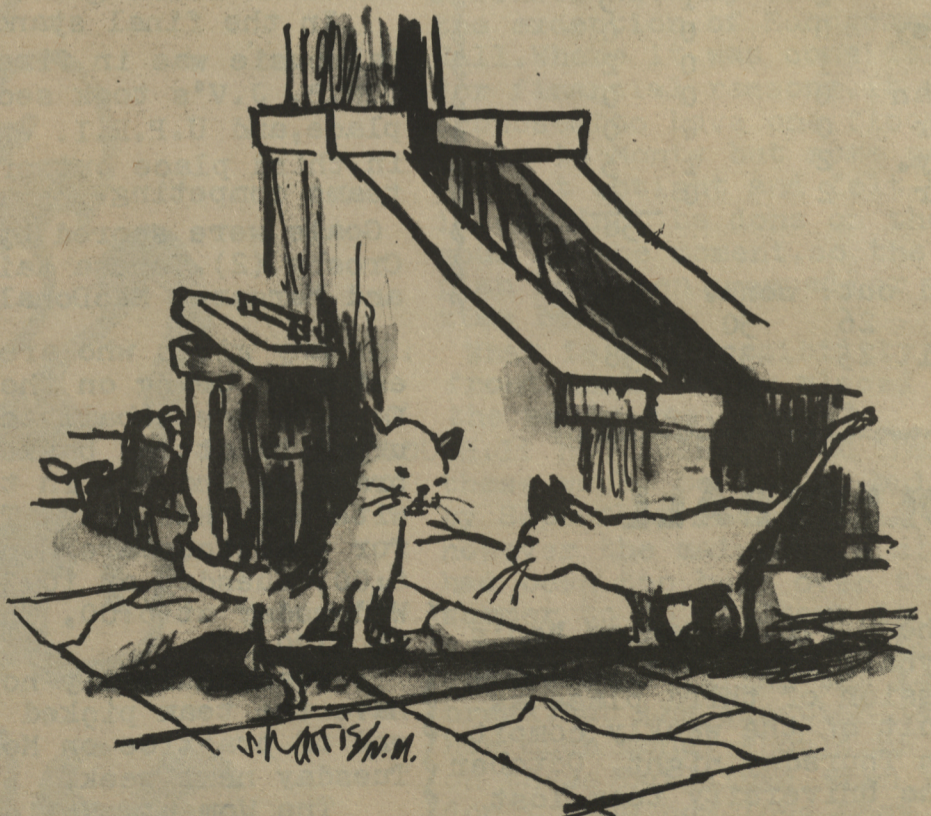

Members of Executive:

- Marlene Cooke
- Ron Kelly

Plans were discussed for an "EDUCATIONAL RECESS" to be held November 10, 1971.

Try to attend our Wednesday night meetings in the Lounge of the Barn.

Come and Bring Your Ideas!

"My advice is keep away from it. You start with catnip and, before you know it, you're on heroin."
