New Federal

Continued from page 1
head office of the company has been moved to Summerside. It is certainly a pleasure for us to return to the birth-place of our company to build this beautifully designed building.
"Buildings like this don't just grow on trees to be plucked therefrom when the need arises. They come about by men and, yes, women who know the need and promote that need through people like by good friend and yours—J. Watson MacNaught. Mr. MacNaught is a man who feels the pulse of community needs and the needs of the country as a whole. He has, during his two completed terms of office, earned the name of getting what he goes after.
"Some might say it is just the times we are living in, that this building would have come our way anyway. Few things are achieved in this world without first asking and then working with all ones energy to get them. The M. F. Schurman Company Limited congratulates you all for your enterprising spirit which has brought the dream of this building to a reality."
Mr. Linkletter then went on to pay tribute to the large group of men the foreman, carpenters, plumbers, painters and laborers, who, he said, must feel an inner pride to be able to say "my labor and skills went into that building."
In conclusion Mr. Linkletter said "to all who have labored so diligently to make this day one of the most historic in the history of this progressive, friendly and beautiful town, the M. F. Schurman Company Limited extends its sincere congratulations."
An historic event took place at the opening yesterday when the first letter to be delivered by the postmaster, Mr. Lloyd Howard, in the new post office, was placed in the hands of Mayor W. H. Darrach. This letter, which was of a congratulatory nature, was from the Hon. Alcide Cole, postmaster general of Canada.
Mayor Darrach said that it was a red letter day in the town of Kensington and on behalf of the people he expressed thanks for the splendid facilities which the new federal building provided. During his address Mayor Darrach gave an interesting account of the history of the previous post offices erected in Kensington and referring in particular to the one which has been in use since 1927.
