Opens Wednesday At Fox Pavilion Exhibition Grounds

The 4th P. E. I. Trade and Industries Fair will open Wednesday evening, October 22nd, at the Fox Show Building at the Exhibition Grounds. Sponsored by the Y's Men's Club through the co-operation of the Provincial Exhibition Association, it will run for four nights and promises to be on a bigger and better scale than ever.

to all and a program of entertainment. There will be exhibits of interest that should provide fun and frolic for the whole family.

A display along the lines of one which won popular approval last year will be the Wild Life Exhibit of native animals. Also on show will be what is advertised as the "biggest pumpkin in P. E. I.". A special province-wide contest to choose the champion potato grower will be staged and the crowning of the Potato King will highlight the Saturday night program.

The provincial championship fiddlin' and step-dancing events would prove big attractions, while square dancing, enjoying an ever-increasing following will be held each night, as well as a square dancing competition on Friday night. This should prove a popular innovation to the program. In the entertainment line too, will be the Special Scotch Night Musical, and the Comedy hits from the Y's Men's Show. There will be a special door prize each night plus a big Grand Prize.

The Fair will be opened by His Honour Lt. Governor T. W. L. Prowse. Also in attendance will be Hon. C. C. Baker, minister of Agriculture, and the Hon. Eugene Cullen, minister of Industries and Natural Resources.

In staging the show the Y's Men are endeavouring to perform a service to the Province in promoting interest in Island produced products. Funds raised by this means are turned back into the community and help finance the Holland Cove Camp and Y. M. C. A. Government Departments co-operating include, the Department of Agriculture and the Department of Industry and Natural Resources. The former is donating the championship prize in the potato competition and the latter promoting the Wild Life Booth.

In addition to the above among the exhibitors this year are, Department of Health, Federation of Agriculture, Clarke Fruit Co. Ltd., and Reeves, Sydney T. Green and Co., Life Underwriters, L. M. Poole and Company, Maritime Central Airways, Bryenton and MacKay (Firestone), Central Creameries, Island Propane Gas Ltd. and Island Radio Centre.
