

"I'm glad you young people have seen fit to protest nonviolently. It shows you're civilized. Now get out." Playboy cartoon

Residence Rules Confusing - Say Students

By Dennis MacKay

Recently students in all the residences voted to have open residences, but disagreed as to the hours. Dave Curley, Chairman of the Memorial Residence Council, commenting on the move towards open residences, said "I am getting pissed off that it is taking so long to get some action." He went on to say that all residence councils had formulated resolutions requesting that on certain hours members of the opposite sexes would be allowed in the residences. These resolutions were then passed on to Jim Griffith who combined all the resolutions into one, and passed it on to President Baker. Dave said that he did not think that Griffith contacted the residence councils before passing the resolution on to President Baker. "At least he did not contact me". Griffith said he did not meet formally again with the residence councils but he did mention it to all people on residence councils". He referred to the resolutions handed in by the girls' residences going back to the girls because he said "They were all mixed up over the hours."

Mr. Baker was called by THE CADRE and said that the question was discussed at the last meeting of the Board of Governors. Discussion centred around the question of whose jurisdiction was involved in the matter. Baker said that "it was somewhat of an equivocal matter concerning the Senate and Board. There are clauses in the Act allowing both to make decisions for the "good of the university".

Dean Stewart moved that the question be referred to the Senate. Mr. O'Connell then moved an amendment to this motion which would allow the Senate to discuss the question, but to take no action until the Board had made its decision. The motion and amendment were passed 7-5 by the Board. Incidentally, one of the student representatives on the Board was not present at the meeting which made this decision. The question will be discussed at the next Senate meeting on November 12 and the next meeting of the Board on November 24. So, residence dwellers, that's where you are at!

200 G's For Jock Budget?

By Dennis MacKay

Rumor had it that the Athletic Department was to get about 200 grand for a budget next year. In our continuing attempt to find the facts, the CADRE has come up with the following report.

According to Mr. Baker, the Board of Governors has not considered any individual budgets. The Deans and heads of departments has been asked to come up with

a set of estimates for the various departments, the total not being more than five million dollars. As yet the Board does not know how much money it will have to work with. No Commitment has been made to any departmental budget yet. Mr. Hilton, when phoned about the rumored budget of two hundred thousand, said "I did not realize we had asked for this much". He was then asked how much the department's budget was. He said he did not have the figures and did not wish to give an estimate.

(Editor's note: We hope to have more information concerning budgets next week.)

Price Reduction For Class Rings

John Keaveny, acting as agent of the Senior class, negotiated with the Prestige Ware of Canada Company for our university rings. Originally, the prices set were \$41.00 plus 11% federal tax plus 7% provincial tax for large men's rings, and \$28.00 plus the same rate of tax for them women's. They did not offer a small men's size.

The students felt that their prices were high and that they would like a smaller men's size, so Keaveny tried negotiating with the Charlottetown jewellers. These

companies would fulfill the required conditions but would not allow the rings to be seen until the deal was closed. So that was out.

The Prestige Ware Company still wanted our business, so they finally agreed to our conditions. Now a large men's ring is \$41.00 plus 7% sales tax, a small men's ring is \$36.00, and a woman's is \$30.00. This is a considerable reduction in price from last year, approximately \$4.00.

Orders for the rings will be taken on November 14.

Students Turned Away From Council Executive Meeting

Upwards of 100 students were turned away from the last Student Union executive meeting. The 250 students who did attend this meeting voted over 4 to 1 to adopt a system of tickets for Council, Senate and Board meetings.

Anyone wishing to attend future meetings should obtain their free ticket at the Student Union Building at 285 Kent Street, or from any executive member. People who cannot get into the meetings will be able to hear the proceedings through a sound

system outside the meeting room.

In future all Council meetings will be held in either the Duffy amphitheatre or the MacKinnon lecture theatre.

Council President John Keaveny remarked "Never have I seen people more interested and concerned than these participants were."

The next Council meeting will be held on Monday, November 10, at 7:00 in Duffy. It is the first for the new Council.

CALL'EM

By M. McGaughey

We all were extremely grieved to learn of the sad passing away of our dear friend and comrade Ap. Athy. The shocking news of this untimely death came as we were visualizing empty ballot boxes.

Mr. Athy, a long-time resident of Prince Edward Island, had only recently returned to the Maritimes from an extended summer holiday in Ottawa where, "Ap." as he was fondly known to the Prime Minister, had been a special guest of the federal government.

During his years on P.E.I. where he was particularly active in politics, Ap. Athy had built a considerable following and was expected by non-voters and politicians alike to play a significant role in upcoming provincial and federal elections. A prominent scholar, Mr. Athy attended various Island high schools as well as both the former Prince of Wales College and the former Saint Dunstan's University where he took his M.D.D. (Master of Dissident Disinterest) degree.

According to I. M. Balm,

the prominent mortician, the cause of death was "extreme lack of interest" compounded in the latter stages by acute "Idongive-adamnitiss".

Burial will take place on December 7, 1984 leaving the Provincial Building at an hour to be specified later.

Sadly missed and mourned by his disciples Alex and Pierre.

LATE BULLETIN C.P.S. (Cadre Press Syndicate)

Contrary to popular rumors currently circulating throughout the nation, The Cadre has just learned that Ap. Athy is not dead. According to reliable sources Ap. Athy is alive and flourishing on U.P.E.I. Our latest reports have Mr. Athy running rampant in the vicinity of the Student Union Offices and the Downtown Campus.

Due to a rash outbreak of the dreaded epidemic "Icouldntcarelessis" our sources are unavailable for comment at this time.

More on this story as it develops.
