Following news of President Eisenhower's illness, prices toppled freely but not to the extent of the declines on Wall Street. declines on Wall Street.

Observers here said the selling was due more to the decline on Wall Street than to the news of Eisenhower's illness itself. They said there was no alarm among investors here and much of the selling was due to profit-taking, which broke out as sellers used the news for an excuse.

NEW YORK

NEW YORK (AP) — News of President Eisenhower's stomach upset caused a sharp stock market sell-off Monday but prices recovered much of their lost ground in later dealings.

On average, the market suffered no more than a moderate decline. It was only about one-quarter the size of the loss of June 8, 1956, when prices fell on news of Eisenhowr's attack of ilitis; and about on-sixteenth the decline of Sept. 26, 1955, when the market broke on news of the president's heart attack.

A number of key stocks replaced losses with gains by the close.

The oils and the steels took the brunt of the initial losses when key stocks plummeted ts much as five points or so. The mtrket had risen at the start but the news about Eisenhower put it down rapidly.

The Associated Press average of 60 stocks fell 70 cents to $183.30 with the industrials down $1.20, the rails down 60 cents and the utilities unchanged.

Among the leading Canadian issues was Hudson Bay mining, up ¾ on 600 shares. Trading 4,500 shares, International Nickel dropped off ⅝. McIntyre lost 3¼, Dome Mines ¼ and Distillers-Seagrams ⅛.

Upside Canadian issues on the American exchange included Jupiter oils, ahead 3-16 on 16,200 and Richwell Petroleum, up 1-16. Off were Brazilian Traction, down ⅛ on 2,700 and Preston East Dome ⅛.

Drops Gas Tank In Fishing Area

SPANIARDS' BAY, Nfld. (CP) A blast caused by a fuel tank dropped into Conception Bay early Monday by a low - streaking jet fighter raised a 50-foot waterspout, shook up this east coast fishing town, and frightened fishermen tending their lobster traps a short distance offshore.

The fishermen, apparently thinking they were being bombed, laid onto their oars until their dories hit the beach. Then they scurred for shelter before the plane could rturn.

The plane was later identified as a USAF F-84 fighter, one of a flight bound for Europe. The aircraft had been refuelling from a tanker plane at 13,000 feet over the Newfoundland coast, but one of the jets developed trouble in its wingtip tank.

High octane gas streamed from the blocked tank and the pilot feared an explosion. He dropped through the low cloud cover to make sure he was over water, and jettisoned the tank. The gasoline exploded as it hit the placid surface of the bay.

The aircraft was repaired at the United States naval station at Argentia and continued on to Europe

Life And Faith Are Far Apart

VANCOUVER CP)—Too many church members see little relevance between the Christian faith and their daily lives, Rev. F. J. Barr of Stratford, Ont., said Monday at the general assembly of the Presbyterian Church in Canada.

There also is a confused attitude among churchgoers to the scriptures, said Mr. Barr, who was presenting the report of the board of Christian education. He said the board is seriously re-examining curriculum and teaching aids for both young adults and children.

He reported an increase in the number of Sunday school pupils during the year. There now were 1,013 schools with a total of 113,249 pupils.

Military Courts Can't Try U. S. Civilian Abroad

WASHINGTON AP) — The Supreme Court reversed itself Monday and held that civilians who accompany the U.S. armed forces overseas are not subject to military trials for crimes committed aboard.

The tribunal's first decision — by a 5-to-3 vote announced June 11, 1956 — Upheld the authority of military courts to try civilians.

Then lawyers for two women convicted abroad of murdering their husbands won a reconsideration of hte decision on the ground that constitutional questions had been left unresolved.
