

**Massey-Ferguson
Sales Expanding**

TORONTO (CP) — Massey-Ferguson Ltd. had net profit of \$40,100,000 or \$2.66 a share in the year ended Oct. 31, compared with \$45,000,000 or \$3.04 in the similar 1964 period. Worldwide sales climbed to a record \$908,500,000 from \$772,000,000.

President A. A. Thornbrough said fourth-quarter sales were a record \$242,200,000 compared with \$184,900,000 in the similar period last year, while net income for the period rose to \$16,600,000 from \$9,100,000.

"Although sales in the fourth quarter were a record, the level achieved was somewhat below earlier expectations because of the severe drought in Australia which has proved to be the worst in many years, and also by severe drought in certain areas in South Africa," the company said in a statement. Other markets remained strong, especially North America where sales climbed 17 per cent.

**Quebec Changes
Gold Cane Rules**

QUEBEC (CP) — The gold-headed cane awarded to the first ocean vessel arriving here each year will no longer be restricted to captains piloting their vessels across the Atlantic ocean directly to Quebec.

Port officials said Tuesday captains of ships coming from Europe, the United States or elsewhere now will be eligible. They said the difficulty in getting through the field of ice at the mouth of the St. Lawrence rather than in crossing the Atlantic.

However, a captain who seeks the gold-headed cane must return directly to a foreign port from here. The captain of a boat which stops here and then proceeds to Montreal will not be eligible.
