Sporting News.

Rattray's challenge for a three mile skating contest is yet unanswered. What's the matter?

In a five mile race at the Crystal Rink, Montreal, the other night between Dowd and Black, the former won in 17.08.

The Irish Cricket Club is to visit St. John next August, and will play the Maritime Provinces on the 17th and 18th. The Irishmen will play against the Halifax Garrison at Halifax, the Longwoods at Boston, Quebec at Montreal, Canada at Ottawa, Toronto at Toronto and Hamilton district at Hamilton.

The Montreal *Star* quote's the St. John *Sun's* statement in reference to McCormack skating the five miles in the Laidlaw race in 16.58 and also that paper's statement that McCormack covered a mile in 2.58, and adds: "There is a large amount of Montreal money ready waiting for him if he can repeat either performance in the Victoria Rink, Montreal."

Tennis was played on the ice in the rink at Hants Co., N. S., a few days ago. The boundaries were marked with a bright color, and a net was extended across the centre of the building, kept down at the lower corners by two curling stones. The ball did not bounce when served low, but shot along the ice like a "shooter" from the hand of a cricketer, making it a difficult matter to catch and return the ball. In this way the servers had the advantage in almost every instance. There were one or two collisions, but everything passed off quietly, the three setts occupying a little over an hour.

The Temperance Movement in the States.

The temperance question has created quite a stir in New Jersey. The Legislature of that State passed a high license and local option law by a considerable majority. The Governor vetoed it ostensibly on constitutional grounds, but the Assembly passed the bill over his veto. The Senate has not yet pronounced upon the measure, but there is no doubt but that it will follow the Assembly's example. High license is finding favor in the eyes of the citizens of the United States. They seem to regard it as a practicable way of restricting the liquor traffic and of furthering the cause of temperance. The attempt to pass a high license law in the Legislature of the State of New York has for the moment failed Such a bill was introduced, but a motion to make it a special order in the Assembly was lost. The only votes cast for it were those of Republicans. The whole of the Democrats present, and five Republicans voted against it. The high license advocates are, however, not in the least discouraged by this defeat. They hope soon to be able to carry their measure by a good majority.

Personal.

Miss Louisa M. Alcott, the well-known authoress, died on the 6th. inst., aged 55. She was born in Germantown, near Philadelphia, in 1833, the daughter of Amos Bronson Alcott, the philosopher, and began to write at an early age, her first book, "Fairy Tales," being published in 1855. During the civil war she was hospital nurse and in 1863 published a volume of "Hospital Sketches." In the same year she became a contributor to the *Atlantic Monthly* and continued almost yearly thereafter to publish novels, the best known of which are "Little Women" and 'Little Men."

H. Rider Haggard is one of the blonde type of man. His skin is sallow and colorless, and his hair is a sort of light drab in color. His eyes are of a dull blue, of the tint which physicians are wont to correct with an anæmic temperament. His forehead is square and strong, his lips firm and his chin sensitive. He has an unemotional face, betraying no humor nor tenderness, but strong in its lines and general effect. In figure Mr. Haggard is tall, slender and dignified.

Odds and Ends.

Copies of the National Anthem of all Nations are to be provided for England's regimental bands.

The Italian laborer is making considerable trouble for ahe French laborer in France. There are said to be not less than 250,0000 Italians at work there now.

There are 2,177 newspapers published in the United Kingdom, 454 of which are in London.

Ella Wheeler Wilcox advises all women to marry. That coincides with Disraeli's recommendation to the sex. As for men, Disraeli was of the opinion that they had better not.

ADVICE TO MOTHERS.— Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural quiet sleep by relieving the child from pain; and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind mar 8 eod & wky

NOT TRUE.—There is an old saying that "knowledge is power." This is not true. Action is power, and when guided by knowledge produces the largest measure of results. I have encountered men who knew more of the science of war than Grant, Meade or Hancock, whom I would not have intrusted with a picket guard.—*Gen. Sherman.*

WHAT AILS YOU?

Do you feel dull, languid, low-spirited, lifeless, and indescribably miserable, both physically and mentally; experience a sense of fullness or bloating after eating, or of "goneness," or emptiness of stomach in the morning, tongue coated, bitter or bad taste in mouth, irregular appetite, dizziness, frequent headaches, blurred eyesight, "floating specks" before the eyes, nervous prostration or exhaustion, irritability of temper, hot flushes, alternating with chilly sensations, sharp, biting, transient pains here and there, cold feet, drowsiness after meals, wakefulness, or disturbed and unrefreshing sleep, constant, indescribable feeling of dread, or of impending calamity?

If you have all, or any considerable number of these symptoms, you are suffering from that most common of American maladies—Bilious Dyspepsia, or Torpid Liver, associated with Dyspepsia, or Indigestion. The more complicated your disease has become, the greater the number and diversity of symptoms. No matter what stage it has reached, **Dr. Pierce's Golden Medical Discovery** will subdue it, if taken according to directions for a reasonable length of time. If not cured, complications multiply and Consumption of the Lungs, Skin Diseases, Heart Disease, Rheumatism, Kidney Disease, or other grave maladies are quite liable to set in and, sooner or later, induce a fatal termination.

Dr. Pierce's Golden Medical Discovery acts powerfully upon the Liver, and through that great blood-purifying organ, cleanses the system of all blood-taints and impurities, from whatever cause arising. It is equally efficacious in acting upon the Kidneys, and other excretory organs, cleansing, strengthening, and healing their diseases. As an appetizing, restorative tonic, it promotes digestion and nutrition, thereby building up both flesh and strength. In malarial districts, this wonderful medicine has gained great celebrity in curing Fever and Ague, Chills and Fever, Dumb Ague, and kindred diseases.

Dr. Pierce's Golden Medical Discovery

CURES ALL HUMORS,

from a common Blotch, or Eruption, to the worst Scrofula. Salt-rheum, "Fever-sores," Scaly or Rough Skin, in short, all diseases caused by bad blood are conquered by this powerful, purifying, and invigorating medicine. Great Eating Ulcers rapidly heal under its benign influence. Especially has it manifested its potency in curing Tetter, Eczema, Erysipelas, Boils, Carbuncles, Sore Eyes, Scrofulous Sores and Swellings, Hip-joint Disease, "White Swellings," Goitre, or Thick Neck, and Enlarged Glands. Send ten cents in stamps for a large Treatise, with colored plates, on Skin Diseases, or the same amount for a Treatise on Scrofulous Affections.

"FOR THE BLOOD IS THE LIFE."

Thoroughly cleanse it by using **Dr. Pierce's Golden Medical Discovery,** and good digestion, a fair skin, buoyant spirits, vital strength and bodily health will be established.

CONSUMPTION,

which is **Scrofula of the Lungs,** is arrested and cured by this remedy, if taken in the earlier stages of the disease. From its marvelous power over this terribly fatal disease, when first offering this now world-famed remedy to the public, Dr. Pierce thought seriously of calling it his "CONSUMPTION CURE," but abandoned that name as too restrictive for a medicine which, from its wonderful combination of tonic, or strengthening, alterative, or blood-cleansing, anti-bilious, pectoral, and nutritive properties, is unequaled, not only as a remedy for Consumption, but for **all Chronic Diseases of the**

Liver, Blood, and Lungs.

For Weak Lungs, Spitting of Blood, Shortness of Breath, Chronic Nasal Catarrh, Bronchitis, Asthma, Severe Coughs, and kindred affections, it is an efficient remedy.

Sold by Druggists, at **$1.00,** or Six Bottles for **$5.00.**

☞ Send ten cents in stamps for Dr. Pierce's book on Consumption. Address,

World's Dispensary Medical Association,

MANHOOD
How Lost, How Restored!

Just published, a new edition of

Dr. Culverwell's Celebrated Essay

on the *radical cure* of Spermatorahœa or incapacity induced by excess or early indiscretion.

The celebrated author in this admirable essay, clearly demonstrates from a thirty years successful practice, that the alarming consequences of early error may be radically cured; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and *radically.*
