## Fire Assistance Plan Has 500 Subscribers

**MONTAGUE** — About 500 property holders within a five mile radius of the town of Montague have indicated they will take advantage of the fire service offered by members of the Montague Fire Brigade. Fifteen of the 16 districts have advised they are interested and appreciate the service being offered by the volunteer group.

Earlier in the year the members of the brigade made a request to the council for a unit which carries 550 gallons of water and well equipped for to be used in the event of out of town calls. Their request was granted. A committee of three, with G.A. Wightman as chairman, R.R. Beck and Ken Clements, immediately went to work on the project with the above results.

Mr. Wightman, in reporting to the brigade at the regular monthly meeting held last evening in the council chambers, outlined the results of their efforts and advised copies of regulations have been sent to all districts.

The regulations was a request for someone to be appointed in each district to represent the district as a liaison with the firemen. A list of properties beginning at the nearest point to the town was also requested. It was the opinion of the committee this would be of assistance in locating fires.

The residents in the Montague school district who reside outside the town limits have been sent a letter explaining the service and requesting the payment of \$3.00 to the secretary, R.R. Beck, on or before April 12 when the service begins.

The method of individual payment for the area surrounding the town was considered simplest while payments by districts was felt to be the fairest for the remainder of the districts.

To date many have already paid their fees, however, assessors, now appointed for life.

2. Measures to limit election expenditures, now being studied by a committee of inquiry.

3. Railway legislation to let the railways adapt to modern competitive needs.

4. Amendment of the Citizenship Act to give naturalized Canadians the same legal rights as those born in the country.

5. Legislative protection for Canadian magazines.

6. Recapitalization of the CNR's debt.

7. Amendments to the Post Office Act, the National Housing Act, the Atlantic Development Board Act, the Northwest Territories Act and the Aeronautics Act.

8. Creation of a new cabinet portfolio, president of the treasury board, a post to be held by Privy Council President McIlraith.

Approval will also be sought for a formula to amend the constitution in Canada and for the designation of O Canada as the national anthem. God Save the Queen would be retained as the royal anthem.

**RE-ESTABLISH GROUP**  
The Commission food and drugs committee would be re-established, continuing its search for ways to reduce drug prices, but there was no mention of renewing the special committee on defence that has been operating for two years.

Bank legislation is scheduled for revision, a move already discussed by Finance Minister Gordon who plans to outlaw provincial investments in the stock of chartered banks. Some recommendations of the Porter royal commission on banking, which reported to the government a year ago, may be implemented.

Labor items include a revision of the Unemployment Insurance Act, on the self for the last two years; new industrial safety laws; changes in the Fair Wages and Hours of Labor Act to bring it in line with the new labor code passed earlier this year; collective bargaining and arbitration for the civil service.

Term 29 of the union with Newfoundland providing an annual grant due to expire in 1966, is to be amended.

**REVIVE ITEMS**  
Several items that were introduced last year but got lost in the pressure of other business were revived. Among them:

1. Compulsory retirement of

## Woman Dies, Man Injured In Shooting

**HALIFAX (CP)** — A woman died in hospital here Monday and a man was reported in critical condition following a shooting incident at Fauxbourg, N.S., earlier in the day.

RCMP said Mrs. Earl Slaunwhite, 29, of Fauxbourg, died in hospital following the incident

## Summerside Man Receives Scholarship

Scholarships announced recently by the National Research Council include one to J.R. Ronan, Summerside. The amount of the scholarship is \$2,500. Mr. Ronan is a student at St. Francis Xavier University, Antigonish.

The Council granted a record amount of \$3,200,000 for 1965-66 as compared with \$2,465,400 last year.

The number of scholarships announced amounted to \$1,231.

## Education Week Marked By Speaker

Rev. A.J. Pendergast was guest speaker at observances held recently at Ebbesfleet School to mark Education Week.

Mr. Pendergast stressed the importance of children completing high school education.

Eileen Wedge, a grade eight student, chaired the meeting, which was postponed from an earlier date.

A number of parents visited classrooms to view pupils' work and watch lessons being taught, and a short program was presented.

## Serious View Taken Of Berlin Blockade

**From Reuters-AP**  
**BERLIN (CP)** — The Communists sealed the 110-mile highway linking West Berlin with West Germany for several hours Monday, clamped down on canal traffic and threatened interference in the air corridors.

The moves were regarded as the most serious interference with free Western access to West Berlin, an island in East Germany, since the 1948-49 Berlin blockade.

Communist announcements said the measures were taken in connection with Soviet-East German military manoeuvres, scheduled to last six days. Westerners expressed belief, however, the Russians and East Germans were acting in retaliation for West Germany plans to assemble parliament in West Berlin Wednesday to emphasize its contention the Communist-encircled city is part of West Germany.

Communist MiG jets manoeuvred for more than seven hours high over West Berlin and sonic booms thundered down on the city.

One Soviet jet fighter screamed over the French sector's Tegel Airport — used by commercial aircraft — at an altitude of about 300 feet. Western officials claimed the buzzing was a clear violation of air safety rules agreed upon by the Russians.

Hundreds of Soviet and East

German tanks, heavy artillery pieces and motorized rockets rumbled over the countryside west of this divided city as Communist police blocked the autobahn travel.

## Koufax' Arm Responds

**LOS ANGELES (AP)** — South-paw pitching ace Sandy Koufax has responded to treatment for traumatic arthritis of his left elbow and will return to Los Angeles Dodgers training base tonight, a team spokesman announced Monday.

Dodger vice-president Red Patterson said in a statement the swelling of Koufax' left elbow has been sufficiently reduced for him to return to the club. He will continue medication treatments under R. Robert Kerlan.

"Sandy will be permitted to set his own pace on conditioning himself and will not be asked to pitch until he says he's ready to do so, and only as often as he says he's ready."

Patterson said Kerlan, the Dodgers' team physician, would offer no additional statement immediately. But for himself, Patterson added:

"We're very happy he's com-

back. We just want to see the swelling stays down with treatment, in a week or so he may be able to pitch."

## N. Viet Nam Radar Station Is Bombed

**SAIGON (AP)** — U.S. warplanes blasted a radar station and shot up some rolling stock in North Viet Nam Monday against ground fire reported absent to moderate.

A U.S. spokesman said a fighter-bomber was downed. The pilot was rescued. The New China news agency said in a broadcast four of the raiders were shot down and many others damaged.

Communist MiG fighters, which shot down two American raiders Sunday, did not show up Monday — 18th day in the series of aerial attacks launched by the United States and South Viet Nam Feb. 7.

What are the kids doing in the barrels? Just having fun on the first weekend of spring in Edmonton after a long, cold winter. Youngsters all over the city did much the same thing as water began to run in the streets indicating the end of ear muffs and the start of rubber boots. (OP Wirephoto)

## BARRELS OF FUN

## Brush Fires Break Out In Nova Scotia

**By THE CANADIAN PRESS**  
Several brush and grass fires broke out in Halifax, Digby and Yarmouth counties in Nova Scotia Monday but all were extinguished before they could cause extensive damage.

Monday's outbreaks followed a weekend of fires that burned over more than 800 acres in western Nova Scotia.

John Cooper, district forester for Shelburne-Yarmouth-Digby, said lands and forests department fire fighters extinguished fires at Woodvale and another at Bigler Lake.

Two spotter aircraft operated out of Yarmouth. Several small fires were reported in that area but they were contained by local fire departments and volunteers.

Lands and forests crews fought two fires in Halifax County. One at Indian Harbor burned over about 15 acres of bushland. Two acres were burned at West Dover.

## Smallwood Will Meet Richard Nixon

**ST. JOHN'S, Nfld. (CP)** — Premier Smallwood of Newfoundland was to meet former United States vice-president Richard Nixon in Gander, Nfld., late Monday and accompany him to Finland to meet the designers of Newfoundland's proposed new pulp mill.

Mr. Nixon is solicitor for Newfoundland Pulp and Chemical Company, proposed builders of the \$50,000,000 mill at Come-By-Chance, Nfld.

The Newfoundland Legislature Monday gave approval in principle to a bill which will give the government permission to guarantee a \$15,000,000 bond issue by the Newfoundland Pulp and Chemical Company to partly finance the mill.

## WESTERN BRIEFS

**IN HOSPITAL**  
Maureen Driscoll, Kensington is a patient in the Charlottetown Hospital where she is receiving treatment.

**TOP SHOWING**  
Edward Hickey, Malpeque, was the owner of the 4H-Club champion steer at the Easter Beef Show and Sale, that was purchased for 40 cents per pound by Leo P. McIsaac of Charlottetown. Edward, who is only 11 years of age, made such a fine impression in his first appearance in a show ring that he won the prize for showmanship among first-year club members.

## DEATH NOTICES

Received too late for Classified death notice column

**RANKIN** — At the home of his son-in-law and daughter, Mr. and Mrs. Clifford Kenan, Murray River, Sunday, April 4, 1965, John Alexander Rankin, of Pictou Island in his 86th year. Burial in the Murray River Funeral Home at the Murray River, for funeral service commencing at 2 o'clock. Interment in Murray River cemetery.

**RODS** — At Charlottetown, April 3, 1965, Mrs. J. Rodd, formerly of Charlottetown and Brackley, in her 77th year. Burial at the Catholic Funeral Home, for funeral service commencing at 1:30. Interment in the People's cemetery.

**BINNS** — Suddenly at the P.E.I. Hospital Saturday, April 3, 1965, Charles Binns, of 80 Rochford Street in his 73rd year. Burial at the MacLean Funeral Home, for funeral service commencing at 11 a.m. Interment in St. Peter's Anglican Church cemetery.

## THRONE SPEECH (Continued from page 1)

Some subjects were noticeably absent — last year's proposal for a department of rural development and the Liberal election promise of 10,000 university scholarships a year.

A government source said the new department no longer is a high-priority matter. Forestry Minister Sauve, who was in head it, has already taken over direction of the Agricultural Rehabilitation and Development Agency which was to be the backbone of the portfolio.

The scholarship plan has been set aside pending completion of a new study of university financing.

Other items that did get into the throne speech cover a broad range of national subjects from parliamentary procedure to Indian affairs.

**REVISE PROCEDURES**  
Proposals for a revision of Commons procedures, designed to speed the work of the house, would be made by the government. These would be based on the work already done by the special committee on procedures and the government's own study of other parliaments.

A vote on the abolition of capital punishment was forecast. A committee would be set up to study new penal reforms.

There would be a royal commission study of the desirability of creating a parliamentary commissioner or ombudsman, the subject of several private bills put before parliament in recent years.

A Science Council of Canada would be set up to work on advanced industrial technology and make industry more competitive and efficient.

An item first forecast in the 1963 throne speech but dropped in 1964 was revived.

## WEATHER

**TORONTO (CP)** — Temperatures:

	Min.	Max.

**HALIFAX (CP)** — The weather office says a weak system causing cloud over the Maritimes will move southward across the district today. Behind this system the weather will be sunny except for considerable cloud and a few snowflurries in Cape Breton. Temperatures will be generally a little colder than on Monday.

On Wednesday increasing cloudiness will occur ahead of disturbance now southwest of Lake Michigan.

Regional forecasts:  
Mainland Nova Scotia, Prince Edward Island, New Brunswick: Sunny and a little colder; north-west winds 15. Low-high at Halifax and Yarmouth 32 and 45, Kentville 30 and 45, New Glasgow and Goshen 30 and 42, Charlottetown 27 and 37, Moncton and Saint John 28 and 42, Fredericton 28 and 44, Edmundston and Campbellton 25 and 40.

Outlook for Wednesday — increasing cloudiness and little temperature change.

High tide today at Charlottetown 1.53 a.m. and 1.24 p.m. At Rustico at 8.29 a.m. and 9.57 p.m. Summerside tide eighteen minutes later than Charlottetown. Sun rises today at 6.50 a.m. and sets at 6.45 p.m.

## Announce New Healing Substance... Shrinks Piles, Checks Itch

Exclusive healing substance proven to shrink hemorrhoids... and repair damaged tissue.

A renowned research institute has found a unique healing substance with the ability to shrink hemorrhoids painlessly. It relieves itching and discomfort in minutes and speeds up healing of the injured, inflamed tissues.

One hemorrhoidal case history after another reported "very striking improvement." Pain was promptly and gently relieved... actual reduction or retraction (shrinking) took place.

Among these case histories were a variety of hemorrhoidal conditions. Relief even occurred in cases of long standing, and most important, all results were so thorough that this improvement was maintained over a period of many months.

This was accomplished with a new healing substance (Bio-Dyne) which quickly helps heal injured cells and stimulates growth of new tissue. Bio-Dyne is offered in ointment and suppository form called Preparation H.

In addition to actually shrinking hemorrhoids, Preparation H lubricates and makes elimination less painful. It helps prevent infection which is a principal cause of hemorrhoids.

Just ask your druggist for Preparation H Suppositories or Preparation H Ointment (with a special applicator).

Satisfaction guaranteed or your money refunded.
