NEW CHEESE FACTORY.

At a large and representative meeting of the people of Tignish district, held in St. Mary's Hall, on Friday last, it was unanimously resolved, after hearing a strong and eloquent plea for the dairying industry from Rev. Father Bourke, of Alberton, to build and operate a factory in Tignish. A provisional board of directors, comprising Messrs. D. McDonald and J. Chaisson and Messrs. Alex. McFadyen, Peter Doyle, John C. McCarthy, James Kennedy, Christopher Caddigan, Norbert Perry and Benj. J. Waite was appointed. Stock and cow lists were laid on the table and rapidly filled up. The meeting was most harmonious. Peter Doyle, Esq., of Norway, presided and Mr. F. J. Buote, of L'Impartial, acted as secretary. At a subsequent meeting of the directors Alex. McFadyen, Esq., was elected President, Peter Doyle, Esq., Vice-President; F. J. Buote, Secretary; and Rev. D. M. McDonald, Treasurer. This swings Tignish into line with the rest of the province in dairy work. From the temper of the meeting and the complexion of the board of directors, the success of this factory would seem to be abundantly assured.

A MICROBE'S WORK.

A microbe is about the smallest thing one meets in a day's journey, but it can do more harm for its size than anything known. Boils, pimples, etc., are simply microbes in the skin which cause irritating blood disorders, if not stopped at once and it is they that prevent wounds healing also. "Quickcure" kills the microbe immediately after application, and any sore heals rapidly where "Quickcure" is used.

DISASTROUS FIRE.—We hear with regret that the barn of Mr. Daniel Martin, at Millcove, was destroyed by fire last night. Two horses, one cow, about 40 bushels of wheat, a quantity of hay and straw, mowing machine, plough, and all his farming implements were also destroyed. The fire is supposed to have been caused by a spark from the chimney of the dwelling house near by. The loss will be about \$700 or \$800. We hear that there was some insurance.

POLICE COURT.—This forenoon two drunks, Patrick McGuirk and Duncan McGregor, was disposed of. The former was fined \$2 or 10 days and the latter \$5 or 30 days.

Durant, who is under sentence for the murder of Blanche Lamont was also indicted for the murder of Minnie Williams. He has not been put up on trial for the latter crime, but his lawyers intend to move to have him tried. This is a very shrewd move. If the state refuse to try him, it will be in the position of refusing to permit a man who is charged with murder from having an opportunity to clear himself. If it does try him, he must be present in court during the trial. This will mean that he cannot be hanged for the murder of Miss Lamont until the other case has been disposed of.

LOCAL AND OTHER ITEMS.

To NIGHT.—Remember Mr. Pop's lecture on Cromwell in St. Paul's school-room this evening.

THE WEATHER.—Moderate to fresh west to north winds today, fine and decidedly cold. Winds freshening from the eastward on Tuesday, with rising temperature.

LIQUOR REGULATION ACT.—A summons charging an infraction of the Liquor Regulation Act has been served on Peter Benoit. He is charged with selling in a place not fitted according to law. The summons is returnable on Thursday.

ST. DUNSTON'S CATHEDRAL.—Work upon the new St. Dunstan's Cathedral has been rushed at a lively rate, and it is expected that the first service in the new structure will be held at Christmas. With that object in view the work of removing the altars, organ and pews from the pro-Cathedral will be commenced in a day or two.

MINSTREL PERFORMANCE.—The St. Dunstan's College Minstrels will make their first appearance in Charlottetown on Monday evening next. The circle will consist of twenty-three artists, and the programme will be a choice one. The "boys" have been in active rehearsal for some time past and promise an evening of rare enjoyment to all who attend the Opera House on Monday evening next.

THE FASTNET left here for Summerside on Sunday morning but was unable to get into that port on account of ice. She could get no nearer than the lighthouse. The steamer then returned to Charlottetown, and her Summerside cargo was this morning forwarded by rail to this city. She will sail for Halifax this evening. Her outward cargo will include 1,500 boxes of cheese for the Liverpool market shipped by Mr. Dillon. The Fastnet will be due at Charlottetown on Saturday next.

ROBBIE BURN.—Many of our citizens will remember a brief oration on Robbie Burn given by Rev. T. F. Fullerton in the opera house two or three years ago. It was on the occasion of the Burns anniversary. That oration was admittedly a masterpiece of eloquence. It was discussed for days afterwards and the one regret was that the oration had not been much longer. Citizens will have another opportunity tomorrow night in St. James' Hall of hearing the rev. gentleman on Robbie Burns' interpretation of humanity and nature. That there will be a crowded house is a foregone conclusion.

CHILD IN A VALISE.—About 7 o'clock on Wednesday morning some of the passengers of the Quebec and Lewis Ferry were startled by the cry of an infant. No child, however, was to be seen. The cry was repeated, and it was found to come from a portmanteau which was near by. On opening the bag, a young child, but a few days old was found. It was almost dead from hunger and suffocation. The owner of the portmanteau, who was standing near by, stated that he had come from Beaumont, and was on his way to the general hospital. The reason for putting the child in the portmanteau, he said, was to protect it from harm. Chief Denis, of the Lewis police force, accompanied the man to the hospital and saw the child safely placed in the institution. The following label was on the bag which held the child: "Handle with care; perishable article.—Quebec Chronicle.
