Missionary Service At York Church

A very large congregation attended the Sunday evening service in York United Church on August 17th when the Rev. and Mrs. Dan Longworth and children James and David of Costa Rica, Central America, conducted the service on request of the Evening Auxiliary of York.

Appropriate hymns were sung by the choir and the Rev. J. M. Sproule welcomed the visiting missionaries to the congregation.

Mr. and Mrs. Longworth told of their Christian experiences in the land of the Spaniards. Their work in the mission field to the South was interestingly portrayed by films which clearly showed the life, homes, and peoples of one of the many mission fields of the United Church of Canada in far distant lands.

A most delightful part of this service was a duet in Spanish by the young sons, James and David Longworth. These young bilinguals can speak English and Spanish equally well. The collection was given to the visiting missionaries who are spending their furlough on P. E. Island, birthplace of Mrs. Longworth. Benediction closed this very interesting service.—B.P.

Elected President At P. C. Meeting

Mr. Robert S. West, Newton Cross, last night was elected president of the Fourth District Queens Progressive Conservative Association at the annual meeting held in Eldon Hall.

Also named to office was vice president J.F. MacDonald, Eldon, and secretary treasurer Sinclair MacTavish, Newtown Cross, who was re-elected. The district convenors are Messrs. John MacIsaac, Cherry Valley, and Alex MacPherson, Bellevue.

Speaking briefly during the evening were Mr. R.R. Bell, leader of the Opposition, A. MacPherson, J. Angus MacLean, M.P., W.C.S. McLure, M.P., Mrs. W.H.V. Dunbar, president of the Women's Association of Charlottetown and Royalty, Forrest E. Clow, of the Young Progressive Conservative Association, and C.R. McQuaid, Provincial Secretary of the Progressive Conservative Association and Walter MacKenzie, former member of the Legislative Assembly.

The customary formal resolution expressing loyalty to Her Majesty The Queen and faith in the leadership of the Federal and Provincial parties were passed. The meeting also went on record as approving the work of the two Members of Parliament for Queens, Mr. W.C.S. McLure and Mr. J. Angus MacLean.

A vote of thanks was tendered the retiring president by the meeting.

OTTAWA, Sept. 9.—(CP)—External Affairs Minister, Pearson said today that the challenge to democracy from the reactionary right or the Communist left can only be resisted by constructive policies.

Addressing the opening session of the Commonwealth Parliamentary Association's Biennial Conference, Mr. Pearson said: "There are those in the world whose system of political and social organization rejects co-operation with us and challenges the very nature of our society and our system of parliamentary government."

To Receive Humane Society Award For Act Of Heroism

Mr. Howard F. MacEachern, formerly of St. Catherine's, P.E.I. but now residing with his father John F. MacEachern, Parkdale, has been awarded the Royal Humane Society Certificate for an act of heroism performed at Haney, B.C. last October, where he was employed by the British Columbia Telephone Co.

The presentation of the award will be made at Government House by Lieutenant Governor T. W. L. Prowse at 11 a.m. on Thursday.

Mr. MacEachern, in company with a co-worker Fred Seddon, was doing a cable job at Kanak Creek when they saw a car topple over the bank into the water. One of the two brothers, the driver of the vehicle, escaped but the other was trapped in the car which was up-side down.

Working in wear up to their shoulders, the rescue team finally released the drowning man who was unconscious. By means of artificial respiration, with which both MacEachern and Seddon were familiar, the rescued man was restored to consciousness before the doctor arrived.

Mr. MacEachern, accompanied by his wife, a daughter of Mr. Frank Sevidis, and a child, was called to Charlottetown about three weeks ago as a result of the illness and subsequent death of his mother. He was located through the R.C.M.P. here on request of the British Columbia Detachment, with which Inspector Churchill had been in communication.

His companion, Mr. Seddon, received a similar award in B.C.

Sees Promising Market For PEI Farm Products

The great mining and power developments that are underway in Labrador and Ungava should provide an excellent market for your farm products, Cyrus Eaton, internationally known industrialist, banker, farmer and native of Pugwash, Nova Scotia, said in a letter to Premier J. Walter Jones following his visit to Charlottetown where Mr. Eaton's cattle won major honors in the Shorthorn competition during the Provincial Exhibition here.

Mr. Eaton said in his letter to the Premier: "It was an inspiration to see the splendid progress of the farming industry in Prince Edward Island, and well worth making the trip just to view your magnificent Holsteins. However, such an outstanding herd could flourish only in a province that loves farming."

The noted Nova Scotia industrialist also had time to take more than a passing look at the gentle rolling countryside of Prince Edward Island because in his letter he also said: "On all sides there was not only beauty of landscape and seascapes but examples of excellent development of agriculture—the world's most attractive industry. I firmly believe that the key to success is the willingness to work on the part of the people. After seeing the activity in your province I am convinced that your people are well aware of this secret."

Mr. Eaton owns a 3,000 acre farm near Chester, N. S., where he spends his summers.

To Investigate Bandits Escape

TORONTO, Sept. 9.—(CP)—An Ontario Royal commission will investigate how four criminals escaped yesterday from the death-row cell block at Don Jail.

Premier Frost announced today that Judge Ian Macdonald of Toronto will conduct the inquiry. The Premier also said jail governor Thomas Brand, deputy governor Alexander Noble and the six guards on duty at the time of the escape have been suspended pending the inquiry.

The suspended staff will be replaced by members of the Ontario Provincial Police. The Premier said the decision to form a commission does "not mean these men are guilty of anything, but they were in charge and were proximate to the jail and the investigation should disclose who was actually responsible."

Meanwhile a province-wide hunt continued for the four escapees—Edwin Boyd, Leonard Jackson, Steve Suchan and William Jackson. A \$26,000 reward has been posted for information leading to their arrests.

Shipments Of PEI Beans To Nova Scotia

The marketing of beans at the Aylmer plant in Middleton, N. S., is an increasing industry throughout the Southern King's area as many farmers are now planting several acres specifically destined to this market. The price paid the farmer is four cents per pound or \$80.00 per ton, which is said to yield a fair profit on the acreage production.

Green bean is the primary product cultivated, but there is also a relatively large portion of wax beans marketed. It would seem, however, that the green bean is the more popular among farmers as approximately eight out of ten tons at the transportation station are of the green variety.

Collection stations have been set up at Murray Harbour, Peters Road and Montague. The whole production is brought to the transportation centre at Montague from the collection points.

During the past season 28 loads have been taken, each averaging about six tons. This translated into money means that over \$13,000 will be distributed among farmers of the area.

Will Urge More Co-operation

HAMILTON, Sept. 9.—(CP)—The 15th biennial meeting of the general council of the United Church of Canada, which opens tomorrow, will hear recommendations for more co-operation with the Church of England in Canada as a step toward eventual organic union.

Both churches have been holding what is described as "discussions" for several years with the aim of establishing unity of action while retaining the identity of both churches.

Sunken Ship Given To Underwriters

VANCOUVER, Sept. 9.—(CP)—The battered, sunken cruise ship Princess Kathleen has been "abandoned" by the Canadian Pacific Steamships Coastal Service to the insurance underwriters.

It was announced today that the \$5,000,000 vessel, which crashed on the Alaskan coast Sunday without loss of life, now is the property of the underwriters.

They will divide if the 6,000-ton ship now in 130 feet of water off Lena Point near Juneau, Alaska, is salvagable.

Victoria and Seattle salvage experts are "quite hopeful" the luxury liner will sail again.

New Appointments At Mount A.

SACKVILLE, N. B., Sept. 9.—(CP)—Three new appointments at Mount Allison University were announced today.

Dr. A. J. Ebbutt, professor of New Testament Greek and Hebrew, is to be acting dean of arts in the absence through illness of Dr. H. Tucker. Dr. W. S. H. Crawford, professor of mathematics, has been named dean of freshman studies succeeding K. A. Parker.

Women's Club Holds Meeting

The Business and Professional Women's Club held a delightful opening meeting with a Turkey Dinner at Shaw's Hotel, Brackley, Monday evening, September 8th.

The guest speaker was Miss Bessie Seaman, R. N., who spoke on the Organization of the Victorian Order of Nurses, Miss Seaman answered a number of questions asked by different members.

The members who attended the Thirteenth Biennial Convention of the Business and Professional Women's Club, held in Vancouver, B. C. in July, gave most interesting short talks on the social highlights of their trip, also showing favours and souvenirs received from the different clubs on their way to the coast.

The Programme Committee, under the excellent chairmanship of Mrs. Agnes Hoyt, provided a bar-dance of fun with a Pantomime, "Who Am I?" This was followed by several songs from the "Barber Shop Quartette", which was much enjoyed.

After voting the meeting to be the best yet, the meeting closed with the singing of Auld Lang Syne.

Airman Dies On Return From War

NEW YORK, Sept. 9.—(AP)—He stepped off the plane at New York International Airport, his pulse quickening at the prospect of seeing his wife and seven-year-old son, Capt. Martin was happy.

It was the second time the 30-year-old United States Air Force officer had come home from war. In the Second World War, he had flown nearly 100 missions, been repeatedly decorated, shot down and badly wounded in one raid, rescued and in hospital for nine months.

After that, he had begun studying to become an accountant, only to be called back to service last year. Now, after 27 missions in Korea, he was home again.

They met him at the door Sunday, Shirley, his wife, hugging and kissing him, Michael jumping up and down.

He had a surprise birthday gift for the boy—the headphones he had worn during all his wartime flights. Michael danced with delight, tried on the headphones.

As the captain watched, smiling, a stab of pain cut through his chest. Then again, his wife guided him to a bed, and called a doctor. When the doctor arrived, happy Capt. Brent was dead from a heart attack.

Urges Commission To Study Immigration

OTTAWA, Sept. 9.—(CP)—Establishment of a commission to study an immigration policy for the Commonwealth was urged today by Hector Hughes, Labor member of the United Kingdom parliament, at a meeting of the Commonwealth Parliamentary Association.

The proposal was made at a closed session of the conference, holding its week-long biennial conference here. Summaries of the speeches made at the session—devoted entirely to immigration—were issued to the press.

At a brief opening ceremony, delegates from 48 Commonwealth parliaments were welcomed by External Affairs Minister Pearson.

"Special Names" Cancer Campaign Opens Here

The opening meeting of the 1952 Cancer Campaign in Charlottetown was held last night at the Charlottetown Hotel. It was attended by the "Special Names" teams who received their cards from the "Special Names" chairman, Mr. B. E. Rogers, manager of the Bank of Montreal.

There was a splendid turn-out of workers and Mr. W. H. Beaton, General City Chairman, presided and before calling on Dr. W. J. P. MacMillan, thanked the workers for attending in such numbers. Mr. Beaton stated that he was fortunate again this year in securing a splendid chairman in the person of Mr. Rogers to head the "Special Names" drive.

Dr. W. J. P. MacMillan, O. B. E., president of the P. E. I. Division of the Canadian Cancer Society, first expressed sincere thanks to the workers for attending. It is most satisfactory to see busy men take time out to do this grand work. Remember, Dr. MacMillan stated, the cancer campaign is one of the most important things our citizens can engage in. The money subscribed in this drive is money invested to save human lives. Millions are being spent in research in an effort to conquer cancer.

The more common types of cancer can be cured in the majority of cases but the earlier the patient presents himself the greater the chance of cure. The medical profession says that our patients are coming earlier and this proves that our cancer educational programs in P. E. I. is effective.

"You workers are our first line of defence in the battle against cancer. You are doing a great work, gentlemen, and I am proud of you. The cancer campaign has always obtained its objective and I feel sure you will go over the top again this year," concluded Dr. MacMillan.

35 Canadians

Continued from page 1 living or working in Detroit, who allegedly got their border cards through fraud.

"The Detroit office of the Immigration and Naturalization Service will continue to apprehend any remaining aliens who have obtained visas through fraud," McGranery said in a statement in Washington.

McGranery said the Immigration Appeals Board has upheld a hearing officer's finding that Everett Eugene Glasco, first alien seized in the investigation, should be deported.

The board rejected Glasco's request that he be permitted to depart voluntarily, McGranery said. The Glasco case was regarded as a test case.

In addition to Glasco, Lawrence E. MacKinnon had previously been seized and given a hearing.

Island-Bred Heifer Wins At Toronto

A young Guernsey heifer, Brackley Belinda, bred here by Mr. Guy Rodd, Brackley, won the Junior Championship at the Canadian National Exhibition at Toronto this year. She won over a field of 23 heifers.

Brackley Belinda is a full sister of Brackley Nancy which was junior champion at the Charlottetown and Amherst exhibitions last year. Their dam, Brackley Langster Melba, was also a junior champion here when she was in that age group. Belinda was sold by Mr. Rodd to Mr. W. S. Brooks, Paris, Ontario, who showed her at Toronto.

Armed Men Hold Up Bank

CHICOUTIMI, Que., Sept. 9.—(CP)—Two armed men today held up a branch of the Banque Canadienne Nationale at St. Gedeon, 30 miles west of this northern Quebec centre, and fled with an estimated \$2,000 to \$3,000. They forced the manager and a cashier to lie on the floor, scooped up the money and escaped in an automobile.
