HORTICULTURE.

(Continued from first page.)

ement, which he had taken good care to secure before Mr. Warburton left office. On motion of Father Burke, seconded by John Robertson the thanks of the Association were accorded the government for having so far met the prayer of their former petition. Meeting adjourned until 2 o'clock.

There was a good attendance at the afternoon session of the association. Matters of interest to fruit growers generally, and having an especial bearing upon the proposed trial shipment of apples to England, were brought up by Lieutenant Governor Rowland. His Honor expressed his belief, as the result of a long experience, that Prince Edward Island could produce fruit second to none. He was glad that, as the result of judicious advocacy, we now possess a number of first-class orchards and was glad also to note a growing spirit of healthy emulation among the people of this Province. He had done his best upon every occasion to help the good work along. But the future generation—only would reap the benefit of the work the association has now done. He spoke of his interest in the trial shipment of apples and declared the necessity of making a judicious choice of varieties and of having them marketed in the best possible manner. He said that the British market was now our natural market. But the time might not be far distant when other countries would offer us still better inducements. He disagreed with Senator Ferguson as to the importance of color in the fruit, and said that he had but yesterday conveyed with the Rev. W. E. Fennerbury, of Tasmania, who declared to him that colour went for nothing in their market; but apples of medium size and superior flavor would always be saleable. Senator Ferguson, Rev. A. E. Burke and others also addressed the association upon matters connected with fruit production and marketing.

The following resolution, moved by Rev. A. E. Burke and seconded by H. A. Stewart, Hamilton, was then put to the meeting and unanimously adopted:

Resolved that the Fruit Growers Association of P. E. Island make a trial shipment of 100 barrels of apples to England by next trip of the cold storage steamer Lake Winnipeg.

The following report was then received and read:—

Your committee appointed to consider and report on the varieties of apples best adapted for shipment to England submit the following: Wealthy, 25 barrels; Alexanders, 25 barrel; Golden Russets, 25 barrels; and 25 barrels embracing equally Kings and Ribston Pippins. The above varieties we believe to constitute the best to send in cold storage as a trial shipment of 100 barrels. We would also recommend that the barrels made by Mr. Full, if said barrels are suitable, be procured for the shipment contemplated. We would also suggest that in packing said apples the greatest care be exercised; supervision of packing by some capable person or persons would be absolutely necessary.

JOHN ROBERTSON,
D. A. SHARP,
RICHARD BUCKLE.

On motion of Senator Ferguson the following motion was then adopted:

Resolved, That the report be adopted and Northern Spy and Gravenstein be added to the list of apples recommended out of which a selection may be made.

Senator Ferguson, Marshfield; John Robertson, Inkerman; and D. A. Sharp, Summerside, were appointed packers for the association. All matters in regard to the shipment are to be left in their hands.

During the meeting a splendid exhibition of fruit was brought in by the following gentlemen:

John Robertson, Inkerman, 33 varieties as follows: Wagner, Ribston Pippin, Winer Bough, Beutheimer, Talman Sweet, Nonpareil, Cranberry Pippin, McMahon White, Golden Russet, Red Russet, King of Tompkins, Fallawater, Bellefleur, Manks Codlin, Mann, Gravenstein, Baldwin, Swaar, Pewaukee, Ben Davis, Wealthy, Duchess of Oldenburg, Fullgenethy, St. Lawrence, R. I. Greening, Red Astrocan, Twenty ox, Ont, Emp. Alexr, Porter, Manks Codlin, Northern Spy.

H. A. Stewart, Hamilton: Wealthy Golden, Red Streak, Ben Davis, Fameuse.

Rev. A. E. Burke: Queen's Choice, Golden Haas, Ben Davis, Scott's Winter.

Senator Ferguson, Marshfield: Golden Russet, Wealthy, Nonpareil, Bethel, Northern Spy, Ribston Pippin.

John H. Gill, Little York: English Pippin, seedling; Pewaukee, Wealthy, Ben Davis, Gravenstein.

E. Bayfield, Charlottetown: Burbank (Japanese) plums.

John C. Clark, Bavview: Shaker Greening, Duchess of Oldenburg, Fallawater, Manks Codling, Haas, Talman Sweet, Red Ast., Fameuse, Golden Pippin, Funkin Sweet, Rhode Island Greening.

The meeting then adjourned sine die. The packing committee, Hon. Senator Ferguson, Charlottetown; D. A. Sharp, Summerside; John Robertson, New Perth; request all persons who have the varieties above mentioned to correspond with them at once.

DRUGGISTS

Local and Other Items.

DRILL.—No 2 Co. Artillery will drill to-night.

OP-RA HOUSE TO-NIGHT.—Doors open at 7, 30 sharp.

CITY COURT.—The City Court was in session this forenoon.

FIRE.—The alarm about noon today was for a slight fire among some coal at the Full Electric Station.

LIQUOR REGULATION ACT.—Summonses charging infractions of the Liquor Regulation Act have been served on Sarah A McIntyre, John Connors, James Haynes and Angus McDonald. The two first mentioned are charged with selling on Sundays, and the other two with selling to persons under age.

TEACHERS' ASSOCIATION.—Teachers and all others interested in education should attend the Teachers' Association which meets in annual convention tomorrow morning in the Y. M. C. A. Hall at 10 o'clock. Dr. Hall, of Truro, G. U. Hay, of St. John and W. A. Hickmah, of Pictou, are expected to be in attendance. Subjects of great importance to the educational interests of this province will be considered at this convention. All interested parties, especially members of our local Legislature, are invited to be present.

SENSATIONAL SCENE.—A sensational scene was witnessed on the railway track near the semaphore in the vicinity of the station yesterday afternoon. It seems that a young truckman and his wife had a disagreement, and the wife sought to throw herself over the railway breast-work. The husband pulled her back and more than once threw her on the track and finally dragged her away. It is said that the pair disagreed over the husband's drinking habits. They have not been married very many months.

AFRAID OF CANADA.—According to a late despatch from Paris: Considerable apprehension is felt in the butter-producing districts of France at the increasing importations of butter into England from Canada, and which has recently diminished very seriously French trade with England. In order to be able to compete on more favorable terms with their new rivals for English trade, the French merchants are endeavoring to get a reduction in railway rates, which are precisely the same on butter and dairy products as they were thirty-five years ago.

POLICE COURT.—This forenoon James Hennessey was arraigned on complaint of his step daughter, Ada Hayden, on a charge of damaging her property on Grafton Street. It seems that Hennessey has been absent from the province for upwards of two years, and since his return about two weeks ago has been making it decidedly warm for his wife and the other occupants of the house, breaking the doors and windows and using threatening language towards his wife. He was fined \$20 and \$2 cents or two months imprisonment upon the charge laid against him, and in default of his giving security to keep the peace towards his wife he is to be imprisoned for a further term of three months. Charles Slate, for being drunk and incapable, was fined \$90 or 90 days.

NIGHT SCHOOL.—On Monday evening last a meeting was held in the office of Mr J H Bell, M. P. P., with Rev J M Withycombe presiding and Mr R H Campbell acting as secretary, when the organization of a night school was discussed. It was decided to proceed with the organization and to procure a suitable hall, and start a night school with the following staff of teachers: Arithmetic, Mr Neil Macleod; Music, Mr Leonard Morris; Freehand Drawing, Rev J M Withycombe; Book-keeping and Penmanship, Mr D K Currie; English, Mr R H Campbell; French, Mr. John H Bell, M. P. P. There will be two classes of one hour each on Monday, Tuesday, and Thursday evening of each week. A nominal fee will be charged to cover rent lighting and heating, and other unavoidable expenses.—Summerside Journal.

OPINIONS OF THE PRESS.—The Ottawa papers have the following to say of "A Trip to Coontown" which opens in the Opera House to-night:

Ottawa Free Press: There is a lot of good comedy in the show, so there is no dearth of merriment. Bob Cole as a tramp is undoubtedly in the front rank. Billy Johnson as a bunco-steerer was a well executed piece of character work.

Ottawa Citizen: The acting was more than ordinarily clever, and the whole show pleased.

Ottawa Tribune: It filled the house at every performance, and pleased everybody who has seen it.

Toronto Globe: Those present were not disappointed in any way. The show is a good one from start to finish.

Toronto World: The large audience was kept in a condition of continuous and wholesome enjoyment. The piece is full of song, dancing and fun, of a kind neither vulgar nor bisterous.
