MARKETS

New York Stocks

NEW YORK (AP)—The record-breaking rise in the stock market continued last week.

In the 10 sessions of the last two weeks, the market established eight highs as measured by the Associated Press average of 60 stocks.

The average finished the week at \$171.30, highest level it has ever reached. The market declined only on Tuesday.

The most active issues last week on the New York stock exchange were Ashland Oil up 2% at 16 1/4 on 223,400 shares; Pennsylvania Railroad up 1/2 at 29 1/4; Sunray Mid-Continent Oil up 1 at 26 1/4; U.S. Steel up 1/4 at 50; and Sperry Rand Corp. "when issued" up 3/4 at 27 1/4.

Among Canadian issues on the New York stock exchange McIntyre lost 4% to 85% cancelling most of the previous week's gains when it was reported industrialist Cyrus Eaton might buy into the mine.

Other stocks gained or were unchanged. International Nickel gained 1 1/2 to 70%; Canadian Pacific advance 3/4 to 35 1/4; Distillers Seagram improved 1 point to 39 1/4; U.S. Steel up 1/4 at 50; and Sperry Rand Corp. "when issued" up 3/4 at 27 1/4.

On the American exchange Lake Shore was unchanged at 5%; Giant

Yellowknife added 5-16 to \$ 11-16, and Royalite Oil improved 1/4 to 12 1/2.

U.S. Steel

CLEVELAND (AP)—Expectations are that the wage issues now up for bargaining by the CIO steelworkers will be settled without a strike, Steel magazine said Sunday.

The metalworking journal's highly review said management is expected to counter union proposals this week.

Some observers, Steel said, think the steel union will come out of the present negotiations with a big per increase than otherwise would have been the case because of the Ford and General Motors agreements with the United Auto Workers (CIO). The magazine added: "That, of course, is speculation."

Barring labor trouble, demand for steel products will hold at a high level through the summer, Steel said.

"Building steel requirements are providing a strong prop to the market," Steel added. It noted that last week 13,000 tons of highway steel was up for bids in the Philadelphia area and in Connecticut 175,000 tons is needed for highway bridges. Other public construction such as schools, is bolstering the steel market, too.

CIVIC BY-ELECTION

In pursuance of an Act of the Legislature of the Province of Prince Edward Island, made and passed in the Twelfth Year of the reign of His Majesty, King George VI, Chapter 43, entitled "An Act to Consolidate and amend the several Acts Incorporating the City of Charlottetown", and all Acts in amendment thereof or in addition thereto.

I do hereby give Public Notice that an election of a Councillor for the said City to serve as Councillor in the City Council for Ward Three of the said City will be held on the 7th day of July A.D. 1955, at one polling place namely, in the Market House Building; and at the said election the Poll will be open at Nine o'clock in the forenoon and continue until Five o'clock in the afternoon of the same day, standard time, being Ten o'clock A.M. and Six o'clock P. M. Daylight Saving Time.

NOMINATION DAY Thursday June 30th A. D. 1955, at the office of the City Clerk, City Hall, from the hour of Twelve o'clock noon, until the hour of Four o'clock in the afternoon of the same day, Standard Time.

FOR qualifications of Electors see Act. Georae VI Chapter 43 and amendments thereof.

J. DAVID STEWART,
Mayor.

JAMES A. FULLERTON,
City Clerk.

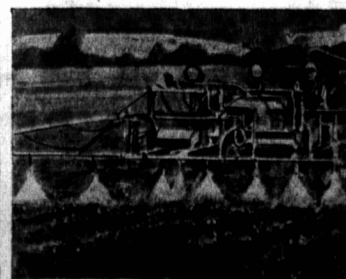

Charlottetown, P. E. I.,
June 20th, 1955.

DITHANE
THE CHOICE OF
CHAMPIONS

EASY MIXING... DITHANE mixes in a hurry for spraying.

SAFE TO SPRAY-RINGS... DITHANE protects your equipment—no corrosion of sprayer or nozzle.

EXPERT ADVICE... Rohm & Haas representatives are glad to give you suggestions on using DITHANE—right in the field.

LICK POTATO BLIGHT FROM THE START... with DITHANE

"I'll say this, getting off to a good start with DITHANE helped me have a prize-winning potato yield last year. I also got plenty of No. 1's."

Reports like this come from champion potato growers everywhere. No wonder! Test after test has shown that yields are substantially increased when DITHANE is used instead of Bordeaux. That's because DITHANE licks blight

from the start and doesn't stunt the vines.

In addition, DITHANE-protected potatoes don't suffer loss in specific gravity or dry solids content. Numerous tests have shown that they are at least equal in flavor and cooking and chipping qualities to those sprayed with copper fungicides.

See your DITHANE dealer now.

ROHM & HAAS COMPANY
