Provinces, as the recent mission to England, by which their future condition will, no doubt, be largely affected—will undergo the most elaborate discussion. We shall endeavour to acquaint our readers with everything of interest to them that may transpire during the Canadian Session.

On the Hon. Mr. M'Gee's return from Ireland to Montreal he had an enthusiastic reception from his constituents, and an address of welcome presented to him. Our friend D'Arcy made a speech in reply, and the interesting event was commemorated by the cracking of sundry Champagne bottles. Arrangements were in progress to give the Minister of Agriculture a public dinner, at which, no doubt, he will discuss political questions, and the Confederation question especially. We shall, of course, reproduce the speech of our friend. Great are the Canucks for blending politics and festivities on a large scale.

His Excellency the Lieutenant Governor, Mrs. Dundas, and His Excellency's Private Secretary, G. D. Atkinson, Esqr., took their departure in the *Heather Belle* for Brule, *en route* for England, on Thursday morning last. Although the hour at which they sailed was a very early one, there was a large number of persons, with the Volunteer Band, on the wharf to witness their departure and bid them farewell.

The Honorable Robert Hodgson, Chief Justice, administers the Government until His Excellency's return, or until his successor be appointed. It would be difficult to find a more suitable occupant for the guberuatorial chair.

Supreme Court.—The July Term of this Court for King's County commenced at Georgetown on Tuesday last—his Lordship the Chief Justice presiding. There was only one criminal case, the trial of a man named Marter, charged with stealing an Ox. He was acquitted. There was one record case, and several small appeals disposed of; and the Court rose on Wednesday evening.

We have much pleasure to announce that our friend Thomas Kelly, Esqr., who has been for some time a practising Barrister at the New Brunswick Bar, having studied in the office of the late Solicitor General—the Hon. Charles Watters—was admitted to the Bar of this Island at the Georgetown Court, on motion of the Hon. John Longworth, Q. C. Mr. Kelly was entrusted with the management of a case shortly after his admission, and won it for his client. He is a native of this Island, and intends, we believe, to open an office in Charlottetown in October next, where, we trust, his good qualities, assiduity, and general ability will at all times procure for him a bag full of briefs.

Modern School Geography and Atlas.—This work is the first of a series of School books specially intended for the use of schools in the B. N. A. Provinces. We conceive it to be admirably adapted to the purpose for which it is intended, and cordially recommend it to the notice of teachers and others interested in the cause of Education. It is well written, and the information given is rendered in an easy, flowing style, calculated to make and leave an impression on the memory of the student. It contains nineteen full page maps, beautifully engraved and colored, and the letter press is of a very superior character. The first section of the book is devoted to the Provinces, and are most fully treated. Next in order stands Great Britain, our parent country, followed by the United States and other countries, in their proper relation. Taken altogether, we consider the book to be a most valuable acquisition to our list of school books. We would be glad to see it largely introduced into our schools, believing that it teaches Geography better and quicker than any class book at present in use. Laird & Harvie are the publishers for Prince Edward Island.

The St. Eleanor's Bazaar and Tea Party came of, as advertised, on Wednesday evening last. The attendance at this affair was far beyond what the most sanguine anticipated. It is said there were thousands of persons assembled at St. Eleanor's—indeed so great was the number, that many could not obtain admittance to the Building in which was exhibited for sale the articles collected for the Bazaar. Charlottetown and its vicinity contributed their fair quota to the number, no less than *two hundred and eighty persons* having proceeded to Summerside in the steamer *Heather Belle*. These parties landed at Summerside shortly after 12 o'clock, noon, and were at once conveyed, in carriages, to St. Eleanor's, a distance of about two miles. The rattling of carriages to and fro, from village to village, the wind blowing and dust flying, created quite a scene, and reminded one very forcibly of scenes to be witnessed occasionally in England "a coming from the Races, oh!" We regret that the cruise round in the steamer was not so pleasant as was anticipated; a smart breeze from the south-west created considerable sea, and many of the parties on board were sick. We have not heard what amount was realized at the Bazaar—no doubt a handsome sum.—*Isl.*

A general review of Capt. Holman's Company of Cavalry, and the Rifle and Artillery Companies of Capts. Morris, McIntyre, Robertson, Lawson, Wright and Kelly, under the command of Major Pollard, took place on Tuesday last, on Rotchford Square. His Excellency the Commander-in-Chief appeared on the ground a little after 3 o'clock. The men were drawn up in line, and after the customary salute, they were put through the manual and platoon exercises. Open column was then formed, and the whole body marched past the Commander-in-Chief in good style. A mock fight ensued, during which some powder was expended, but—we are happy to say—no lives lost. The men were then drawn up in hollow square, and addressed by His Excellency, who expressed the gratification he felt at the soldier-like deportment and the excellent manner in which they had acquitted themselves. He then intimated, that in consequence of his contemplated visit to his native land, he would be unable to be present at the next Rifle Shooting match, but said his friend the Chief Justice had kindly consented to discharge the duties formerly devolving upon himself in connection with these matches; and he hoped that such arrangements would be made as would prevent the necessity of detaining the competitors from their homes, in future, for a longer period than one day. Three cheers were given for Her Majesty, three for His Excellency, and three for Mrs. Dundas and the other ladies present on this occasion. The men were then marched off the ground, and shortly afterwards returned to their respective homes, thoroughly fatigued, we have no doubt, with the exercises of the day.—*Mon.*

(From the Royal Gazette Extra, July 22.)

R. Hodgson, Administrator.

Whereas the Government of this Island hath devolved upon me, agreeably to a Warrant under the Royal Sign Manual, dated at Balmoral, the Thirteenth day of September, 1859: I have, therefore, thought fit, by and with the advice of Her Majesty's Executive Council of this Island, to issue this Proclamation, hereby requiring and commanding all Officers, Civil and Military, in this Government, to continue in the regular and due execution of the Duties and Powers of their respective Offices. And I do further require and command all and singular Her Majesty's Officers, Ministers, and loving subjects of this Island, and all others whom it may concern, to take due notice hereof, and to give their ready obedience accordingly. Given under my hand and the Great Seal of this Island, at Charlottetown, this twenty-first day of July, in the year of our Lord one thousand eight hundred and sixty-five, and in the twenty ninth year of Her Majesty's reign.

By command, W. H. Pope, Col. Secretary.

Colonial Secretary's Office, 21st July, 1865.—His Honor the Administrator of the Government has been pleased to appoint R. R. Hodgson, Esq., Private Secretary. W. H. Pope, Col. Sec'y.

Notice.—His Honor the Administrator of the Government will transact Public Business, at Government House, on the usual business days, from 11 o'clock, a. m., to ½ after 1 o'clock, p. m.
R. R. Hodgson, Private Secretary.
Government House, July 21st, 1865.

Colonial Secretary's Office, July 21st, 1865.—James Laird, of New Glasgow Mills, Esquire, one of Her Majesty's Justices of the Peace for Queen's County, having recently publicly aided and assisted a certain association, known as the Tenant Union, or Tenant League, contrary to the Proclamation of His Excellency George Dundas, Esquire, Lieutenant Governor of this Island, dated 22nd March, 1865, His Honor the Administrator of the Government, by and with the advice of Her Majesty's Executive Council, was this day pleased to direct that the name of the said James Laird be removed from the Commission of the Peace. W. H. Pope, Col. Sec'y.

LATEST NEWS FROM EUROPE.

ARRIVAL OF THE STEAMSHIP *AFRICA* AT HALIFAX.

The R. M. S. *Africa* arrived at Halifax from Liverpool and Queenstown on Wednesday afternoon last. Her latest dates are to the 8th instant, from which we glean the following news.

GREAT BRITAIN.

Parliament was dissolved on the 6th inst. Since the Reform Act no Parliament has had such a lengthened existence. The Queen in her prorogation speech rejoices at the termination of the civil war in America. She regrets that the Confederation scheme in British America was not carried out, believing that it would give the Provinces additional strength, and lead to many improvements. She expressed gratification at the assurances of loyalty from the Provinces.

The elections in all parts of the mother country principally engross attention.

Lord Cranworth has been appointed new Lord Chancellor, his predecessor having resigned on a vote of censure by the House of Commons.

Lord Derby has considerably damaged his party by his offensive expressions in his speech on the Roman Catholic Oath Bill. He is likely to lose many friends in Ireland in consequence.

The trial of Dr. Pritchard, of Glasgow, at Edinburgh, for the murder of his wife and mother-in-law, by poison, is concluded. The jury found a verdict of guilty. The prisoner was sentenced to be hung at Glasgow on the 28th inst.

The anniversary of American Independence was celebrated by the Americans in London. About 200 ladies and gentlemen sat down to dinner at Willis's Rooms, the Hall being decorated with English and American flags. The Hon. F. H. Morse, American Consul, presided. The celebration passed off with great eclat. The day was also celebrated in Paris.

In London sugar was in good demand, and prices 1s. above last week; at auction Barbadoes brought 30s to 25s 6d, and grainy Demerara 32s to 37s, refined a fair business; brown lumps 42s 6d.

The French steamer *Lafayette*, which arrived on the 5th at Breston from New York, brought 43 men, saved from the boats of the ship *Wm. Nelson*, from Antwerp, burned at sea.

FRANCE.

Marseilles, July 7.—A railway accident took place, between Lyons and Marseilles. Three persons were killed and 20 wounded. An investigation has been commenced by the authorities.

Paris, July 5.—The *Patrie* says:—"The Queen of Spain has received an autograph letter from the Pope respecting the recognition of Italy. The letter contains nothing unfavourable to the project of recognition. His Holiness trusts that Spain will continue to protect the exalted and permanent interests of Catholicism."

SPAIN.

Madrid, July 6.—This evening in the Congress Senor Noeda, supported a proposition against the recognition of Italy. The Minister of Foreign Affairs stated that the Government could not take part in the debate, on account of certain negociations now pending between Italy and other powers.

AUSTRIA.

Vienna, July 1.—In military circles it is positively asserted that a cabinet order has been issued to place the entire army on a peace footing. It is also stated that proposals are entertained for other reductions of the public expenditure.

ITALY.

Florence, June 30, Evening.—The *Nazione* of this evening declares the news of the *Opinione* respecting the negociations with Rome to be inexact, and says it is true that the Pope rejected the proposal for the bishops to take the oath of allegiance, but it is not correct that his Holiness consented to order the Bishops to promise obedience to the laws and the state. Rome has made no counter proposals.

TURKEY.

Paris, July 4.—The *Patrie* publishes a despatch from Constantinople stating that about sixty Servians had attacked, near the village of Mezach, on the frontier of Servia, a party of Albanians, men and children, while pasturing their flocks. There were several killed and wounded.

Marseilles, July 6.—Letters received from Constantinople to the 28th ult., state that the Sultan had been ill of cerebal congestion, but was then out of danger. The Pacha of Egypt had been received with great honors. It was asserted that the Porte had conferred upon him the government and possession of the African coast of the Red Sea.

GREAT HURRICANE AT THE CAPE OF GOOD HOPE.

Alexandria, July 6.—Intelligence has arrived here of a fearful hurricane at the Cape of Good Hope on the 15th May. The English mail steamer "Athens," from the Cape to the Mauritius, was totally lost. Seventeen other vessels were also wrecked.

The *Shipping Gazette* says seventy lives were lost by shipwreck during the hurricane in Table Bay, May 18th.

THE CHOLERA AT ALEXANDRIA.

The Trieste papers publish advices from Alexandria, stating that there were 214 cases of cholera on the 28th June, and at Cairo 70 cases. The epidemic was considered to be assuming a less alarming character.

NEWFOUNDLAND.

We learn from the Halifax 'Sun' of the 18th, that the R. M. S. 'Alpha' arrived at Halifax on the Saturday previous, the 15th, with St. John's dates to the 11th. The St. John's 'Day Book' of the 1st instant contains particulars of loss by fire of the passenger ship 'William Nelson' from Antwerp to New York. Our telegrams have already noticed the fact; but we give a summary of the dreadful catastrophe in as few words as possible. The fearful narration chronicled in the 'Day Book' of the barque 'Meteur,' Capt. Hart, from Acquadilla, P. R., to Queenstown, from an account by some of the survivors whom he picked up floating on pieces of wreck, on June 28th, lat. 4.58, long. 51.48. It appears that the Captain of the 'Nelson' in order to fumigate his ship directed that a pot of pitch should be placed below the passenger deck. Several pieces of red-hot iron were then thrown in, when the inflamable mass immediately took fire, overflowed, and soon the vessel was in a blaze. The scene was horrible. The frantic passengers rushed with wild screams from one end of the doomed ship to the other, crying for that help which no human hand could give. Mothers in mortal agony cast their infants into the sea with one last effort, and sank back into the flames. Some had placed their children in the "channels" as a place of safety for a while, but the fire bursting through the sides of the vessel, instantly consumed them. It is stated that the Captain, seeing that the vessel could not be saved, with his crew and cabin passengers, took the boats, and left the rest to their dreadful fate.

Captain Hart rescued in all about 30; and seeing another ship near, seemingly looking for the wrecked people, and having already as many as he could feed, bore up for St. John's and landed them. It is to be hoped that many more may have been saved from this catasthrope, which may be ranked among those extra horrors which startle humanity from time to time.

We are glad to learn that upon the whole the fisheries promise better than for the past few years. Placentia Bay fishery is the only drawback at present to the favourable prospects; but we hope even this will be removed.

NOVA SCOTIA

A fire, which at one time threatened very serious consequences, broke out on Monday night 17th inst. in a barn owned by Dr. Tupper, in rear of his dwelling in Hollis street, Halifax, but occupied as a stable by Mr. W. Sullivan and Mr. Howley. The flames rose fiercely for a time, and had made considerable headway before the firemen got the streams from the plugs to bear; this once accomplished the fire was speedily overcome. Dr. Tupper's barn was destroyed, and a large store and a barn, owned by W. M. Harrington, Esq, badly injured. There were the usual bursting of hose, and crowding of idlers in the way of the firemen, things which should be guarded against. The U. P. Company were on hand, ready for action, and very promptly saved a quantity of wearing apparel in the upper part of the store. We have not learned how the fire originated.—*Halifax Sun.*

Canadian Securities.—The publication of the agreement between the British and Canadian Government was immediately followed by an advance in Canadian securities. They are now close to par, having risen fully ten per cent in a few days.

The Richmond Commercial Bulletin makes the singular statement that Mr. Bennett at one time during the war offered to sell the influence of the New York *Herald* to the Southern Confederacy, and fixed fifty thousand pounds sterling as the price.

Holloway's Pills and Ointment.—In angry or indolent sores, and all skin diseases originating in impure or weak blood, or depraved secretions, the joint agency of Holloway's Pills and Ointment is perfectly irresistible. It is of little consequence how long these disorders may have lasted, or how sluggish, or obstinate, or malignant they may seem, the daily application of the Ointment to the parts affected, and a course of these matchless Pills, will most certainly effect a cure, not temporary or superficial but complete and permanent. Both the Ointment and Pills are composed of rare balsams, unmixed with mercury or any deleterious substance. They are, accordingly, as mild and safe as they are powerful and efficacious.

Throat Affections and Hoarseness.—All suffering from *Irritation of the throat and Hoarseness* will be agreeably surprised at the almost immediate relief afforded by the use of "*Brown's Bronchial Troches.*" The demulcent ingredients allay pulmonary irritation, and after public speaking or singing, when the throat is wearied and weakened by too much exercise, their use will give renewed strength to the vocal organs.

Renewed His Age.—The most wonderful results are produced by the use of Mrs. S. A. Allen's World's Hair Restorer and Zylobalzamum, or Hair Dressing. They never fail to restore, invigorate and beautify the hair; youth renewed. No more gray hairs. The hair is restored on bald spots. It imparts a most delightful fragrance. You can procure them at any Druggist's.

A Thing of Beauty is a Joy Forever.—Who can be beautiful with a sickly pale complexion? Keep the pores of the skin free, and the blood pure, and your cheeks will vie with the Rose and Lily. The skin is formed with thousands of pores in every inch of surface, whose office it is to carry off the impurities of the blood—the acknowledged cause of all disease of mankind. When the skin is dry and parched—when it is cold and clammy—when there is inward fever or inflammation—it is impossible for the skin, under these circumstances, to perform its proper functions, and to carry off the impurities from the body as designed by our Creator. JUDSON'S MOUNTAIN HERB PILLS remove these obstructions, and produce free and healthy blood, remove the eruptions from the skin, and cause it to brighten with the flush of youth and beauty. Beauty so much admired and loved. Beauty without paint and cosmetics; but beauty produced by health and happiness. Judson's Mountain Herb Pills are sold by all Medicine Dealers.

Ayer's Cathartic Pills

Are the most perfect purgative which we are able to produce, or which, we think, has ever yet been made by any body. Their effects have abundantly shown to the community how much they excel the ordinary medicines in use. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart a healthy tone with strength to the whole system. Not only do they cure the every day complaints of everybody, but also formidable and dangerous diseases. While they produce powerful effects, they are at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugar-coated, they are pleasant to take; and, being purely vegetable, are free from any risk of harm. Cures have been made which surpass belief, were they not substantiated by men of such exalted position and character as to forbid the suspicion of untruth. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of our remedies, while others have sent us the assurance of their conviction that our Preparations contribute immensely to the relief of our afflicted suffering fellow men.

The Agents below named are pleased to furnish gratis our American Almanac, containing directions for the use, and certificates of their cures, of the following complaints:—

Costiveness, Bilious Complaints, Rheumatism, Dropsy, Heartburn, Headache arising from foul stomach, Nausea, Indigestion, Morbid Inaction of the Bowels and Pain arising therefrom, Flatulency, Loss of Appetite, all Diseases which require an evacuant medicine. They also, by purifyng the blood and stimulating the system, cure many complaints which it would not be supposed they could reach, such as Deafness, Partial Blindness, Neuralgia and Nervous Irritability, Derangements of the Liver and Kidneys, Gout, and other kindred complaints arising from a low state of the body, or obstructions of its functions.

Do not be put off by unprincipled dealers with other preparations which they make more profit on. Demand Ayer's and take no others. The sick want the best aid there is for them, and they should have it.

Prepared by DR. J. C. AYER & Co. Lowell, Mass. and sold by Geo A. Bayard, St John, N. B.; Avery Brown & Co. Halifax, N. S.; and by W. R. Watson, Ch'town, P. E. I.

T
TEA TIME.

Come Lucy, put the kettle on,
I'm thirsty as can be,
And nothing do I dote upon
So much as Bell's famed Tea.
It cheers, revives, and freshens me,
These sultry summer days,
And dearly do I like to see,
My Caddy full always.
But now I find 'tis running low,
And therefore bye and by,
To Bell's pray do not fail to go,
And get a fresh supply.
And as the price of Bell's famed Tea
Has lately been reduced,
Of course we very soon shall see,
Much benefit produced.
For a trifle less in every pound,
Which we are wont to buy,
Will save before the year comes round,
A dress for you and I.
