# FORA Officer Declares New Defence Systems Needed

OTTAWA (CP)—RCAF Air Marshal Roy Stemon, deputy chief of North American Defence Command, says new defence systems are needed to put a solid roof on our house. "We need to create systems which will fill out our initial warning and defence capability against the missile threat," he says. "And beyond this we need it to be able to identify, track, to identify and to intercept in space those vehicles which could be launched against us with hostile intent."

Stemon also pointed out in a speech made by Air Marshal Stemon recently at Las Vegas, Nev. The test has just been made available here. "The Soviet Union has the po-

tential for creating offensive military systems for use in space." Air Marshal Stemon said, referring to the orbital flights which carried Andrian Nikolayev and Pavel Popovich into space.

## Boy Is Injured By Mortar Bomb

HALIFAX (CP)—Army experts here are examining the fragments of a mortar bomb which exploded in the hands of a nine-year-old Halifax boy blowing off the forefinger of his right hand and the tips of three other fingers.

The youngster, Morgan King, apparently is a victim of a fire-cracker into an opening in a mortar bomb which he found earlier. Earlier examination of the fragments of the bomb revealed that although the detonator had been removed, some explosive powder or part of the fuse remained.

## Hurricane Ella Picks Up Power

CAPE HATTERAS, N.C. (AP)—Hurricane Ella is picking up power and intensity. It resumed a slow and massive northwesterly course which will see its chief thrust to shipping lanes.

The highest inland winds were clocked at up to 120 miles an hour and the U.S. weather bureau is predicting that the ponderous storm was intensifying.

## Measure in Farm Credit Sparks Spat In Commons

OTTAWA (CP)—The Commons approved the government's November allowance of \$20,000,000 for farm credit.

The Commons also heard indications that another political row is shaping on the handling of measures proposed in the April 10 budget but still to be approved.

## Britain, U.S. Tall Limited Ban On Tests

UNITED NATIONS (CP)—Thirty countries Friday called for an end to all nuclear testing by Jan. 1. The United States and Britain quickly agreed with a proposal for a limited ban.

The resolution, which has drawn a steady parade of Communist and socialist support, was not passed. Mr. Argue said the Liberals want a committee to study the matter and then withdrew the unanimous consent request. It will come up again sometime next week.
