It is the opinion of Andrew Carnegie, who wants to annex the British Empire to the States, that a man who dies wealthy dies disgraced, but he manages to hold on to his wealth with a tight hand. His workmen at Homestead have had a Christmas box in the shape of a reduction in wages all round. One would think that a man of the professed generosity of Mr. Carnegie would have sacrificed some of his profits rather than that his men should suffer, but he is evidently only a talking philanthropist.

ENDORSES DR. ROSE.

A Quebec Physican who Corroborates Dr. Rose's Opinion.

PORTLAND, Dec. 3.—The letter of Dr. A. G. McCormick, of Richmond, Que., testifying to his complete and permanent cure from Bright's Disease by Dodd's Kidney Pills, has been read with much interest here, supporting as it does the recent letter of Dr. E. A. Rose, of this place, who was cured of Diabetes by the use of these pills. Of course no furthe corroboration of the curative qualities of Dodd's Kidney Pills was required other than the testimony of Dr. Rose, but it is a satisfaction to know that other medical men are able to join the Dr. in testifying to the worth of the pills from persoual trial.

Miss Hasbeen—I'm very tired after the dance last night.

Mother (to her son, who is about to visit a wealthy uncle)—Now, Johnny, if your uncle asks you to stay for dinner, you must refuse at first. It's polite, you know.

COD LIVER OIL has long been known to the Medical Profession as perhaps the *best single remedy* for CONSUMPTION and other Wasting Diseases—but most sick or ailing people have an unconquerable aversion to it, *in its crude state.* The Hypophosphites of Lime and Soda are only second to COD LIVER OIL in their curative effects in the above complaints. In PUTTNER'S EMULSION the Oil, while retaining all its medical virtues, is completely disguised both from eye and palate, so as to be agreeable to the most delicate stomach, while its curative effect is enhanced *one hundred per cent.* by its scientific association with the salts of Phosphorus.

Harper's Magazine

IN 1895.

"The Simpletons," a new novel by Thomas Hardy, will be begun in the December Number, 1894, and continued to November, 1895. Whoever may be one's favorite among English novelists it will be conceded by all critics that Thomas Hardy stands foremost as a master artist in fiction, and "The Simpletons" may be expected to arouse enthusiasm not inferior in degree to that which has marked Trilby—the most successful story of the year. Another leading feature will be the Personal Recollections of Joan of Arc, by the Sieur Louis de Conte, her Page and Secretary under which guise the most popular of living American magazine writers will present the story of the Maid of Orleans. In the January Number will appear a profusely illustrated paper on Charleston and the Carolinas, the first of a series of Southern Papers.

Northern Africa is attracting more attention than at any other time since it was the seat of empires The next volume of Harper's Magazine will contain four illustrated articles on this region, and three of them will depict the present life there, Julian Ralph will prepare for the Magazine a series of eight stories, depicting typical phases of Chinese life and manners Besides the long stories, there will begin in the January Number the first chapters of a three-part Novelette, by Richard Harding Davies—the longest work yet attempted by this writer. Complete short stories by popular writers will continue to be a feature of the Magazine.

Send for illustrated prospectus.

The Volumes of the Magazine begin with the Numbers for June and December of each year. When no time is mentioned, subscriptions will begin with the Number current at the time of receipt of order. Cloth cases, for binding, 50 cents each—by mail, postpaid. Title page and index sent on application.

Remittances should be made by Post Office Money Order or Draft, to avoid chance of loss. Newspapers are not to copy this advertisement without the express order of Harper & Brothers.
