All Roads In Prince Are Expected To Be Open Today

Eleven snow plows working in Prince County since Wednesday are expected to have all roads in the county open by this evening. Plow dispatcher Victor Howatt said at Summerside last night that a few side roads leading to the shore that did not require immediate attention were being left closed. Roads generally are in poor condition, it was reported, although a few have started to dry out. A few days of sun and warm wind would result in great improvement. The pavement on the Western Highway is badly broken and is perhaps in the worst condition it has been since it was built.

CAMEO

"KISS THEM FOR ME"
Starring Cary Grant and Jayne Mansfield.

Best Legislation Sought For Farmers, Says Hees

"We want to give you who are farmers the best legislation possible", Hon. George Hees, Minister of Transport, told a large gathering at Borden Thursday night.

He had been referring to the Farm Stabilization Bill, which he said had been designed to do a job and if it did not do that job it could and would be changed. Mr. Hees said the Bill had been debated for a long time in caucus and frequent changes in it were made before it was presented to Parliament.

"Our whole idea is to do a better job for the people," he added, "and we intend to do a good job for the people of Canada for many years to come". He said the Progressive Conservative Government and relief to the people were the masters and Members of Parliament are only the servants. "The Liberals forgot that and so you kicked them out."

Mr. Hees was speaking before a solidly packed hall in the Legion Home in support of the candidacy in Prince County of Dr. Orville Phillips. He urged the people to vote for Dr. Phillips "a man whose plain ways and quiet manner have made him popular in Ottawa and one to whom other Members listen when he speaks".

PUBLIC WORKS
The Minister stated the Diefenbaker program of public works were designed to aid development of Canada and relieve unemployment. He stated two years ago the Liberals said Diefenbaker could not do the things he promised in the campaign—but he had done them. They said he

could not reduce taxes—but he did and now the Liberals were reversing themselves and promising to reduce taxes even more.

"The Pearson Plan is nothing more than a death bed repentance", Mr. Hees declared. Dr. Phillips told an applauding audience that present unemployment was solely the fault of the Liberals who had ignored all warnings regarding it and that the Diefenbaker Government had moved to overcome it by a vast program of solid public works projects across the country.

He said there were many wharves to be repaired or constructed and as soon as summer came he would get together with fishermen in the Cape Traverse area to learn what their wishes were regarding the wharf there. **BORDEN POST OFFICE**
The speaker drew cheers when he stated that the new Borden Post Office was being built because the need of the people had

been recognized. Earlier in the evening he had told a Victoria gathering in reference to the Premier adjourning the Legislature because no Opposition members were in their seats: "If the Premier found it so essential to have four members of the Opposition in the Legislature to conduct his business I believe we can oblige him by seeing he has a great many more whenever he dares to call a provincial election".

Also addressing the Borden meeting was Walter R. Shaw, provincial leader of the Progressive Conservative Party, who told of conditions in the Province and urged the strongest possible support for the party's candidates in the Federal election. Appealing to lady voters, and men as well, was Mrs. Don Sutherland who represented the Conservative women in the Borden area.

Service Station Loses \$1,400

E. W. Turner's Service Station in O'Leary was broken into Thursday night and approximately \$1400.00 stolen from the safe in the office. Over a \$1,000.00 in cheques and silver was left behind scattered on the floor. The thieves used a welding torch belonging to the service department of the garage to cut a neat hole in the rear of the

safe in order to get at the cash box. An attempt had been made to break into the safe from the front by working on the dial system. Entry to the building was made by forcing a large door at the back of the service station. Mr. Turner is agent for farm machinery and Studebaker cars. The Alberton R. C. M. P. detachment is investigating.

P.E.I. Man Is Killed In Montreal

Mrs. Thelma Companion of Summerside received word Thursday evening of the sudden death of her son-in-law, Joseph Martin, formerly of North Rustico and Charlottetown, who was killed Thursday in Montreal when a taxi which he was driving was struck by a train. Mrs. Companion left for Montreal by plane yesterday. The deceased is survived by his wife, the former Elaine Companion, of Summerside, and by a three-and-a-half year old daughter Marilyn. Other surviving relatives include: his mother, Mrs. Florient Fortier, of Montreal, and by the following brothers and sisters: Marie, in California; Thersa, Robert, Yvonne, Alcide,

and Paulette, all of Montreal; and Edward with the R. C. A. F. in Germany. The late Mr. Martin had served with the R. C. A. F. for five years three of which were spent in Summerside.

No, she didn't have to sell the car

When a man dies, his widow is confronted with the responsibility of looking after the family. There are so many necessary expenses . . . so many good things she's used to, like the family car.

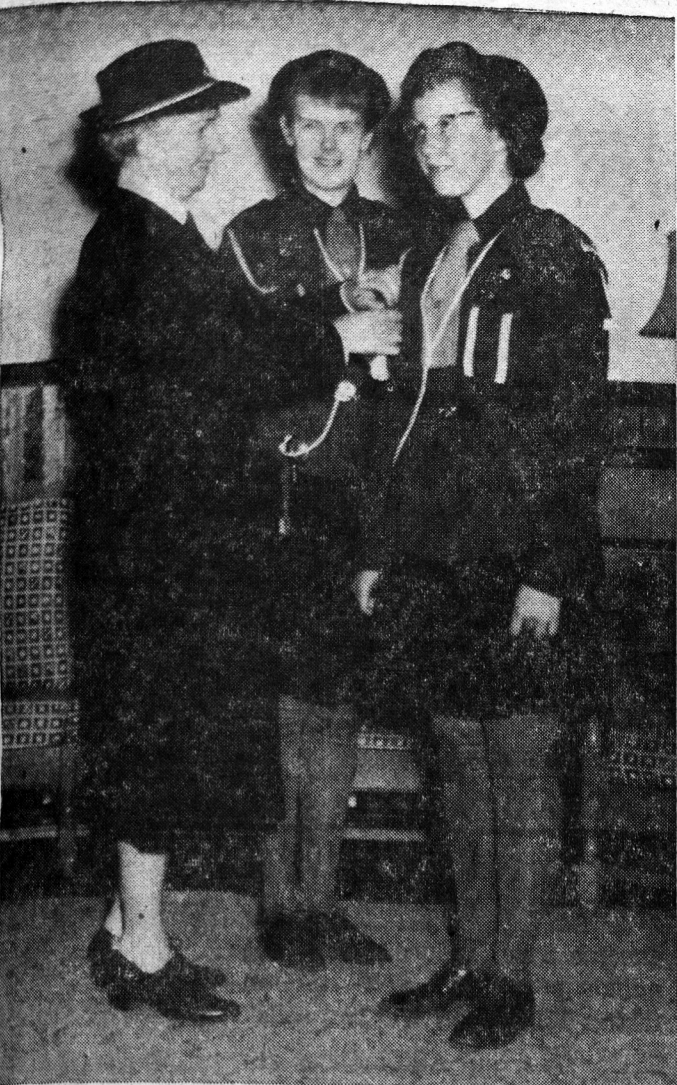

This widow didn't have to sell the car. Her husband took a realistic approach to life insurance protection. He carried enough to cover any eventuality.

Carrying such protection is not a burden when you select the company that offers family protection at low net cost. That's The Mutual Life of Canada — the company with the outstanding dividend record.
