

# Down The Back Stretch Eligibility List

We take pleasure in giving our readers a list of the trotters and pacers that are being prepared to face the starter on Maritime tracks the coming season. Many are well-known, some of them having been campaigned here for several years. Others are yet to hear the starter's bell ring, and then there are the "imports," bought at Harrisburg, Pa., Delaware, Ohio, Dufferin Park, Toronto, and other places. Many of these have performed more or less brilliantly and their coming here in competition with our native breeds and other horses that have been raced here will add much to the interest in our sport.

In the long time that we have been connected with harness racing there has never been, to our knowledge, such a large number of trotters and pacers being prepared for the fray. This list does not contain them all. There are colts and other young horses that have been raced over the ice this winter or given road work that will no doubt be pointed for the race track in events all over the Maritime, so we can expect that upwards of 900 or more trotters and pacers will face the starter this year.

The last horse we have added to the list below is the 15-year-old pacer Athlon Ruler, that took a record as a 13-year-old of 2:01 1/5. His all time earnings are \$38,353.96 and his 1954 winnings were \$9,760. In 32 starts in the fastest company he was 8 times first, 6 times second and three times third. Perhaps his biggest bid to fame was in the \$3,500 Pace A at Ingleswood, Calif., last November. He won the 1954 and 1955 Meadow Gold dead-heat for first in 1:59 4/5, which we believe was a world's record for a dead heat, and Athlon Ruler coming up very fast, was just nosed out by these two. Had there been another horse to go he would have won. The new owner is our popular friend Les Bickerton, one of the managers of Truro Raceway, Ltd.

Please note that the winnings of the horses below are only for 1954 and do not include previous years' earnings.
