NEWS BY TELEGRAPH.

UNITED STATES.

NEW YORK, Sept.

Thirty six rongs known as the Cherry Hill gang, of Williamsburg, were arrested last night returning from a debauch at Sheepshead, where they beat to death Jerome Mundap for demanding pay for claims which they stole from him. The gang has affiliations in this city and is one of the worst outside of jail.

ST. LOUIS, Sept. 2.

Yesterday W. Ward fatally shot Annie Lewis, aged 14, because she refused to leave her mother's house and go to a beer saloon with him. The parties are colored.

NEW YORK, Sept. 2.

The "Times" Narraganset despatch reports that Mrs. Sprague suddenly left her home on Saturday, taking her three daughters. Governor Sprague is unable to ascertain her whereabouts.

The "Herald" reports a suggestion of a distinguished Southern soldier, which will probably be presented to Congress next fall, to create an office of Captain General of the army, with suitable pay, and have it tendered to Grant.

Twenty-eight cases in all, thirteen whites, reported to-day.

NEW ORLEANS, La., Sept. 2.

A storm prevailed all day. The boat-house of the Riverside Boating Club was blown down, loss \$4,000. Much damage was done by uprooting trees, blowing down fences, etc. The orange crop is damaged, the fruit being blown off. A large number of coal boats were sunk at the Willow Grove anchorage, six miles above the city; loss estimated at \$100,000. The steamboat "Gov. Allen" broke loose and was blown across the river, doing some damage to barges. The wires are all down now, but the latest despatches from Morgan City reported the storm the very severe. A steam-was sunk, houses unroofed and other damage done. Considerable damage is reported to the crops.

MORGAN CITY, La., Sept. 3.

A terrible hurricane passed over here yesterday, doing immense damage to property and sugar plantations. The damage to crops along the river Terche is immense.

The Emperor William will start to-morrow direct for the Russian frontier. The Czar will meet him at Alexandrow.

The London "Financier" reports a rise in Atlantic Cable shares, accompanied by a rumor of an accident to the French cable.

John O'Connor Power, Home Rule member of Commons for Mayo, on Sunday addressed a large meeting of tenant-farmers and others at Ballyhouts, County Mayo. He demanded immediate reduction of rent and a radical reform in existing land laws. At the head of one of the contingents attending the meeting were two hundred mounted men and two hundred foot men carrying staves, with heads resembling pikes, and a large green banner representing Erin exhorting her sons to struggle for freedom.

LONDON, Sept. 2.

The "Times" reviewing the fisheries question, says: The opinion expressed in the

United States that the whole question will be settled between the State Department and the Foreign office, without the North American Colonies having a voice in the matter, betoken misapprehension of the policy of the British Empire, which accords to its self-governing colonies freedom of action, limited only by Imperial considerations. The inshore fisheries are the inalienable heritage of Canada and Newfoundland, and these countries must say whether and on what terms participation in them should be granted to a foreign country. It is satisfactory to find that the Government at Washington repudiates all intention of asking any reconsideration of the Halifax award on grounds of subsequent ill-treatment of fishermen. Any further arrangement on the Halifax plan, unless preceded by final and conclusive settlement of the headland disputes and rights of American fishing vessels in British North American ports, would be unsatisfactory. Note—Foregoing probably embodies the official view of the question.

The Royal Commission.

THE members of the Royal Commission to inquire into the depressed condition of the agricultural interest in England, the causes to which it is owing, whether they are of a permanent character, how far they have been created, or can be remedied by legislation, are the Dukes of Buccleugh and of Richmond and Gordon, Earl Spencer, Lord Vernon, Sir William Henry Stephenson, Messrs. Goschen, Chaplin, Cowen, Mitchell Henry, C. T. Ritchie and B. R. H. Rodwell and Colonel Kingscote, members of Parliament, and Messrs. John Clay, Charles Howard, James Lennox Napier, Benamy Price, John Rice, Robert Paterson, William Stratton and Jacob Wilson, with Mr. William Augustus Peel as Secretary. Some fun has been poked by the Scotch Liberals at Mr. Paterson, who is said to own landed property just worth £7 10s., and in Radical circles there has been some disappointment because Mr. Arch, or some other representative of the agricultural laborers, has not been placed on the commission. The commission will meet in November and hold its sessions in London, though its members may visit Edinburgh and Dublin. The assistant commissioners will mainly direct their attention to gathering information in foreign countries.

A Strang Story from Toronto.

AN ATTEMPT MADE TO KIDNAP GEORGE BROWN, OF THE "TORONTO GLOBE."

TORONTO, Sept. 2.—A few evenings previous to the night that Mr. Jeffrey was enticed across the Don, an attempt was made to decoy the Hon. Geo. Brown from his residence on Beverley Street. Mr. Brown, however, was not to be caught, and declined the invitation. Some nights before this, the chain of the door of Mr. Brown's house was filled in two places, so that the chains could be broken off by pushing the door when unlocked. On the evening on which the attempt was made, Mr. Brown was notified by a servant that a man in livery was in waiting at the door with an important letter, and that he would deliver it into the hands of none but the Senator himself. Mr. Brown accordingly went to the door, but the man refused to leave the letter unless Mr. Brown came outside the door. This he refused to do, and the man drove away in a private carriage which was in waiting at the door, on the seat of which sat the driver, dressed apparently in the same livery. The matter was placed by Mr. Brown in the hands of the police, and there the matter rests at present.

Terrible Thunder Storm at Guysborough, N. S.

GUYSBOROUGH, Sept. 2.—A terrific thunder storm, accompanied with hail, passed over our town this morning, commencing about five o'clock, and continued without any abatement for more than an hour. Some of the flashes were the most terrible ever experienced. The lightning entered the Dominion Telegraph office by the wire and set the building on fire. A person near by observed the smoke issuing from the building, and bursting open the door succeeded in extinguishing the fire and saving the building. The instruments, etc., are considerably damaged. Sixteen telegraph poles, within one and a half miles from the office, on the Tor Bay Road, are more or less demolished, and the splinters are scattered in all directions. Had the storm been accompanied with heavy wind, much damage would have been done by the hail.
