POLICE COURT.—The assault case of Coady vs Wynne, occupied the attention of his Honor this forenoon. Wynne was fined \$2 a d costs. THE LADIES of the St. Vincent de Paul Sewing Circle deserve to be patronized by attending the entertainment for the relief of the poor.

THE STANLEY left Picou for Georgetown at six o'clock yesterday morning, but up to noon to-day no word of her arrival has been received here. SPECIAL SERVICE.—Remember the special service in the upper Methodist church to-night at 7.30 o'clock. Address by Robert Sutcliffe, Evangelist.

REMEMBER the entertainment to be given in the Lyceum to-morrow evening. A splendid specimen of music and literature will be expected.

WE have placed on our counters a lot of Toilet Covers, Counterpanes, Towels, etc., slightly soiled, which we are clearing out at a big discount.—Jas. Paton & Co.

DON'T FORGET the entertainment to be given by the pupils of West Kent Street School. A pleasant evening is assured. Do not forget the date—next Monday, 23 d.

THE LYCEUM.—Concert in the Lyceum to-morrow evening, in aid of the poor. Admission, 15 cents; reserved seats, 25 cents. Doors open at 7.30; Concert begins at 8.

L. O. O. F.—A special session of Portia Joe Encampment will be held to-morrow (Wednesday) evening at half-past seven, sharp, for the purpose of conferring the R. P. D. on eight candidates.

IN AID OF THE POOR.—The admission to St. Vincent de Paul concert to-morrow evening is only fifteen cents; reserved seats twenty-five. Go, and take a friend with you. The object is a praiseworthy one.

STOCK CREMATED.—Robert Creelman, of Upper Stewiacke, N. S., lost two fine barns by fire on Wednesday last. The fire, it is said, broke out while the family were at dinner. Three horses, four cows, seventeen sheep, twenty tons hay and a lot of harness and farm utensils were consumed.

ACCIDENTALLY SHOT.—Ernest Hegel of Toronto had a gun and a revolver—and was on the lookout for game. He sighted a squirrel and emptied his gun at it without effect. Then taking his gun in his left hand, he drew a revolver, but the weapon went off before he got it raised and the bullet went through his left hand.

PHILHARMONIC.—A full meeting of the members for Philharmonic Concert rehearsal, will be held in the hall this (Tuesday) evening at 8 o'clock, when definite arrangements will be made for the Concert, which it is hoped will be held on Thursday of this week. Notice of concert will appear in Wednesday's papers.

MAUD S. TO RETIRE.—Maud S., the greatest trotter that the world ever saw, has done forever with records, says the New York Press. She will be retired to the stud this year, and Robert Bonner will depend upon the flying filly Sunol to keep the honors for his stable. She will be given trials after the retirement of Maud S.

TO-MORROW NIGHT.—The concert to be given in the Lyceum to-morrow (Wednesday) evening, under the auspices of St. Vincent de Paul Sewing Circle, will, we feel sure, be one of the most successful of the season. The programme is a capital one, containing, as it does, the names of some of our best performers. Then, again, the object for which the concert is held is one worthy of every encouragement. Keep these two facts before you—and attend the concert.

HIS SCHEME GOES WITH HIM.—Monsieur Jovis, the great French aeronaut, died at Paris last week. With him goes his scheme for an aerial line from the United States. He was perfecting a balloon or airship, which he fondly believed could successfully cross the Atlantic from New York and make him rich as carrier of Uncle Sam's mails and as expressman for small valuable packages.

TAKING THE PLACE OF MEN.—According to an exchange a most extraordinary and astonishing development in respect to woman's work is found in the fact that five hundred girls and women are employed in the foundries of Pittsburg, doing work for \$4 and \$5 a week, for which men were formerly paid from \$14 to \$16 a week. The labor they perform, putting heads on nails and bolts, is something which taxes the muscles of strong men.

THE concert under the direction of Mr. Earle in St. James Hall to-night promises to be a grand success. A number of the performers will appear for the first time. The people of Charlottetown will always delight to hear those whose services have been and still are indispensable in connection with any musical entertainment; but there is always a peculiar pleasure in listening to the voice unheard before. "Variety is the spice of life." Come to St. James Hall to-night and enjoy both the old and the new.

TELEGRAPHIC NEWS. SPECIAL DESPATCHES TO THE EXAMINER. THE CAMPAIGN.

Sir John and Sir Charles Ottawa Conservatives Enthusiastic.

WELSH'S TERGIVERSATION.

OTTAWA, Feb 17. Sir John Macdonald went to Toronto last night, where he and Sir Charles Tupper speak to-night. They speak on Wednesday at Hamilton, and on Thursday at Kingston. The campaign progresses gloriously, and the greatest enthusiasm prevails in Conservative circles. Much surprise is expressed in club circles at Commodore Welsh's action in repudiating his offer to support Sir John. At least twenty members of Welsh's Club solemnly testify that they heard him declare with the eager delight of a school boy getting a holiday, that he was "going down to the Island to run as a supporter of the Old Man."

The Catholic priest of Gatineau Point, Ottawa City, on Sunday advised his congregation to vote against a party whose principles would lead to annexation. At last night's papers give currency to the report that Doctor Jenkins is to be called to the Senate. Mackintosh and Robillard, the old members, received the unanimous nomination of Ottawa conservatives last night at a rousing meeting. The Grits have not yet nominated any Opposition candidates. Blake's retirement is a very severe blow. It is acknowledged that he is not in sympathy with the new grist policy.

'TIS JACK THE RIPPER So Say The Police.

Threats of Lynching

LONDON, Feb. 17. The police express the opinion that the man Saddle, under arrest for the recent atrocious murder in the Whitechapel district, is the famous "Jack the Ripper," the author of the previous murders to the same place. The people generally concur in this opinion. An immense force of police is necessary to protect Saddle from being lynched by the mob, which is made up largely of women.

A BIG STEAL FROM A BANK MESSENGER

LONDON, Feb. 17. A valise containing about twelve thousand pounds in notes has just been stolen from a messenger of the National Provincial Bank of England. The messenger had only come from the Bank of Scotland to deposit the amount, and put the valise on the counter. Just after the messenger put the valise down, his attention was attracted in another direction by a confederate of the robbers. As soon as the messenger took his eyes off the valise, it was snatched by the robbers, who made off and have not since been captured. The robbery was one of the most daring committed in recent years. The police are of the opinion that the robbers are Americans.

A Long Passage. NEW PORT, R. I., Feb. 17. The schr. Reeper which sailed from Joggins Mines, N. S., on the 22nd, for this port, arrived yesterday, after encountering some very stormy weather. The passage is the longest on record between these ports.

Weather Bulletin. TORONTO, Feb. 17.—10 a. m. Fresh to strong winds, mostly southwesterly, fair to cloudy, milder weather, with light local sleet.

FOR THE POOR.—We have much pleasure in announcing that copies of the following card (provided gratuitously by Messrs. Hazard and Moore) have been sent to the pastors of the several churches in the city:— To Dr. Geo. A. Baynes 180 A member of..... congregation, is recommended to you as a deserving case for gratuitous professional services. Yours truly, PASTOR. PRESENT THIS CARD EVERY TIME YOU CALL.

ANOTHER TUNNEL SCHEME.—Another scheme to tunnel the East River is mooted, says the New York Press. It is intended by the company having the matter in hand to connect with the Manhattan Elevated Railway at Broome Street. The tunnel train will be run on an elevated railroad to within a block of the river, when a plunge will be made into the tunnel, which would give it a sufficient momentum to carry it up the Brooklyn side, when it would be clutched by a car and carried to the station at South Sixth street. It is estimated that the trip would consume but fifty-six seconds. The corporation which is projecting this novel scheme is known as the East River Railway Company, and is organized under the laws of the State of Virginia, with a capital of \$300,000, with a right to increase the capital to \$2,000,000.

Our Flag. Personal.

S., of the University of Michigan, a member of the Alumni Association of the Dental College of the same University, has lately spent a few days with his parents at Markham, on his way to England. He has been summoned by cablegram to take a lucrative position in a practice in that country.

DISCONTINUED.—We understand that the Magistrate has had to discontinue the watchman on the burnt district, one man being unable to perform the extra duty longer. What action will the Council now take?

FUEL FOR THE LOOK.—For the information of our correspondent "Citizen" we may say that the City Council has accepted the tender of Malcolm McLeod for 100 cords of wood which is now being cut, and will be brought to the city for distribution among the deserving poor of the different religious denominations in a few days.

NOVEL SURGICAL OPERATION.—An unusual surgical operation was performed at a Cincinnati hospital a few days ago, the object of which is to reclaim a child from idiocy. The patient was four years old. She cannot talk and has the appearance of confirmed idiocy. A sister 16 years is an idiot. It was found that the skull was abnormally compressed and prematurely ossified. The physicians decided to remove a portion of the skull so as to allow the brain to develop. The operation was successfully performed, a strip half an inch wide and five inches long being removed, the scalp neatly pulled over the space. The child rallied and appears to be doing well.

Do the People Like to be Called?

IF NOT, HOW IS IT THEY WILL PATRONIZE WORD COMPETITIONS? Why do they buy Shoddy for Cloth? Why do they send, in answer to a foreign newspaper advertisement, for a SOLID GOLD-PLATED CASE WATCH, with WALTHAM style movement, when they can get the GENUINE article at a less price than is often paid for the imitation. Watches have been brought to us by the hundred from parties who have bought as above, and which no respectable Watchmaker could repair and guarantee. Glass for jewels, brass where steel ought to be, and iron for steel. They will g. when carried. \$5.00 to \$25.00 is often paid for a Watch that is not literally worth more than the price of old metal. Now there is no need or excuse to keep up such a trade, for the cheapest Watches made by the large American Watch Companies—the Waltham, the Elgin, the Rockford, the Hampden, the Columbus, and even the despised Waterbury—are far away ahead of the best of these imitation articles, and can be had in these days of perfected machinery at prices far below their actual value. E. W. TAYLOR, Watchmaker and Jeweler. Charlottetown, Feb. 4, 1891.
