The Haverhill authorities have just held inquest on an unknown man found drowned 10 nautical and 23 days ago.

A Kentuckian named Lewis Chenoweth, 40 years of age, a stockman, is dead, after a continuance of sleep of eighteen weeks.

A big Arctic exploration, which J. B. Tyrrell, of the geological survey, Ottawa, has been a led to lead, is on foot.

Dr. Alfred L. Loomis, of New York, the specialist on pneumonia, died on Wednesday last of that disease.

It is regarded probable that before the general elections in Italy take place, 1000 men, who are serving terms of imprisonment, will be pardoned.

THE PROPRIETORS.
Make a Few Pertinent Remarks to their Patrons.

TORONTO, Jan. 23.—Dr. L. A. Smith & Co., of this city, whose name has become a household word through the Dominion, and in many states of the Union, in consequence of the wonderful cures effected by Dodd's Kidney Pills, desire to thank their patrons for the good words they have spoken for this remedy. During the past few months these expressions have been given to nearly every paper in the country by grateful people whose lives have been prolonged. These expressions are straightforward and honest, and should convince any unprejudiced mind of their sincerity and truthfulness. You know now, reader, that Dodd's Kidney Pills will do all that is claimed for them. They have stood the test.

Toronto is going to build a \$60,000 opera house.

HOW TO TREAT A COLD.
Don't stuff a cold, as the old adage advises, if you do you will have a fever to starve. A genuine cold is a shock received by the many million nerves which approach near the surface of the human body, and which control the pores of the skin. This shock closes the pores of the skin, is transmitted to the nerve centre and back to the mucous membranes, forcing a great amount of blood to these membranes, creating more or less irritation and consequent fever, inflammation, dryness, then watery discharge and catarrh. The shock may have its cause from a chill, from improper eating, a sudden fright and various other causes which irritate the nerves of the skin and mucous membranes of the nose, throat and bronchial tubes. Excess of blood in the stomach still more clogs the system and pores of the skin, so that effete matter, which should be carried off by the natural courses is retained; which is ample reason for severe colds in a large exposure or persons try one remedy until some friend suggests another "sure cure." When slight hoarseness or tightening of the nasal membranes warns one of a skin exposure or chills from whatever cause, act promptly, delays are dangerous; with children it may mean croup and strangulation; with adults, catarrh, bronchitis, perhaps pneumonia. Scores of mothers would as soon go to bed without matches in the house as without that old-fashioned remedy, Johnson's Anodyne Liniment near at hand for colds and croupy children. The proprietors, I. S. Johnson & Co., Boston, Mass., will send their new illustrated book entitled "Treatment for Diseases," free to any person for the asking.

A woman 28 years of age, has applied for the position of public executioner at Vienna.

A Comfort Sometimes.
When health is far gone in Consumption, sometime only ease and comfort can be secured from the use of Scott's Emulsion. What is much better is to take this medicine in time to save your health.

Twenty-two cases of alleged sales of titles of nobility have come to the notice of the state authorities at Madrid.

This is Concentration.
One pill a dose, one box 25 cents. One pill relieves constipation. One box cures an ordinary case. One pill taken weekly neutralizes formation of uric acid in the blood and prevents Bright's Kidney disease and Diabetes. True only of Dr. Cass's Kidney-Liver Pills.

Serious discontent prevails on the Isthmus of Panama at the continued inactivity in the canal work.

"I have spent thousands of dollars and been in the best hospitals of Europe and America under treatment for catarrh," said a gentleman recently, "and have never received so much genuine relief as I have from a twenty-five cent box of Hawker's catarrh cure."

Parts of California have been devastated as a result of the recent heavy falls of snow and rain.

Success produces imitation. Genuine Dodd's Emulsion is sold only in bottles, with landscape view on buff wrapper.

Great Britain will not meddle with the internal political troubles of Hawaii.

Business and professional men who suffer from tired exhausted feelings consequent upon mental effort, will find in Hawker's nerve and stomach tonic a sure cure of the vital energies, relieving brain pain, restoring nervous energy and muscular vigor; removing indigestion, restoring lost appetite and aiding digestion.

A despatch says the missionaries at Tung Chow are safe.

DON'T DIE BEFORE YOUR TIME.
"Why will you die?" That is the question the scientist now asks the miserable sufferer from consumption or lung trouble. The answer naturally is "because I can't help it." But the consumptive can help it. Miller's Emulsion made from Norwegian Cod Liver, and combined with the hypophosphites of lime and soda, will cure nine cases out of ten of consumption, and the tenth case can get a reprieve for a year or two. New blood is made, the consumptive requires, and Miller's Emulsion of Cod Liver Oil, when taken produces it. Miller's Emulsion is the great nerve strengthener and blood maker, and cures Coughs, Colds, Bronchitis, Scrofula and all lung affections. In Big Bottles, 50c. and \$1. at all Drug Stores.

TO HON. DONALD FERGUSON.
Hurrah for Donald Ferguson,
And we must cheer him too,
Seats of honor he has won
By being just and true.

Many battles he has fought,
And bravely won them all;
His enemies have often thought
To make him run or fall.

He truly is a gentleman,
Deserving of our praise;
To frighten him they never can
By any threats they raise.

In honor he is getting high,
And likely soon to be
Required kindly to apply
To a higher vacancy.

No truer man we ever found
To fight for what is right;
With charity he does abound,
Which keeps his conscience bright.

May God be pleased to bless him here,
And keep him long in health,
And all his loving family cheer,
With blessings more than wealth.

NEWS NOTES.
Winnipeg's first losses last year were less than a quarter of a million.

On an average from 8 to 10 deaths from the grippe are reported daily in New York.

Damage to the extent of \$5,000 was done in Tennessee the other day by a cyclone.

From the petitions presented in the Maine Legislature it appears that there are more men than women in that state who are in favor of woman suffrage.

An attempt is being made by the United States government to oust over 1,000 settlers on land in Kansas, purchased from the Union Pacific Railway Company.

The Breen family won two skating races at St. John on Friday in as many classes. Probably they could have won three had there been another competitor.

Willie K. Vand built has given to the wife from whom he is separated an income of \$250,000 a year and the use of two palaces, one in Newport and one in Newport.

Henry B. Beecher, of the late Henry Ward Beecher, has been indicted with others for the alleged forgery of an application for \$1,500,000 of casualty insurance.

While three little children of John Raybeck were playing with a coal oil can at Day's, Ky., a few days ago, one of them, a five-year-old boy, was killed.

A Montreal colored man who was recently sentenced to 14 years in the St. Vincent de Paul penitentiary, for killing a man four years ago, has been liberated. His betrayer, interested Lady Aberdeen in the young man's welfare with the above result.

There is a pathetic side to the story of the suicide of Abbott, the cashier of the Dover, N. H., bank, who took this means to escape disgrace. It now appears that he was a tool in the hands of others, and rather than bring disgrace and ruin upon his associates he took his own life.
